

MEDICAL CHARITIES, IRELAND.

SECOND ANNUAL REPORT

OF

THE COMMISSIONERS

FOR

ADMINISTERING THE LAWS FOR RELIEF OF
THE POOR IN IRELAND,

UNDER THE

MEDICAL CHARITIES ACT, 14 & 15 VICT., CAP. 68.

Presented to both Houses of Parliament by Command of Her Majesty.

DUBLIN:

PRINTED BY ALEX. THOM & SONS, 87, ABBEY-STREET,
FOR HER MAJESTY'S STATIONERY OFFICE.

[1759]

1854.

TABLE OF CONTENTS.

REPORT.

	Page
AMOUNT of <i>Medical Relief</i> afforded under the Dispensaries Act, . . .	1
Summary of Number of Cases in the period ended 30th September, 1852, and in the year ended 30th September, 1853, . . .	1
<i>Expenses of Dispensary Relief</i> , . . .	2
Amount of estimate of Annual Expense in last Annual Report, and estimated Poundage, . . .	2
Actual Expenses of year ended 30th Sept., 1852, and Poundage, . . .	2, 3
Expenses less than Estimate; amount of difference, . . .	3
Poundage Rate of Annual Expenses; table showing the maximum, minimum, and average Poundage in the several Provinces, . . .	3
<i>Committees of Management</i> of Dispensary Districts; their constitution, number of Members, &c., . . .	3, 4
Suggestions to Boards of Guardians in regard to the selection of Members of Dispensary Committees and Wardens, . . .	4
<i>Medical Officers</i> of Dispensaries; provision for the performance of the duties of the Medical Officer, in case of his disability from illness or other cause, . . .	4
<i>Dispensary Regulations</i> , revision thereof; General Order containing amended Regulations, . . .	5
<i>Vaccination</i> : in some Districts successfully practised, in others little or no Vaccination, . . .	5
Inoculation and Small Pox prevalent in some Districts, . . .	5
Prejudice amongst the lower classes in some Districts in favour of Inoculation, . . .	5
Steps taken to promote Vaccination, and repress Inoculation, . . .	5, 6
<i>Hospital Relief</i> .—Inquiry into County Infirmaries, Fever Hospitals, &c., supported by public funds, . . .	6
Classes and number of Institutions by which Hospital Relief is afforded, . . .	6, 7
General result of the Inquiry respecting the County Infirmaries and Grand Jury Fever Hospitals; advantages of, and objections to the existing institutions, . . .	7
<i>Maps</i> : No. I. showing the localities of the several Infirmaries and Fever Hospitals under the Grand Jury and Poor Law Acts, and the Unions in which they are situated, . . .	7
No. II. showing the Districts to which the benefits of the County Infirmaries and Fever Hospitals extend, and the portions of Counties deriving little or no practical benefit from them, . . .	8
<i>County Infirmaries</i> .—Proportion of Patients admitted from localities within and beyond ten miles from the Institution, . . .	8
Proportion of the country within and beyond the range of their benefits; Map, . . .	8
Income of the County Infirmaries, and inequalities therein, . . .	8, 9
Extent of Infirmary Accommodation; its inadequacy, . . .	9
Localities and distribution of the Institutions, inconveniences of, . . .	8, 9
Differences in the circumstances of the several Institutions in these and other respects, and absence of uniformity in their arrangements and management, . . .	9
Disproportion of Accommodation in reference to Population and Area of Counties, . . .	9, 10
Differences in the nature of Relief afforded, . . .	10

	Page
Disproportion in regard to Income, ...	10
Differences in cost per head of Patients, in numbers of Attendants, in Dietaries, expenses of Medicines, &c., ...	10
Records of Cases Relieved, variable and defective, ...	10
<i>Fever Hospitals</i> under Grand Jury Act; open to similar objections, and with greater force, ...	10
Proportion of the country within and beyond their benefits; Map, . 8,	11
Disproportion of Fever Hospital Accommodation in different parts of the country, ...	11
Anomalies of existing system; Area of Taxation, and course of altera- tion suggested, ...	11
County Infirmaries the same in number as originally; but changes in regard to Fever Hospitals during the last ten years, ...	11, 12
Numbers of Fever Hospitals under Grand Jury Act, and numbers under the Poor Law Act; progressive decrease of the former, and increase of the latter, ...	12
Localities unfairly taxed for Institutions from which they derive no benefit, ...	13
Class of Persons not contemplated by the Poor Law, admitted into Workhouse Infirmaries, for the sake of medical treatment therein, . . .	13
Localities taxed both for Workhouse Infirmaries and Fever Hospi- tals, and for County Infirmaries and Fever Hospitals, ...	13
<i>Recommendations</i> , ...	13, 15
Unions to be made the area of taxation, and provision of additional Hospital Accommodation or Surgical Wards, where necessary, ...	13
Cessation of Contribution in any Union to County Cess for Hospi- tals, on completion of arrangements in the Union, ...	14
Reservation in regard to existing County Infirmaries, and power to send Patients from one Union to another for Hospital treatment, on payment for same, ...	14
Admission to extend to poor persons, and not to be confined to des- titute poor, ...	14
Separate Registration of Patients, not being paupers or destitute poor persons, who may be admitted on paying a proportion of their cost, . .	14
Considerations in connexion with Medical Schools in large towns, . .	15
Legislation recommended, ...	15
<i>Cholera</i> .—Proceedings in Autumn of 1852 and of 1853, ...	15
Instructions issued in 1852 re-issued in Autumn of 1853, ...	15
Order in Council, and Directions and Regulations in pursuance thereof, in September, 1853, ...	15, 16
Circulars of Instructions issued in regard to sanitary precautions, . .	16
Order providing for the Treatment of persons affected by, or threat- ened with Cholera, ...	16
Unions to which the Cholera Order has been issued, and dates, ...	16
Summary of Returns of Cholera Cases treated under such Orders, . . .	16
Circumstances connected with the appearance of Cholera on board Emigrant Ships which put into Belfast and Cork harbours, ...	16, 17
Instructions to Medical Officers throughout Ireland to report any case of Asiatic Cholera that may hereafter come under their notice, .	18

APPENDIX.

APPENDIX (A).—ORDERS, CIRCULARS OF INSTRUCTIONS, &c., ISSUED UNDER THE MEDICAL CHARITIES ACT OF 1851, (14 & 15 VIC., c. 68.)

I.—DISPENSARY PROCEEDINGS.

	Page
No. 1.—Instructions to Medical Inspectors as to the Conduct of Inquiries into Charges against Officers, &c., 8th Jan., 1853, Enclosure.—Instructions to Poor Law Inspectors referred to in foregoing (No. 1), ... 7th January, 1853,	19
No. 2.—Annual Appointment of Dispensary Committees, and of Wardens:—Circular to Boards of Guardians, 26th March, 1853, Appointment of Wardens:—Enclosure referred to in foregoing Circular (No. 2), ... 30th March, 1852,	23
No. 3.—Substitute for Medical Officer in case of his Disability, from Illness, &c.:—Circular to Committees of Management of Dispensary Districts, ... 3rd June, 1853,	26
No. 4.—Substitute for Medical Officer in case of his Disability:—Circular to Boards of Guardians, enclosing copy of foregoing Circular to Dispensary Committees (No. 3), 3rd June, 1853,	27
No. 5.—Vaccination and Notification of Dispensary Arrangements:—Circular to Dispensary Committees and Medical Officers, with Forms of Notifications, ... 11th July, 1853,	28
No. 6.—Vaccination and Notification of Dispensary Arrangements:—Circular to Boards of Guardians, accompanying Copy of foregoing Circular (No. 5), ... 12th July, 1853,	28
No. 7.—Notification to Persons authorized to issue Relief Tickets, on Expiration of their Term of Office:—Circular to Clerks of Unions, ... 13th July, 1853,	33
No. 8.—Invoices of Medicines, &c., supplied to Dispensaries:—Circular to Clerks of Unions, ... 26th July, 1853,	34
No. 9.—General Order containing revised General Rules and Regulations for the Government of Dispensary Districts, and for the Guidance and Control of the Guardians of Unions, and of the Committees of Management and Officers of Dispensary Districts, ... 16th December, 1853,	35
Schedule:—Names of Unions to which this Order applies, ...	43
<i>Forms referred to in this Order, for use by Clerks of Unions,</i>	44–46
Form No. 1.—Annual Return of Committees of Management of Dispensary Districts in the Union, ...	44
Form No. 2.—Return of [a Member or Members] of the Committee of Management of a Dispensary District, to supply [a Vacancy or Vacancies], ...	44
Form No. 3.—Notice to be given by the Clerk of the Union to each Member of every Dispensary Committee on the Annual Completion of the Committees, ...	45
Form No. 4.—Notice to be given to a Rate-payer elected by the Guardians to supply a Vacancy in a Dispensary Committee, ...	45
Form No. 5.—List of the Dispensary Committee, and of the Relieving Officers and Wardens acting for the District, (for transmission to Medical Officer and Committee), ...	46
Form No. 6.—Notice by Clerk of Union to a Member of a Dispensary Committee, or Warden, on the Expiration of his term of Office, in case he be not re-appointed, ...	46
<i>Forms for use by Officers of Dispensary Districts,</i>	46–56
Form A.—Requisition for an Extraordinary Meeting of Dispensary Committee, ...	46
Form B.—Notice by the Secretary or Assistant Secretary, convening an Extraordinary Meeting of Dispensary Committee, ...	47

	Page
Form C.—Notice of Change of Time or Place of Meeting of Dispensary Committee, . . .	47
Form D.—Notice of an Adjourned Meeting of Committee, . . .	47
Forms E 1 & 2.—Medical Relief Ticket Check Books, . . .	48, 49
Form E 1.—Ticket for Attendance at Dispensary, . . .	48
Form E 2.—Ticket for Attendance at the Patient's Home, . . .	49
Directions for Printing and filling up Medical Relief Tickets, . . .	50
Form F.—Medical Relief Register, . . .	51
Directions for filling up the Medical Relief Register, . . .	51
Form G.—Attendance and Prescription Book, . . .	52
Instructions as to Attendance and Prescription Book, . . .	52
Form H.—Vaccination Register, . . .	52
Instructions for filling up Vaccination Register, . . .	52
Form I.—Medical Officer's Report Book, . . .	53
Form K.—Bridewell Account:—Medical Officer's Account of Medicines supplied to Prisoners and Inmates in any Bridewell or House of Correction in the Dispensary District, . . .	53

Instructions as to the Medical Officer's Return (Form L), . . .	53
Forms M 1 & 2.—Estimate and Requisition for Medicines, &c., . . .	54
Form M 1.—Estimate of Medicines, &c., required, . . .	54
Form M 2.—Requisition to Guardians, with Estimate, . . .	54
Form N.—Public Notice of Dispensary Arrangements, for Posting up at each Dispensary, and other places in the Districts, . . .	55
Form O.—Form for a Board or Inscription to be placed on the Exterior of each Dispensary, . . .	56
No. 10.—Circular of Instructions to Medical Officers of Dispensaries, accompanying the General Regulations, 22nd Dec., 1853, . . .	56
No. 11.—Circular of Instructions to Dispensary Committees, accompanying the General Regulations, 22nd December, 1853, . . .	62
No. 12.—Circular to Boards of Guardians, accompanying the foregoing General Regulations, . . . 22nd December, 1853, . . .	66
No. 13.—Appointment of a Medical Officer by Dispensary Committee:—Form of Letter to Committee, containing Inquiries previous to the Commissioners' Approval of the Appointment, . . .	69
No. 14.—Appointment of a Medical Officer by Dispensary Committee:—Form of Queries in reference to such Appointment, . . .	69
No. 15.—Periodical Returns of Medical Officers of Dispensary Districts;—Circular to Medical Officers, 28th January, 1854, . . .	71
Enc. 1.—Extract from General Order of 16th Dec., 1853,—“Instructions as to the Medical Officer's Return (Form L.)” . . .	72
Enclosure 2.—(Form L), Medical Officer's Monthly Return, . . .	73

II. CHOLERA AND SANITARY PRECAUTIONS.

No. 16.—Nuisances Removal and Diseases Prevention Acts:—Circular to Boards of Guardians, . . . 15th September, 1853, . . .	74
No. 17.—Removal of Nuisances, &c.:—Circular to Boards of Guardians re-issued with the foregoing, . . . 19th October, 1852, . . .	74
No. 18.—Removal of Nuisances, &c.:—General Order of 17th September, 1853, containing Directions and Regulations under the Nuisances Removal and Diseases Prevention Act of 1848, section 10, and Medical Charities Act, section 19, . . .	78
No. 19.—Removal of Nuisances, &c.:—Circular to Boards of Guardians, accompanying the foregoing Directions and Regulations, (No. 18), . . . 21st September, 1853, . . .	80
No. 20.—Sanitary Precautions:—Circular to Boards of Guardians, as to the assistance of the Constabulary in proceedings for the abatement of Nuisances, &c., . . . 24th September, 1853, . . .	81
No. 21.—Cholera and Sanitary Precautions:—Further Circular to Guardians of Unions in Ireland, . . . 30th September, 1853, . . .	82
Notice to Householders and others in each District, . . .	83
No. 22.—Removal of Nuisances, &c.:—Circular to Guardians; with Forms for use in proceedings under the Nuisances Removal and Diseases Prevention Acts, . . . 5th October, 1853, . . .	85

	Page
No. 23.—Forms (Nos. 1 A, 1 B, 1 C, No. 2, and No. 3) referred to in Circulars of 5 and 12 Oct., 1853 (No. 22, and Nos. 24, 25),	87-91
No. 1 A.—Certificate of Medical or Relieving Officer, under section 6 of the Nuisances Removal and Diseases Prevention Amendment Act, 1849, (12 & 13 Vict., c. 111),	87
No. 1 B.—Certificate of Two Constables under section 6 of the Nuisances Removal and Diseases Prevention Amendment Act, 1849, (12 & 13 Vic., c. 111),	88
No. 1 C.—Notice by two Householders under section 1 of the Nuisances Removal and Diseases Prevention Act, 1848 (11 & 12 Vic., c. 123),	89
No. 2.—Notice to Owner or Occupier, before proceeding by Summons,	90
No. 3.—Notice to Occupier, previous to Removal of Nuisance by the Guardians,	91
No. 24.—Removal of Nuisances, and Constitution of Sanitary Committees:—Further Circular to Boards of Guardians of the several Unions in Ireland, 12th October, 1853,	92
No. 25.—Removal of Nuisances, and Sanitary Precautions:—Circular of Instructions to Committees of Dispensary Districts in the several Unions in Ireland, 12th October, 1853,	94
No. 26.—Sanitary Proceedings:—Further Circular as to the Assistance of the Constabulary in Certifying the existence of Nuisances, and Serving Notices thereof on Owners or Occupiers of the Premises, 25th November, 1853,	96
No. 27.—Cholera Order:—Form of Order issued on the appearance of Cholera in any Union,	97
List of Unions to which the Order has been issued, with the dates of such Orders,	97
Forms annexed, and referred to in foregoing Order,	99, 100
Form A.—Medical Officer's Daily Return of Cases of Cholera and Diarrhœa in each District,	99
Form B.—Clerk's Weekly Summary of Medical Officers' Returns of Cases of Cholera and Diarrhœa, in the several Districts in the Union,	100
Form of Public Notice of Cholera Arrangements for each District,	100
No. 28.—Cholera:—Form of Instructional Letter to Board of Guardians, accompanying the Cholera Order (No. 27),	101
No. 29.—Cholera:—Form of Letter of Instructions to the Dispensary Committees in any Union to which the Cholera Order is transmitted, accompanying the Order (No. 27),	103
No. 30.—Cholera:—Form of Letter of Instructions to the Medical Officers of Dispensary Districts in any Union to which the Cholera Order is issued, accompanying the Order (No. 27),	105
No. 31.—Cholera:—Notifications of the late Central Board of Health, and the College of Physicians, in Ireland, referred to and transmitted in foregoing Instructions to Medical Officers of Dispensaries (No. 30),	107-111
Extracts from a Notification issued by the late Central Board of Health for Ireland, as to Cholera in 1848 and 1849,	107
Extracts from a Report of the Cholera Committee of the King's and Queen's College of Physicians in Ireland, received and adopted by the College on 6th October, 1853,	108
No. 32.—Cholera:—Circular to Medical Officers of Dispensary Districts throughout Ireland, requesting them to report any Cases of Cholera in their respective Districts, 3rd Jan., 1854,	111

APPENDIX (B).—TABULAR RETURNS.

No. 1.—Dispensary Statistics:—Statement of Alterations in Dispensary Districts in Unions in Ireland, according to the Orders issued by the Commissioners, in pursuance of section 6 of 14 & 15 Vic., c. 68:—(<i>in continuation of Table No. 1 in App. (B) to First Annual Report,</i>)	113–116
Summary of Dispensary Districts, according to Table No. 1, in First Report, as amended by the present Table, . . .	116
No. 2.—Dispensaries Financial Return:—List, in pursuance of § 20 of the Act, of all Dispensary Districts in the several Unions in Ireland (arranged in Provinces and Counties): showing the Number of Dispensaries in each District, the fixed Annual Expenses, and the Expenditure from the 29th September, 1852, to the 29th September, 1853, . . .	117–161
Summary of Financial Table, No. 2, . . .	161
No. 3.—Dispensaries Relief Table:—Return (for the Year beginning 1st October, 1852, and ending 30th September, 1853) of the Number of Cases in which Medical Relief, under the Medical Charities Act, was afforded to Patients at the Dispensary and at their own Homes, respectively; the Number of Cases in which Tickets for Medical Relief were Cancelled by the Committee of Management under § 9 of the Act; the Number of Cases of Vaccination performed; Number of Dangerous Lunatics certified; of Patients attended in Bridewells, &c.;—being an Abstract of Returns from the Medical Officers of the several Dispensary Districts in Ireland, arranged in Unions, Counties, and Provinces, . . .	162–206
Summary of Dispensary Relief Table, No. 3, . . .	206
No. 4.—General Summary of foregoing Dispensary Tables (Nos. 1, 2, and 3), in Provinces:—containing, 1. Statistical Statement; showing the Number of Unions, Electoral Divisions, and Dispensary Districts formed under § 6 of the Act; the total and average Population, Area, and Valuation; Number of Dispensaries, Officers, &c.:—2. Financial Statement; showing the fixed Annual Expenses, and the Expenditure under the Medical Charities Act for the year 29th September, 1852, to 29th September, 1853:—and 3. Relief Return; showing the Number of Cases of Medical Relief afforded at the Dispensary and at the Patient's Home, respectively; the Number of Tickets for Medical Relief cancelled by the Dispensary Committee; the Number of Cases of Vaccination performed; Number of Cases of dangerous Lunatics certified; Number of Attendances at Bridewells or Houses of Correction, &c.; during the year ended 30th September, 1853: with Averages for the respective Unions, Dispensary Districts, and Officers, &c., . . .	207–209
No. 5.—Vaccination:—Return of the Number of Persons Vaccinated in the Workhouse and Auxiliary Establishments of the several Unions in Ireland, by the Medical Officers of those Institutions; and of the Number Vaccinated in the several Dispensary Districts by the Medical Officers of Dispensaries under the Medical Charities Act, in the Year ended 30th September, 1853; abstracted from Returns made by the respective Medical Officers, . . .	210–214
Summary of Vaccination Table, No. 5, . . .	214
No. 6.—Cholera:—Return of Cases of Cholera in Unions in Ireland, reported to the Commissioners from Sept., 1853, to Feb., 1854, . . .	215
No. 7.—County Infirmaries:—List of the County Infirmaries in Ireland; showing the Union in which each is situated, the Population and Extent of District, Size of the Institution, Number of Patients relieved, and Proportion thereof admitted from Stated Distances, . . .	216–218
Summary of County Infirmaries Table, No. 7, . . .	218

	Page
No. 8.—County Infirmaries:—List of County Infirmaries in Ireland; showing their Income and Expenditure for stated years,	219-221
Summary of County Infirmaries Financial Table, No. 8,	221
No. 9.—Fever Hospitals:—List of Fever Hospitals under Grand Jury Acts; showing the Union in which each is situated, Size of the Institution, Number of Patients admitted during a Year, and Proportion thereof from Stated Distances,	222-225
Summary of Fever Hospitals Table, No. 9,	225
No. 10.—Fever Hospitals:—List of Fever Hospitals under the Grand Jury Act; showing the Income and Expenditure of each in stated years,	226-228
Summary of Fever Hospitals Table, No. 10,	228
No. 11.—General Table of Medical Institutions under the Medical Charities, Poor Law, and Grand Jury Acts, in the several Unions and Counties in Ireland, including Dispensaries, Fever Hospitals, and Infirmaries (accompanying Map No. I.),	229-234
Summary of Table No. 11, in Provinces,	234
No. 12.—A List of Hospitals in North and South Dublin Unions, and of Hospitals in Ireland supported from private sources, as reported by the Medical Inspectors,	235
No. 13.—List of Fever Hospitals, under Grand Jury Act, reported by the Medical Inspectors as having been Closed for want of funds, or transferred to Boards of Guardians,	237
No. 14.—Index List of Unions; with Names of Counties in which they are situate, and References to Tables and Pages in which the particulars as to each Union are to be found,	240-242
No. 15.—Index List of Dispensary Districts; with Name of Union in which each is situate, and References to Tables and Pages in which the particulars of each District are to be found,	243-248
No. 16.—Index List of Infirmaries and Hospitals; with Names of Unions in which they are situate, and References to Pages in which they are named in the Tables (Nos. 7-13),	249-252

MAPS.

- No. I.—Map of Unions in Ireland; showing the Situation of the several County Infirmaries and Fever Hospitals supported by County Cess or Poor Rate.
- No. II.—Map showing the Districts around the County Infirmaries and Fever Hospitals under the Grand Jury Act, within an Area having a Radius of Ten Miles from the County Infirmary as a Centre, and Eight Miles from the Fever Hospital.

MEDICAL CHARITIES, IRELAND.

SECOND ANNUAL REPORT

OF THE

COMMISSIONERS OF IRISH POOR LAW,

UNDER 14 AND 15 VICT., CAP. 68.

TO HIS EXCELLENCY EDWARD GRANVILLE,
EARL OF ST. GERMANS,

Lord Lieutenant-General and General Governor of Ireland.

Dublin, 6th February, 1854.

MAY IT PLEASE YOUR EXCELLENCY,

I. WE, the Commissioners for administering the Laws for Relief of the Poor in Ireland, submit to your Excellency this, the Second General Report of our proceedings under the Medical Charities Act.

The following return gives a summary of the numbers of cases in which medical relief was afforded, under the Medical Charities Act, in the four provinces of Ireland, in the year 1852, from the period of the opening of the respective Dispensaries, to the 30th of September, 1852, equivalent to about one half year's operation of the Act; and in the complete year ended September 30th, 1853:—

Provinces.	New cases to Sept. 30, 1852.	New cases in year ended Sept. 30, 1853.
Leinster, ...	105,736	238,172
Ulster, ...	93,938	168,009
Connaught, ...	28,608	77,588
Munster, ...	83,384	206,642
Total, ...	311,666	690,411

The details for the respective Dispensary Districts, relating to the same subject, will be found in the Appendix.*

* Appendix B, Table No. 3.

2. In our first Medical Charities Report, we estimated that the expense of relief under the Medical Charities Act would not exceed £100,000 a-year: amounting to an average poundage on the rateable property of Ireland of $2d.$ in the pound and a very small fraction, but varying in different Unions from $1\frac{6}{100}d.$ to $9\frac{4}{100}d.$ At the time to which that estimate had reference (namely, September 29th, 1852), the Act had not been in operation for a year in any Union. In many Unions it had been in force some weeks or months less than half a year, and in many, some weeks or months more. We assumed, however, that the expenses actually incurred must be nearly equivalent to the sum required to meet the expenditure for six months' uniform operation of the Act over all Ireland; and on that assumption our estimate was founded. We have now before us returns, obtained from the Clerks of the Unions, for one complete year, ended September 29th, 1853; but which include, besides the expenses properly belonging to that year, expenses amounting to £16,342, incurred for the service of the preceding year, but not paid within that year. From these returns it appears that the entire expenses included in them for the year ended September 29th, 1853, were as follow:—

	£
Rent of Dispensary Buildings, ...	7,114
Salaries of Medical Officers, ...	£63,380
„ Apothecaries, ...	1,642
„ Midwives, ...	129
	£72,265
Cost of Medicine and Medical Appliances, ...	23,854
All other Expenses, ...	8,661
	£104,780

3. In our previous Report we adverted to the routine followed in the Poor Law Union accounts, which excluded from each half year's accounts, expenses incurred within the half year but not paid within the half-year or within seven days after its close; and we observe, that “according to this system, a considerable part of the expense incurred in one half year usually appears in the accounts of the next; and although in future the effect of this arrangement will be compensated, as between one half year and another, yet it is clear that in the audited accounts of the first half year this cannot be the case.” Since the date of that Report, we have revised the system of Poor Law Accounts previously in use, and have issued a General Order, dated April 8th, 1853, for regulating the mode of keeping the Union Accounts in future. By this Order, a precise statement is required of

the expenses incurred in each half year, whether those expenses have been settled or remain outstanding. The returns, therefore, for the first year under the operation of this Order, include, in addition to the whole expense incurred during that year, such portion of the expenses of the previous year ended September 29th, 1852,—amounting, as above stated, to £16,342,—as were not defrayed before the close of that year. Deducting this sum from the amount above set forth as charged in the accounts of the year, ended September 29th, 1853,—namely, £104,780,—the total expenses really incurred under the Act, for the service of the past year, amount to £88,438, giving an average poundage on the rateable property of Ireland of $1\frac{1}{8}d$.

4. The actual expense of the past year is therefore £11,562 less than our estimate. The expenses of each Union for the year are given in detail in the Appendix.* The distribution of the pressure of the expenditure is much the same as was anticipated in our estimate, as is shown by the following table :—

Province.	Minimum Poundage.	Maximum Poundage.	Average Poundage.
ESTIMATE, from Returns for the Year ended 29th September, 1852.			
	<i>d.</i>	<i>d.</i>	<i>d.</i>
Leinster, .	$1\frac{3}{100}$	$2\frac{9}{100}$	2
Ulster, .	$1\frac{7}{100}$	$6\frac{7}{100}$	$2\frac{2}{100}$
Connaught, .	$1\frac{2}{100}$	$9\frac{1}{100}$	$2\frac{6}{100}$
Munster, .	$1\frac{1}{100}$	$7\frac{1}{100}$	$2\frac{1}{100}$

	Banbridge Union, .	Glenties, . . .	
	Gort, . . .	Clifden, . . .	
	Clonakilty, . .	Cahiriveen, . .	

5. Our attention having been frequently called to the necessity for increasing the numbers of members of Dispensary Committees, for the purpose of securing attendance at the meetings for the transaction of business, and of affording to the sick poor an easy access to persons authorized to issue tickets for Dispensary relief, we addressed a Circular to the Boards of Guardians on this subject† a short time previously to the period for completing the new Committees in the

* Appendix B., Table No. 2.

† Appendix A., No. 2.

last year. The Committees are formed, in each Dispensary District, of the Guardians of the Union resident in it, or possessing or occupying property in it; and if the number of such Guardians fall short of that fixed by our Order as the number of which the Committee shall consist, it becomes the duty of the Guardians to appoint, soon after their annual election, from among the Rate-payers resident in the District, and rated in respect of property therein of the net annual value of £30 at the least, a number of persons sufficient to supply the deficiency. Besides the members of Committee, the Wardens and Relieving Officers of the District have the privilege of issuing tickets for Dispensary relief. Adverting to these circumstances in our communication to the Guardians of the 26th March last,* we suggested that, before proceeding to appoint members of Committee and Wardens for each District, they should have before them a list of the Guardians, of the Committee, and of the Relieving Officers, with their respective residences indicated, and that they should make the selection of members of Committee and Wardens accordingly, so as to distribute persons entitled to issue tickets pretty uniformly, with reference to the population, over the District, and to insure easy access for the sick poor to the means of procuring tickets for Medical Relief. We also recommended to the Guardians to select, as members of Dispensary Committees, such qualified Rate-payers as they might happen to know would be able and willing to devote due time to the transaction of the business of the Committee, and be likely to take an active interest in the efficiency of the Dispensary.

6. Having learned that in some cases in which the Medical Officers of Dispensary Districts had been incapacitated by illness for the discharge of their duties, immediate provision had not been made by the Committees for their performance by a substitute, we addressed a Circular to the Committees of Management,† advising, that in every such case the Medical Officers, if able, should immediately communicate with the Chairman or Honorary Secretary of his Committee, recommending a qualified Medical Practitioner as a fit person to perform his duties during his temporary incapacity; and that, on the fact of the illness of the Medical Officer becoming known, a special Meeting of the Committee should be at once summoned, and a substitute appointed. Also, that in the event of the Dispensary District becoming deprived of the services of the Medical Officer, by death or otherwise, a special Meeting should, in like manner, be forth-

* App. A, No. 2. † Circulars of 3rd June, 1853, App. A., Nos. 3, 4.

with held, for the appointment of a temporary Medical Officer, until a permanent appointment could be made in the ordinary manner.

7. We have since provided more effectually for the above contingency, by a regulation to the same effect contained in a sealed Order, dated 16th December, 1852,* amending the original Dispensary Regulations Order. The other principal changes introduced by the revised Rules and Regulations are intended, by the omission of every thing having relation to the proceedings necessary to be taken on the first formation only of the Dispensary Districts, to adapt them to the permanent condition of those Districts; and to diminish the number and expense of the Dispensary Books, at the same time that some of them are simplified in such a manner, as we hope will render the keeping of them less laborious to the Medical Officers, without impairing their usefulness as records of the nature and extent of the relief afforded by the respective Dispensaries.

8. We have felt for some months past, and still feel, much anxiety on the subject of the performance of Vaccination at the Dispensaries. We have learned from returns made by the Medical Officers of the Dispensary Districts, and from Reports furnished to us by the Medical Inspectors, that in many Dispensary Districts vaccination has been zealously and efficiently performed, a large number of cases having been registered in which the operation had been successfully performed; but that, on the other hand, in a considerable number of Districts the registered number of cases of vaccination has been very small, that few, or in some cases, no applications for vaccination have been made to the Medical Officer for considerable periods, and that in fact, in such cases the practice of vaccination, as a part of the Dispensary duty, seems to have fallen into disuse. At the same time, we have been informed that small-pox has been prevalent in different parts of the country, and that the illegal practice of inoculation with small-pox virus has been, and still is, practised to a considerable extent. We have reason to believe that the principal cause of these serious evils, the non-performance of vaccination and the prevalence of small-pox inoculation, is to be found in the strong prejudice which prevails among the lower classes in favour of the latter practice. With this prejudice we feel that we have not the means, in the present state of the law, of successfully contending. Nevertheless, we have done what lay in our power to lessen the evil, by urging the Boards of Guardians of Unions, and the Com-

* App. A, No. 9.

mittees of Management and Medical Officers of the Dispensary Districts, to exert themselves to promote in every possible way the practice of vaccination, and to discourage and punish small-pox inoculation, whenever it could be detected in their respective Districts; by removing the only bar to vaccination which we could discover to exist at the Dispensaries,—namely, the enforcement, which we found to prevail in some cases, of a pecuniary deposit from the person presenting a child for vaccination, the deposit to be returned on the presentation of the child again at the times necessary for ascertaining the success or failure of the operation; by calling on the Committees, in cases where they had not already done so, to placard through their Districts, full particulars of information respecting the arrangements made for vaccination; to inform the people that all persons requiring it might be vaccinated on application to the Medical Officer, without ticket, recommendation, or payment; and to give complete publicity to the penal section of the 3rd & 4th Vic. cap. 29, by printing it at the foot of the placard; and lastly, by addressing your Excellency on the subject, and suggesting for consideration the propriety of the Constabulary being called upon to use their best endeavours to prevent a violation of the law in future, by persons who are known to practise small-pox inoculation. We annex in the Appendix copies of the General Circulars which we have issued on the subject to the Committees of Management and Medical Officers of Dispensary Districts, as well as the Boards of Guardians.* We have from time to time addressed these bodies to the same effect, whenever any circumstances requiring it came to our notice.

9. We stated in our first Medical Charities Report, that the Medical Inspectors were engaged in the beginning of last year, in an inspection of the Infirmaries, Fever, and other Hospitals, supported wholly or in part by public funds, excepting those of Dublin and of the Workhouses, with the view of furnishing us with Reports of the condition of those Institutions, as to the amount of relief they afford, their efficiency, the state of their funds, &c. The most important particulars of information furnished by these Reports, and abstracted from them, will be found in the Appendix.†

10. It appears that Hospital relief (exclusive of that afforded by the Dublin Hospitals and the Hospitals connected with the Workhouses), is provided for the sick poor of Ireland requiring hospital treatment, by means of—1st, County Infirmaries, 31 in number, and one Infirmary of a County of a

* App. A, Nos. 5, 6; and Nos. 10, 11, 12. † App. B., Nos. 7–10, 12, 13.

Town (Drogheda), maintained by voluntary contributions, Grand Jury presentments, and grants from the Consolidated Fund;—2ndly, Fever Hospitals, 37 in number, some of which are County Hospitals, supported exclusively by County presentment, and the rest District Hospitals, originating in private subscriptions, and aided by Grand Jury presentment, not exceeding double the amount subscribed;—3rdly, two Infirmaries in the City of Cork, and Barrington's Hospital in the City of Limerick, supported in the same manner as the County Infirmaries, excepting the aid from the Consolidated Fund;—and 4thly, a small number of Hospitals, (the majority of which are Lying-in Hospitals,) supported entirely by private funds, and including the general Hospital at Waterford called the Leper Hospital.

11. It may be stated as the result of the recent inquiry respecting the three first classes of these institutions, that they have been generally well conducted in a professional point of view; and that they have afforded, within the circles over which their utility effectively extends, the greatest and most unquestionable benefits to the sick poor; at the same time that, by the influence they have exercised in maintaining the high standard of medical and surgical skill for which many of the Physicians and Surgeons of the provincial Hospitals of Ireland have long been distinguished, they have indirectly conferred corresponding benefits upon every other class of the community. But they are open to many and weighty objections in other respects. They are inadequate to the wants of the entire country: they are badly distributed: a large proportion of the country derives little or no practical benefit from them: the mode of supporting them, by taxation which bears as heavily on the large portions of the Counties which derive no benefit from them, as on those limited portions that enjoy the whole of it, is inequitable: and there is a complete want of uniformity in regard to every important particular relating to their general management and control. On each of the above points we now proceed to submit the result of the evidence which has been laid before us.

12. The accompanying Map No. I. has been constructed with the intention of exhibiting in one view the number and distribution of the County Infirmaries, the sites of which are marked by spots coloured blue; of the Grand Jury Fever Hospitals still existing, marked by brown spots; and of the Fever Hospitals now existing in connexion with the Work-houses, marked by red spots. The black spots mark the number and situation of Grand Jury Fever Hospitals which

have been closed within the last few years. In the Map No. II. the blue and brown circles exhibit the area over which the benefits of the County Infirmaries and Grand Jury Fever Hospitals are found practically to extend. Outside of these circles, their benefits are so inconsiderable that they are not worth taking into account. The blue circle, with the County Infirmary at its centre, has a radius of ten miles, and the brown circle, with the Fever Hospital at its centre, has a radius of eight miles.

13. With respect to the County Infirmaries it will be seen, by reference to the summary of Table No. 7 in the Appendix, that 80 per cent of the Infirmary patients are admitted from within the circle of ten miles radius around the Hospital, the whole of the rest of the county furnishing only 20 per cent. Practically, therefore, we may consider the benefits of the Hospital to be confined within that circle. But we must observe,—what a glance at the blue circles laid down on the Map No. II. will show,—that a large majority of the County Infirmaries are so placed, on or near the verge of their respective counties, that a considerable part of a circle described around each, with the Infirmary at the centre, and with a radius of ten miles, extends into the neighbouring county or counties, from which the Infirmary is by law debarred from receiving patients, or over the sea.

14. Now the area of Ireland in square miles is 31,741, and the area of a circle of ten miles radius is equal in square miles to 314·1, which multiplied by 32, the number of the County Infirmaries, gives 10,048 square miles, over which, practically, the benefits of these Hospitals might extend. The ratio of this number to 31,741, the area in square miles of Ireland, is somewhat less than that of 1 to 3; so that there must be more than twice as great an extent of the country beyond the limits of the relief actually afforded by the County Infirmaries, as that contained within the circles of ten miles radius around them, supposing the benefits of these Institutions to extend over the whole of those circles. But adverting to the circumstance above alluded to, that the localization of the County Infirmaries is such, that in a large majority of them they cannot legally give relief within one-third, sometimes within one-half, and even, in some few cases, within nearly two-thirds of those circles, it may be safely asserted as being near the truth, that about three-fourths of Ireland is situated out of the reach of benefit from the County Infirmaries.

15. In the next place, it will be seen by reference to the summary of Table No. 8 in the Appendix, that in

the year 1852, the total income of the County Infirmaries amounted to £33,940, of which £23,547, or considerably more than two-thirds, was raised by County Cess, levied uniformly on the one-fourth of the country which receives nearly all the relief the Hospitals afford, and on the three-fourths which may be said to receive practically none;—three-fourths of the country being thus taxed for the exclusive benefit of the remaining fourth.

16. There is no reason to suppose that the County Infirmaries are too large for the limited districts which they really benefit. A record, indeed, has very seldom been kept of the number of persons fit for admission who have been refused on account of want of room, but there is probably not one of them in which this does not occasionally happen, and certainly many in which it frequently does. It follows that they are altogether inadequate to afford Relief to the Sick Poor of their whole counties, requiring Hospital treatment.

17. The circumstance that one Infirmary has been given to each County, and to which there are but two exceptions, (*viz.*, Wicklow, which has two Infirmaries, and Waterford which has none), taken in conjunction with the fact as to the limited extent to which the operation of the Hospitals actually extends, proves that their distribution would be faulty, even if their position in their respective counties were quite central; but, even as regards their own counties, they are seldom, as the Map No. II. shows, conveniently placed.

18. In every other important particular, in relation to the adaptation of the County Infirmaries to their objects, or to their general management and control,—whether we have regard to the area and population for which they are intended to afford Hospital Relief for the Poor standing in need of such relief,—to the nature of the relief afforded,—to the amount of income in proportion to the requirements of the respective Hospitals,—to the cost of patients,—to the number of servants and nurses in proportion to the number of beds,—to the dietaries,—or to the provision made for the record of the amount of relief afforded, and of the results of treatment,—the Reports of all the Medical Inspectors prove, by the wide discrepancies they exhibit between different Hospitals, in respect to all these particulars, the absence of any uniform principles of management.

19. Thus, with respect to the population, for the wants of which the County Infirmaries are supposed to provide, we find, in Galway, 50 beds provided for a population of 321,831, and, in Carlow, 40 beds for a population of 68,059; that is, nearly the same number of beds provided for populations, one of which is more than four times as great as

the other. If we measure the Hospital accommodation provided in these two counties by the respective areas, the disparity is still greater. Galway has 50 beds for an area of 2,342 square miles; Carlow, 40 beds for an area of 346 square miles; that is, nearly the same provision in two counties, one of which is more than seven times as large as the other. In every province, similar though less extreme discrepancies will be seen, by reference to the proper columns in Table No. 7, to exist with respect to the areas and populations of the districts belonging to the respective Infirmaries, compared with the accommodation provided.

20. The nature of the Relief given varies in different Infirmaries. In some, it is given to patients in the Hospital only; in many, advice and medicine are also given to patients who attend at the Infirmary; and in a few, in addition to this, patients are attended at their own homes.

21. In regard to Income, there is, in general, no just proportion between the actual requirements of the different Infirmaries and the amount of their incomes. Thus, in 1852, the Infirmary of the County of Mayo, with its population of 274,612, had an income of £846 5s. 4d.; while that of the County of Louth, with a population of 90,812, had an income of £996 8s. 4d.; at the same time that the Mayo Infirmary has 50 beds, and that of Louth only 40. Numerous instances of similar disparities might be quoted, and may be found in Tables No. 7 and 8, in the Appendix.

22. The average weekly Cost of patients is, in many cases, more than double its amount in others. Thus, it is 2s. 6d. in the Londonderry Infirmary, and 5s. 2d. in that of Monaghan.

23. The number of Servants and Nurses, in proportion to the number of beds, varies considerably in different Infirmaries.

24. The arrangement of the Dietaries differs very much in different Infirmaries.

25. The expense of Medicines and Medical and Surgical Appliances varies greatly; being sometimes, in proportion to the number of patients, in one Infirmary, much more than double its amount in another.

26. And finally, the provision for the record of admissions of patients, of their treatment, and of its results, is not only variable, but, in many cases, very defective.

27. The Fever Hospitals, supported wholly or in part by Grand Jury presentments, are not only open to the same objections that lie against the Infirmaries, but some of the most important of them have greater force, in the case of the Fever Hospitals than in that of the Infirmaries. Thus, it appears,

from the summary of Table No. 9, in the Appendix, that 84 per cent. of the patients admitted into the Fever Hospitals come from within a circle, the centre of which is at the Hospital, and which has a radius of only five miles. We cannot, therefore, assume for the circle practically benefited by the Fever Hospitals a radius greater than eight miles. From this circumstance, taken in conjunction with the highly inconvenient distribution of these Hospitals, it results that a much larger portion of the country is out of reach of the benefit of County Fever Hospitals than is the case in regard to the Infirmaries; and this, notwithstanding that the Grand Jury Fever Hospitals are more numerous than the County Infirmaries. In the Map No. II. the circles coloured brown have these Hospitals at the centre, and are drawn with a radius of eight miles, and render apparent at a glance the small portion of the country within these circles, and so within reach of relief from the Hospitals; and the very large portion outside, and, therefore, receiving no benefit from them. This Map also shows that the present distribution of the County and District Fever Hospitals is even more faulty than that of the Infirmaries, the Hospitals being so close in some situations, that parts of certain counties are within reach of relief from more than one Hospital, while in other situations they are separated by wide intervals. Thus, it may be seen that, in the Counties of Monaghan, Dublin, Limerick, and others, the brown circles frequently intersect; and, on the other hand, that in the whole Province of Connaught there are but three of these Fever Hospitals, of which one,—that at Mohill,—is adapted for the reception of only ten patients.

28. We submit to your Excellency, that a system presenting the anomalies above described, requires alteration in three essential points. In the first place, we suggest that the county be no longer continued as an area of taxation for Infirmaries and Fever Hospitals; secondly, that a distribution of the buildings to be hereafter maintained for those purposes, be effected in such a way as to extend the benefits of each institution, as equally as practicable to the entire locality which may be taxed for its support; and thirdly, that the general arrangements to be made for this purpose should embrace the whole of Ireland, and be organized and conducted upon uniform principles.

29. Before entering upon the precise course which we propose for consideration, it is necessary to point out, that while the thirty-two County Infirmaries remain as first established under the statute 5 Geo. III. c. 20, a very great change

has taken place within the last ten years with regard to the Fever Hospitals supported either wholly or in part by County Cess. The Poor Law Amendment Act, 6 & 7 Vic. c. 92, contained a provision enabling the Guardians of a Union to hire a building, or, with the consent of the Poor Law Commissioners, to appropriate part of the Workhouse of the Union, to be used as an Hospital for the reception and treatment of "*poor persons*" affected by dangerous contagious disease.

Although the number of Grand Jury Fever Hospitals, at the date of that enactment, exceeded one hundred, such was the inconvenience felt in regard to the efficiency and situation of those Hospitals, that each Union in Ireland, with few exceptions, has voluntarily, and without any compulsory act on the part of the Commissioners, provided itself with a Fever Hospital under the provisions above mentioned, not only for the protection of its own paupers, in the event of epidemic disease arising in the Workhouse, but for the reception and treatment of *poor persons* resident in the Union, and affected with dangerous contagious disease.

Simultaneously with the progress of these arrangements, a disposition was manifested on the part of voluntary contributors to the support of Fever Hospitals, as well as on the part of the Grand Juries, to abandon the further support of those Institutions by subscriptions and presentment, and to impose the duty and necessity on Boards of Guardians of supplying the deficiency thus created. The progress of this great change is clearly illustrated by the following table, which shows, that under the provisions of the single section above cited, the number of the Grand Jury Fever Hospitals is now reduced to 37, while that of the Fever Hospitals under the Boards of Guardians is already 146, the whole number of Unions being 163. The series of numbers in the upper line of this table is the more remarkable and significant, as the steady diminution in the number of the Grand Jury Fever Hospitals, which it shows, was going on, for some years, in the presence of the severe and extensive epidemic fever which accompanied and survived the famine:—

	1845.	1846.	1847.	1848.	1849.	1850.	1851.	1852.	1853-4.
No. of Grand Jury Fever Hospitals, ... }	101	110	104	80	68	48	41	40	37
No. of Fever Hospitals supported by Boards of Guardians, ... }	20	20	63	81	121	134	148	147	146

30. The anomaly, therefore, represented in Map No. II. has taken an aggravated form in regard to Fever Hospitals; for not only are localities taxed for the support of those Institutions which can derive no benefit from them, but the same localities are now twice taxed for the same purposes,—once in the shape of County Cess, for the benefit of other localities, and again, in the shape of Poor Rate, for the benefit of themselves.

31. A similar degree of injustice is beginning to show itself in regard to the County Infirmaries. We mentioned, in the eighth paragraph of our Sixth Annual Poor Law Report, that persons above destitution sought admission, and were sometimes admitted into the Workhouses, not as destitute persons, but because of sickness, and solely for the sake of medical treatment in the Workhouse Infirmary. We have good reason to believe that this practice is on the increase, and that it extends to surgical as well as to medical cases, especially in those Districts which are most remote from any County Infirmary. Thus we have a class of persons obtaining relief from the Poor Rates in Workhouse Infirmaries who are not contemplated by the present Poor Law, but whose admission to the Workhouse under the existing system of Hospital Relief, it is most difficult, if desirable, to control; and we find the Districts in which this practice most prevails, taxed not only for the support of their own Workhouse Infirmaries, but again taxed for the County Infirmary, the benefits of which are exclusively enjoyed by another and distant locality.

32. We recommend, under these circumstances, that the Poor Law Unions, whose average area is about equivalent to a circle with a radius of eight miles, be made the area of taxation for the maintenance of general Hospitals as well as Fever Hospitals, subject, of course, to the separate liability of Electoral Divisions to the personal charges of their own residents.

33. As regards Fever Hospitals, the arrangements necessary to carry out this principle are already almost completed, and the system is already almost universally in practical operation; the patients treated in Union Fever Hospitals being in the proportion of more than 4 to 1, to the patients treated in Grand Jury Fever Hospitals. With regard to Infirmary relief, it may be found necessary in some Unions to provide an additional building as a Surgical Ward for the Union; but, generally speaking, the large permanent additions made to the Union Workhouse during the famine, will be found

to admit of a portion of the buildings on the Workhouse site being appropriated as a Surgical Ward. It is apparent that, with these arrangements, the medical staff of the Union will become available for the service of the general Union Hospital, at less expense than would be incurred by having that institution separate. We propose, therefore, that so soon as the Poor Law Commissioners are enabled to declare by Order under their Seal, that a Union is sufficiently provided with the arrangements requisite for its establishment as a general Hospital District, that Union should be forthwith exempted from further contribution, by way of County Cess, to the maintenance of Grand Jury Hospitals and Infirmaries. We estimate that the time necessary to complete the organization of the whole country for these purposes will not exceed twelve months from the date of an enactment enabling us to take the necessary steps. We anticipate that the final result, at the end of that time, would be a complete transfer of the expense of medical relief in Hospital from the County Cess to the Poor Rate, the present Infirmaries remaining charged on those Unions alone for the benefit of which they are now, for the most part, maintained. Considering, however, the high professional character attaching to many of these Institutions, and the fact that a Parliamentary provision of £100 per annum exists for the lives of the present Surgeons, looking also to the probability that peculiar skill will be evinced in the treatment of certain diseases in certain Institutions, we propose that provision be made by which any Union may send individual patients for treatment in the Infirmary of another Union, paying for that privilege a fair and reasonable contribution in respect of such patient.

34. We further propose, for the purpose of providing Hospital relief to that part of the residents in each Union who may be above destitution, to follow the example already established in regard to Fever Hospitals, and to admit "*poor persons*" to these Institutions, as well as to Fever Hospitals.

35. We think it at the same time desirable to have a separate registration of those who enter either description of Hospital in another character than that of destitute persons, or in other words, than that of paupers; and that this distinction shall be marked by the contribution of the whole or some part (according to the judgment of the managing body in each individual case,) of the average personal cost of maintenance in the Institution. On this principle, we think that the benefit of Hospital Relief may be safely extended not only to persons immediately above pauperism, but to the Constabulary and to domestic servants.

36. Before quitting this subject, it may be well to state, that in the case of large towns, where Medical Schools are or may be established, it will become matter of serious consideration how far the above arrangements, or any of them, may be applicable or not. With this reservation, we humbly submit to your Excellency on the several grounds of justice, humanity, and economy, that a Bill be brought before Parliament, enabling us to carry into effect the fiscal arrangements above proposed, and to consolidate the whole of the Medical Charities in Ireland into a system, which, in point of organization at least, may be made more complete and comprehensive than any system of Medical Relief at present existing in any of the countries of Europe.

37. We mentioned in our last year's Medical Charities Report, that, towards the end of Autumn, 1852, when alarm arose on the approach of Cholera to the western shores of the Continent of Europe, we addressed a Circular to the Boards of Guardians, urging them to put into active operation, those portions of the Nuisances Removal and Diseases Prevention Acts which might be enforced by them without the previous issue of an Order in Council. We regret to have to say, that owing to the speedy subsidence of alarm, little sanitary improvement was effected at that time. On the recurrence, however, of alarm, on the nearer approach of danger, in the Autumn of 1853, when Cholera actually broke out with virulence at Newcastle, and, though with less violence, in many other places, on the Eastern Coast of Great Britain, at which time we thought it advisable to issue the same Circular* again, we found on the part of the Boards of Guardians generally an earnest desire to act with energy in the removal of nuisances; and since then, the sanitary condition of the country, so far as it depends on the removal or abatement of nuisances, has been very materially improved. At the same time, we cannot be free from apprehension, that the check which the disease has of late received, attributable, in part at least, to the rigour of the recent winter, is producing the effect of relaxing the laudable activity hitherto displayed in carrying out measures calculated to lessen the severity of the Epidemic if it should arrive.

38. On the 17th of last September, an order in Council was issued, putting in force certain provisions of the Nuisances Removal and Diseases Prevention Acts through the whole of Ireland. Under this Order, we, as the Commissioners authorized, under the 19th section of the Medical Charities Act, to execute in Ireland the powers and purposes of those

*Circulars of 19th Oct., 1852, and 15th Sept., 1853, App. A., Nos. 16, 17.

Acts, were called upon to issue directions and regulations, with a view, in the first place, to the mitigation, or, as far as possible, the prevention of epidemic, endemic or contagious disease; and secondly, with a view to afford medical aid to persons labouring under such diseases.

39. Accordingly, we issued, on the 20th of September, a sealed Order* containing the directions and regulations applicable to the former object, judging it advisable, after full consideration, to reserve those relating to the treatment of Cholera, for the time when it should actually make its appearance in any Union. Copies of this Order, and of the circulars directly relating to it, will be found in the Appendix.†

40. Shortly after the issue of this Order, we addressed a Circular‡ to the Boards of Guardians, explaining our intentions in regard to a supplementary Order which we were prepared to issue to individual Unions, and which should contain directions and regulations for the treatment of persons affected with or threatened by Cholera; this Order to be issued to any Union, immediately on the appearance of the disease in it, or on its premonitory symptoms becoming prevalent; thus bringing into full operation, in such Union, the whole of the Nuisances Removal and Diseases Prevention Acts. We informed the Guardians that the supplementary directions and regulations would provide for the treatment of Cholera, as an extraordinary visitation, separately from the general treatment of the sick poor under the Medical Charities Act; but that we would, in the first instance, employ, for the treatment of Cholera, the machinery already existing under the Medical Charities Act; that the Dispensary Districts would accordingly be constituted Districts for the treatment of persons afflicted by, or threatened with Cholera or premonitory Diarrhœa; that the Dispensary Committees would be declared Sanitary Committees, whose duty it should be to aid, in their respective Districts, the Boards of Guardians in the execution of the directions and regulations; and that the Dispensary Medical Officers would be appointed Medical Officers for the treatment of persons labouring under, or threatened by Cholera; such persons to be attended on application without ticket or recommendation. Considering that although the great majority of the Cholera cases would be best treated at their own homes, yet that a certain proportion would absolutely require hospital accommodation, we urged on the Guardians the necessity of taking immediate steps to provide such accommodation in separate wards, in connexion with the Workhouse, or to procure it elsewhere if there were no

*Order of 20th Sept., 1853, App. A., No. 18. † App. A., Nos. 18—20, 22—25, 26.

‡ Circular of 30th Sept., 1853, App. A., No. 21.

wards at their disposal, which might be so appropriated, without, however, incurring any expense that might safely have been avoided in the event of Cholera not appearing in the Union.

41. The Order in accordance with this Circular has been issued to three Unions,—to the North Dublin Union on the 12th November, 1853, to the Cork Union on the 25th November, and to the Middleton Union on the 5th December.*

42. In the three Unions to which the Cholera Order has been issued, we have required from the Medical Officers of the Dispensary Districts, Returns showing the numbers of cases treated by them, as Dispensary patients, of Diarrhœa and Cholera, with the deaths and recoveries in each District. The following Table contains a summary of these Returns:—

Unions.	Number of Cases of Cholera.	Number of Cases of Diarrhœa.	Number of Deaths.
Cork, ...	56	35	27 (All from Cholera.)
Middleton, ...	—	58	—
North Dublin, ...	1	60	—
Total, ...	57	153	27

In the North Dublin and Middleton Unions there have been a few cases, merely sporadic. In the Cork Union only, has the disease been so prevalent as to have any appearance of an epidemic visitation; and even there, it is for the present extinct, the last case having occurred on the 22nd January, 1854.†

43. Some circumstances connected with the appearance of Cholera in Ireland, on the present occasion, are worthy of record. Two vessels, the *Guiding Star* and *Kossuth*, having on board emigrants for America, many of whom were Germans, left Liverpool about the same time. They met with stormy weather, from which they suffered considerable damage, and, in addition, Cholera having broken out with severity on board of each, they were compelled to take refuge, the *Guiding Star* in the harbour of Belfast, and the *Kossuth* in that of Cork. While the *Guiding Star* remained in Belfast Lough, every person on board labouring under Cholera, or affected with premonitory or suspicious symptoms, and their

* Cholera Order, App. A. No. 27; and Circulars issued therewith, Nos. 28-31.

† The above Table gives the number of Cases treated as Dispensary Cases under the Cholera Orders. In the Appendix will be found a Table giving the entire number of Cholera Cases reported to the Commissioners (App. B, No. 6).

relations and friends, were, at three different times, removed to a part of the Fever Hospital of the Workhouse prepared for their reception, and were there kept in a kind of quarantine till all appearance of the disease had completely subsided. No case of Cholera has occurred in Belfast or the Workhouse since that time. A different course was followed in Cork. Those persons only who were actually labouring under Cholera, on board the *Kossuth*, were removed, and were treated in an Hospital-hulk; the remaining passengers were permitted to land at Queenstown and Cork. Within a few days, Cholera made its appearance in Queenstown, and shortly after in the city of Cork.

44. We have insured, as we believe, the receipt in future of immediate and precise information in the event of the re-appearance of Cholera, either sporadic or epidemic, in any part of Ireland, by a Circular which we issued on the 3rd January last,* to the Medical Officers of the Dispensary Districts, into which the whole country is divided, requesting them to furnish us with a prompt report of any case which may fall under their treatment, and which they may believe to be of the type of Asiatic Cholera.

We have the honour to be,

Your Excellency's obedient, faithful Servants.

(Signed,) A. POWER.
JOHN YOUNG.

APPENDIX.

APPENDIX (A).—ORDERS, CIRCULARS OF INSTRUCTIONS, &c.,
ISSUED UNDER THE MEDICAL CHARITIES ACT OF 1851,
14 & 15 Vic., c. 68.

I.—DISPENSARY PROCEEDINGS.

No. 1.—INSTRUCTIONS to MEDICAL INSPECTORS as to the
Mode of conducting Inquiries into Charges against
Officers, &c.

*Poor Law Commission Office, Dublin,
8th January, 1853.*

SIR,

I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to transmit herewith, for your information, a copy of a circular which has been addressed to the several Poor Law Inspectors in Ireland, relative to the conduct of Inquiries which may be instituted by them under the power given by the 19th section of the statute, 10 & 11 Vic., c. 90.

In transmitting this circular, the Commissioners desire to state that the same principles as are stated therein appear to be applicable to Inquiries made by Inspectors under the Medical Charities Act, in pursuance of the powers given to them by the 16th section in relation to “any matter connected with the execution of that Act relating to any Dispensary subject under the Act to the authority of the said Commissioners.”

I have, &c.,

W. STANLEY, *Secretary.*

To Each Medical Inspector.

ENCLOSURE.—INSTRUCTIONS to POOR LAW INSPECTORS referred to in
foregoing Instructions to MEDICAL INSPECTORS.

*Poor Law Commission Office, Dublin,
7th January, 1853.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have had their attention called from time to time to difficulties felt by Inspectors in the conduct of inquiries, more especially of inquiries instituted into the truth of charges preferred against the Paid Officers of Unions.

The Commissioners are desirous of leaving a large discretion with their Inspectors as to the mode of conducting such inquiries, but there are some points on which, having already been called on to express their opinion to individual Inspectors, they think it right to make the same views known to the Inspectors generally.

The 19th section of the statute 10 & 11 Vic., c. 90, defines the limits to which an Inspector's power of inquiring upon oath, or by way of declaration instead of oath, extends, authorizing as it does the exercise of those powers only in relation to some "matter connected with the execution of the laws in force for the Relief of the "Poor in Ireland," and these powers of inquiry, it may be well to observe, are given exclusively to Poor Law Inspectors, and cannot be exercised by Justices of the Peace, or Guardians of Unions.

Under these words a question has sometimes arisen, how far the private conduct of officers, or candidates for office, may be made the subject of inquiry by an Inspector, in order to show whether they are fit to continue in office, or to be appointed to office as the case may be. On such occasions it has been considered that acts of misconduct, evidencing unfitness for office, can always be made the subject of inquiry, when they are supposed to have occurred in any relation whatever to the discharge of the official duties of the person complained of.

Thus an alleged act of drunkenness on the part of the Master of a Workhouse, although not occurring in the Workhouse, or on the part of a Relieving Officer, although not on duty at the time, would be thought a proper subject for investigation, because in both these cases the Officer becomes physically unfit to discharge important duty which may devolve on him at any moment. It is not however possible to say, as a general rule, that alleged acts of impropriety, immorality or violence, in the private dealings and intercourse of an officer or candidate for office, can be officially inquired into by a Poor Law Inspector, if such acts are supposed to have no relation to the discharge of public duty. At the same time the result of any inquiry which may have been made in Courts of Justice or by other competent authority into acts of private misconduct may properly influence opinion as to the fitness of an officer or candidate for office, and such result should therefore, whenever a question arises thereon, be duly ascertained and reported.

Every act evidencing unfitness for office, which is in any way connected with the discharge of official duty under the Poor Law Acts, is beyond doubt a proper subject for inquiry by a Poor Law Inspector. And here it is important to observe, that the probability of inquiry being made into the same acts by other authorized parties will not justify an Inspector in failing to exercise his power of inquiry into those acts, so far as circumstances will permit him to do so.

It has sometimes been supposed that where a Paid Officer has been charged with an act of official misconduct, amounting to misdemeanour or felony, that an Inspector ought to forbear inquiry, lest his proceedings may prejudice the Officer on his trial before a Jury.

The Commissioners are not prepared, however, when a question has arisen, whether a Paid Officer is to continue in his office, or be removed from it, to permit the powers of inquiry given to them and to their Inspectors to remain in abeyance, and to leave this issue to the decision of some other tribunal. The responsibility of deciding the question of the Officer's continuance in office has been expressly

confided to the Commissioners, together with ample power to discharge themselves of it effectually, and the Commissioners are not disposed to decline that responsibility in any case. So long therefore as an Officer accused of official misconduct of a criminal character is at large, the Commissioners expect their Inspector to lose no opportunity of ascertaining the truth of the charge, and of exercising his powers of inquiry for that purpose to their fullest extent.

When the Officer is actually in the hands of justice, and thus unable to come forward to defend himself from the charge, or to explain his conduct, it may sometimes become necessary for the Commissioners to postpone the inquiry, and to suspend him from his office until he is again at liberty; and the direction of the Commissioners will of course be always applied for, if needed, by the Inspector under special circumstances of this nature.

The time and place for holding an inquiry, and the notice thereof to parties concerned; the summoning of witnesses; the permission to employ advocates or legal advisers; the admission or exclusion of the public press; the admission or exclusion of other parties; the mode of examining the witnesses; these are all matters on which the Inspector will exercise the fullest latitude of discretion, according to the occasion, and according to the circumstances attending the inquiry. As a general rule, the party complaining, (if any one stands in that position), the party accused, such members of the Board of Guardians of the Union to which the transaction relates as may wish to attend, will be present, and likewise any other person whom the Inspector may think proper to admit. The Inspector on all such occasions will bear in mind that his main duty is to procure information on which the Commissioners may safely act in the execution of their powers; and he will therefore not permit any impediments to interfere with the making of a full and complete inquiry, nor sacrifice that object to any desire of satisfying the public mind or gratifying private curiosity. He will also remember that he has none of those powers by which Courts of Justice are enabled to control the behaviour of bystanders, and which are often found necessary to the orderly conduct of proceedings to which the public are admitted without reserve.

In the examination of witnesses the Inspector will not allow himself to be restricted by any formal rules, or feel bound to adopt any particular course or line of procedure, except such as may appear to him best calculated to elicit information, and which may be at the same time in accordance with the principles of natural justice, and the dictates of common sense; *the main rule of conduct in this regard being to shut out no information which may assist the Commissioners in arriving at a right conclusion on the circumstances of the case.*

There are two points however on which the Commissioners desire to introduce uniformity of practice. These are, in the first place, to take down as correctly as possible the exact words of each witness in the first person; and secondly, to read over his deposition to each witness before he is permitted to sign it.

In cases of doubt, difficulty or importance, the Inspector will carefully abstain from announcing, in the course of an inquiry into

facts, his opinion whether they are, or are not, established by the evidence. Even in his confidential report to the Commissioners he should be very guarded in expressing a decisive opinion as to the result of the inquiry, giving nevertheless in his Report a careful summary of the evidence, making such comments as occur to him on the demeanour and credibility of the several witnesses, and supplying the Commissioners as far as possible with all materials for the formation of a right judgment, which his personal conduct of the inquiry may enable him to furnish.

The reasons for maintaining such a reserve are sufficiently obvious. If, as not rarely happens, the Commissioners take a different view of the effect of the evidence from that taken by the Inspector who conducted the inquiry, a manifest inconvenience arises from the public record of the Inspector's opinion. Again, if the Commissioners, on the communication of further facts, or from the imperfect state of the inquiry, so far as it has proceeded, or from any other cause, see fit to direct further inquiry into the case, it cannot but be felt that an Inspector who has already committed himself to a foregone conclusion on the subject, has, to a certain extent, incapacitated himself for the conduct of such further inquiry.

Similar reasons exist for an Inspector's abstaining, in a report on any matter of peculiar importance, from expressing a strong and decisive opinion as to the course which he may think the Commissioners ought to pursue. In possessing the Commissioners, as far as lies in his power, with the materials on which their judgment is to be formed, an Inspector will be considered to have discharged his duty; and when recommending for adoption any particular course of action, he will always bear in mind that general views and material considerations may occur to the Commissioners which are not known to him, and by which the Commissioners may find it necessary to be guided in their decision on the particular case under question.

The above remarks will be considered as pointing out a line of official practice which it may be generally expedient to follow, but which may not be applicable in exceptional cases, for example, when the fitness of a Paid Officer or candidate is in question, not in reference to any particular facts or transactions, but in reference to his general qualifications, it is right that the Inspector should express unreservedly his opinion to the Commissioners as derived from his own personal observation of the general conduct of the officer, or the merits of the candidate, as the case may be.—Although it is always felt to be difficult to remove an officer without clear proof of some overt act of incompetence or contumacy, there are occasions on which the Commissioners would promptly act on the Inspector's mere opinion of the habitual conduct and general unfitness of a Paid Officer; and also where individual acts are in question, the Inspector's opinion of the general character and fitness of the officer is of the utmost value.

It is extremely desirable, however, that an Inspector should not, under any circumstances, undertake to negotiate, on his own authority, the resignation of any Union Officer, and especially that he should not endeavour to procure a resignation from any officer

by threatening to exercise his powers of inquiry, and to found thereon a report to the Commissioners. The Inspector's assumption in this manner of an authority which resides in the Commissioners, is at all times liable to be followed by inconvenience; and as in nearly all the instances of this nature which have occurred, it has been found necessary to institute subsequent inquiries in relation to the case, it is needless to point out with what disadvantages an Inspector who has already committed himself to a condemnation of the officer's conduct, must enter on a subsequent inquiry into the sufficiency of the grounds which may have existed for his opinion. Besides this, it is clearly due to every public officer who may be removed from office, or who may be called on to resign it, that the grounds on which that step is taken, should be openly ascertained and recorded, in order that the means may exist for testing the justice and reasonableness of such a proceeding on the part of the superior authority: while on the other hand the existence of a clear record of those grounds is a most effective and valuable protection to the public service, in the event of public officers, who have been removed or compelled to resign, again offering themselves for public employment.

The Commissioners wish their Inspectors to understand, that in enunciating these general principles for the conduct of inquiries under the Poor Law Acts, the Commissioners are not attempting to give directions applicable to every variety of combination of circumstances which may occur in practice; and they trust that in any case in which an Inspector may think that those principles cannot be applied without inconvenience, he will freely declare his opinion to that effect, and seek from the Commissioners further direction for his guidance under the circumstances of that particular case.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To Each Poor Law Inspector.

**NO. 2.—ANNUAL APPOINTMENT OF DISPENSARY COMMITTEES,
and of WARDENS:—Circular to Boards of Guardians.**

*Poor Law Commission Office, Dublin,
26th March, 1853.*

SIR,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to call the attention of the Board of Guardians to the provisions of section 7 of the Dispensaries Act, 14 & 15 Vic., c. 68, under which the requisite number of Members, to complete the Committee of Management of each Dispensary District, is to be appointed, in each year, as soon as practicable after the Annual Election of Guardians in each Union. The section, after providing for the past appointment of the Committees of Management, which hold office until the appointment of new Committees after the Annual Election of Guardians, directs that "at the first Meeting of the Guardians after such Annual Election, or as soon thereafter as conveniently may be, the Committee

"of Management for the said Dispensary District shall be appointed in like manner for the ensuing year ; and so likewise in each succeeding year."

2. Under the provisions of this section, the Guardians who are returned in the Annual Election of Guardians for the Union, become Members of the Committees of Management of the respective Dispensary Districts therein, in which they are resident or are owners or occupiers of property situate in such Districts respectively ; and under the same section, the Board of Guardians will have to elect a sufficient number of Rate-payers, resident in each District and liable to pay Poor Rates in respect of property therein of the net annual value of £30 at the least, so as, (with the Ex-Officio and Elected Guardians qualified by residence or property in the District and thereby entitled to act on the Committee of each District,) to complete the Number of Members of whom the Committee of such District is to consist, as fixed by the Commissioners' Order in that behalf.

3. In case the full number of Guardians be not returned in the Annual Election, so that any vacancies appear on the Returning Officer's return of the Election of Guardians for the Union, the Commissioners, in due course after the receipt of that Return, will issue an Order providing for a supplemental Election to fill such vacancies in the Board of Guardians : and as the Guardians so to be elected will be entitled to act on the Dispensary Committees of the respective Districts, according to the provisions of the Act above referred to, the Board of Guardians should elect only such number of qualified Rate-payers as would be necessary if the number of Guardians eligible for the Union were now complete ; so that the Guardians to be elected to supply vacancies may become Members of the respective Dispensary Committees upon which they may be qualified and entitled to act, without displacing any Rate-payer who may be elected by the Board of Guardians as a member of any such Committee.

4. The Commissioners at the same time desire to call the attention of the Board of Guardians to the Circular of 30th March 1852, (of which a copy is herewith enclosed,*) relating to the appointment of Wardens, who, as well as Members of the Dispensary Committees and Relieving Officers are authorized by sec. 9 of the Dispensaries Act, to issue Tickets for Medical Relief under that Act. It will be observed that it is provided, that the appointment of Wardens should be made within one month after the Annual Election of Guardians. A Form for the Return required under paragraph 3 of the enclosed Circular will be forwarded to you hereafter.

5. It is desirable that the parties authorized to issue Tickets for Medical Relief in a Dispensary District should be selected, as far as practicable, from different localities in the several parts of the District, so that sufficient facility for obtaining such relief with due convenience to the sick poor resident in all parts of the District, may be afforded, by means of persons distributed over the whole

District according to the requirements of the District from the amount of population in its various parts, or other local circumstances: and the Commissioners suggest to the Guardians the propriety of keeping this consideration in view in the selection of Rate-payers for the Dispensary Committee, and of Wardens. It will therefore be desirable for the Board, in making such selection, to have before them a list of the Guardians and Relieving Officers entitled to issue Tickets for Medical Relief, showing their respective places of residence; and to make their selection accordingly from persons resident in localities least provided with facility for obtaining such Tickets. The Commissioners also recommend the Guardians to select for Members of the Dispensary Committees, such qualified Rate-payers as will be likely to be able and willing to assist in the due administration of the Dispensaries Act by attending the Meetings of the Committee of Management of their District at the prescribed times, so as to insure as far as practicable regular meetings of a sufficient number of the Committee for the due management of the Dispensary, and the transaction of the business arising under the Act and the General Rules issued in pursuance thereof.

6. Your attention, as Clerk of the Union, is requested to your duties under Articles 9, 10, & 11 (annexed hereto),* of the Order declaring Dispensary Districts, in pursuance of which you will, as soon as the new Committees are completed by the Board of Guardians, make a Return of the Names and Addresses of all the Members of each Committee, in the Form (A)^a prescribed for the purpose; and you will take care to forward such Return to this Office in due course, as soon as the new Committees are constituted. You will likewise forward the prescribed Notice (Form C)^b to each Member of the respective Committees so constituted, and the List of their Names and Addresses (in Form E)^c to the Medical Officers of the respective Districts, in accordance with the Order in that behalf.*

^a Form No. 1, p. 44.

^b Form No. 3, p. 45.

^c Form No. 5, p. 45.

7. You will also take care that each of the persons authorized to issue Tickets for Medical Relief shall be supplied with "Medical Relief Ticket Check Books," in the Forms (E 1 & 2),[†] prescribed for the purpose: and you should obtain the necessary authority from the Board of Guardians for obtaining any requisite supply accordingly, in pursuance of Article 21 (hereto annexed) of the General Rules above referred to[†]; you should also obtain the requisite supply of Forms for the Return and Lists (Forms A and E)^d above adverted to, from the Printer in the ordinary manner, without delay.

^d Forms Nos. 1 & 5, pp. 44 & 45.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk to the Board of
Guardians of each Union.*

* The Regulations annexed to the above Circular, and referred to in paragraphs 6 and 7 thereof, were those corresponding with Articles 1, 2, 3, and 27 of the amended General Regulations of 16th December, 1853, (No. 9, page 35, herein).

[†] Article 27 of General Regulations of 16th December, 1853, and Forms E 1 & 2 therein referred to; pages 42, 43, 49, herein.

APPOINTMENT OF WARDENS :—*Enclosure referred to in foregoing Circular.*

*Poor Law Commission Office, Dublin,
30th March, 1852.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call the attention of the Board of Guardians to the provisions of the 50th section of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, under which the Board of Guardians of every Union in Ireland is required, "within one Month after the Annual Election of Guardians, to appoint a fit person in each Parish or Townland, or any part thereof respectively, included in such Union, to be and be styled the Warden for such Parish, Townland, or part thereof." It appears that in some Unions the provisions of this section have not been duly and regularly complied with : and the Commissioners request the attention of the Guardians to the subject, in reference to the due administration of Medical Relief to the Sick Poor under the Medical Charities Act, 14 & 15 Vic., c. 68, under section 9 of which, Wardens, as well as Members of Dispensary Committees and Relieving Officers, are the parties empowered to afford Medical Relief, by the issue of Tickets for the same as therein provided, after the necessary arrangements for the purpose shall have been made.

2. With regard to the Districts which it may be advisable to assign to the Wardens, it will be observed that a Warden may be appointed for a Parish, or Townland, or any part thereof. The Commissioners apprehend that it will not generally be necessary to appoint a separate Warden for each Townland, or a subdivision thereof; and difficulty might arise in selecting so many persons willing to act as would be requisite for the appointment of these Officers for such Districts, which would in many cases be of very small extent. As the Guardians are enabled to appoint a Warden for a Parish, or any part of a Parish, the Commissioners suggest for their consideration whether it may not be advisable for them so to arrange the Wardens' Districts as to appoint one at least for each Parish, or portion of a Parish, included in each Electoral Division. The Commissioners, however, are desirous that this suggestion should not be understood as intended to limit the Guardians to this number of Wardens, or to interfere with their discretion in regard to the Districts for which they may think it desirable from local circumstances to appoint them in accordance with the Act.

3. As soon as the Wardens for the ensuing year shall have been appointed by the Board of Guardians, the Commissioners request that they may be furnished with a Return, in the enclosed Form, of their Names and Residences, and of the Districts for which they are respectively appointed, with the other particulars indicated by the Form.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk of the Board of
Guardians of each Union.*

No. 3.—SUBSTITUTE for MEDICAL OFFICER in case of his Disability, from Illness, &c. :—Circular to Dispensary Committees.

Poor Law Commission Office, Dublin.
3rd June, 1853.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland having had their attention called to some cases which have occurred in the administration of the Medical Charities Act, in which the Medical Officer of a Dispensary District had become temporarily disabled from performing his duties, by illness, and in which due provision was not made in sufficient time by the Committee of Management, for the Medical relief of the sick poor, during the Medical Officer's illness, by the appointment of a substitute for him, the Commissioners consider it desirable to state, that where the Medical Officer of a Dispensary District becomes temporarily unable, through illness, to discharge his duties, he should immediately communicate with the Chairman and Honorary Secretary of the Committee, and should recommend to the Committee a qualified Medical Practitioner, to act as his substitute during his illness; and on the fact of the Medical Officer's illness becoming known, a special meeting of the Committee should be at once called, in accordance with Articles 7 and 9 of the General Rules for the Government of Dispensary Districts, which provide for such meetings in cases of emergency, at which meeting the substitute for the Medical Officer should be appointed.

2. In the event of the Dispensary District becoming wholly deprived of the services of the Medical Officer by his death, or otherwise, a special meeting of the Committee should be in like manner called, and a temporary Medical Officer be appointed to act until an appointment can be made in the ordinary manner; and the necessary steps for the appointment of a Medical Officer for the Dispensary District should be taken, in accordance with Article 15 of the General Rules referred to, as soon as possible.

3. The Medical Charities Act and the General Rules for the Government of Dispensary Districts, having left the question of the remuneration of substitutes for Medical Officers open, each case must be dealt with according to its merits; and where a substitute may be appointed, the Committee should, after consideration of the circumstances of the case, report to the Board of Guardians their opinion as to the manner in which the substitute should be remunerated, and the rate of remuneration which the Committee consider should be allowed, in order to enable the Board of Guardians to determine, in case they consider the remuneration should be paid from the Poor Rates, the amount which should be so paid; and a similar report should be made by the Committee to the Board of Guardians, in the case of a temporary appointment, where the Dispensary District has been wholly deprived of the services of the Medical Officer.

4. The Commissioners request that the Committee will be good

enough to make known the contents of this letter to the Medical Officer for his information and guidance.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Honorary Secretary
of each Dispensary Committee.*

No. 4.—SUBSTITUTE for MEDICAL OFFICER in case of his Disability, from Illness, &c. :—Circular to Boards of Guardians, enclosing a copy of the foregoing Circular to Dispensary Committees (No. 3).

Poor Law Commission Office, Dublin.

3rd June, 1853.

SIR,

I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to transmit herewith, for the information of the Board of Guardians, a copy of a Circular* which the Commissioners have addressed to the Committees of Management of Dispensary Districts, relating to the provision to be made for the temporary performance of the duties of the Medical Officer of a Dispensary District, in case of his being incapacitated by illness from performing them, or in case of the office becoming vacant.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk to the Board of
Guardians of each Union.*

No. 5.—VACCINATION and NOTIFICATION of DISPENSARY ARRANGEMENTS :—Circular to Dispensary Committees, communicated to Medical Officers also, and Copy transmitted to Boards of Guardians in Circular No. 6.

Poor Law Commission Office, Dublin.

SIR,

11th July, 1853.

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland deem it advisable at the present time to call the attention of the Committees of Management and Medical Officers of Dispensary Districts to the provision made under the Medical Charities Act for the performance of Vaccination.

2. From Returns which the Commissioners have had before them, and from the Reports of their Medical Inspectors, they have observed that in many Districts this part of the duty of the Medical Officer appears to have been performed with much zeal and success, a large number of cases in which the operation has been duly and successfully performed being reported. But in other Districts, on the other hand, it appears that the number of cases of Vaccination performed by the Medical Officer has been very small, that few applications for Vaccination have been made to him, and that in some Districts no applications at all have been made to the Medical Officer for Vaccination during considerable periods, and the practice

* No. 3, page 27.

appears in fact in such cases to have fallen into disuse as a part of the Dispensary duty. At the same time, it appears from reports recently received, that small-pox has been prevalent in several Districts, and that the practice of inoculation with small-pox virus has extensively prevailed, and is still prevalent, in some Districts.

3. With regard to the injurious practice of inoculation with small-pox virus, the Commissioners desire to call attention to the provisions of the 8th section of the Act of Parliament passed in 1840 for the Extension of Vaccination, (3 & 4 Vic., cap. 29), by which inoculation with small-pox is made an offence punishable as therein provided. The section, which still continues in force, enacts, "that any person who shall, from and after the passing of this Act, produce or attempt to produce in any person, by inoculation with variolous matter, or by wilful exposure to variolous matter, or to any matter, article, or thing, impregnated with variolous matter, or wilfully by any other means whatsoever produce the disease of Small-pox in any person in England, Wales, or Ireland, shall be liable to be proceeded against and convicted summarily before any two or more Justices of the Peace in Petty Sessions assembled; and for every such Offence shall, upon conviction, be imprisoned in the common Gaol or House of Correction, for any term not exceeding one Month."

4. The 13th section of the Medical Charities Act, 14 & 15 Vic., cap. 68, provides that "the Medical Officer of every Dispensary District, constituted under this Act, shall, and is hereby required, to vaccinate all persons who may come to him for that purpose;" and the Commissioners, in their Circular of the 7th July last,* recommended, with a view as far as possible to prevent any impediment to persons obtaining the benefit of Vaccination, as well as Medical Relief where requisite, through ignorance as to the proper parties to whom they shall apply, or the places at which they should apply, under the new arrangements, that printed Notices or Placards should be procured and posted in conspicuous places throughout the Dispensary District, as well as at each Dispensary itself; such Notices stating the locality of the Dispensary or Dispensary Stations in the District, the days and hours of attendance at each, the name and residence of the Medical Officer, and other particulars, and also announcing that a Ticket is not required for Vaccination, as in the case of an application for ordinary Medical Relief.

5. As changes occur from time to time in the parties authorized to issue tickets for Medical Relief, and otherwise in the Dispensary arrangements, it is desirable that such Notices should be renewed from time to time, and posted at each Dispensary after the completion of the Committee of Management, and appointment of Wardens in each year; but it appears that at the time of the Inspector's attendance in some Districts, such notices or placards had not been circulated or posted in accordance with the Circular of 7th July last,* probably owing in some cases to the Committee of Management not having been duly completed at the time. As the constitution of the Committees for the present year is now generally

* Circular of 7th July, 1852, in First Annual Report, App. A, No. 39, p. 71.

complete, the Commissioners recommend that if such notices announcing the existing Dispensary arrangements are not posted in the District, steps should now be taken for obtaining and circulating them in manner suggested, by having them posted in conspicuous places throughout the District as well as at the Dispensary itself. With this view, a copy of the Form of Notice filled up with the necessary particulars, should be transmitted to the Board of Guardians, with a requisition for the number of copies required; and it may be advisable under the circumstances above stated, to add to the form of placard suggested, a notification of the provisions of the Vaccination Extension Act, above referred to, by printing section 8, as above quoted from that Act, on the placard itself. A copy of the form of Notice amended accordingly is annexed hereto;* and the Commissioners recommend that steps should be taken for procuring and circulating copies without delay, if similar notices in this form or the form heretofore in use are not already issued. It would also be desirable that in all cases a Notice should be painted, or affixed by a board, on the exterior of the Dispensary, in a form similar to that hereto annexed.†

6. The Commissioners desire further to point out that there is no restriction or limitation as to the classes or description of persons who may avail themselves of the above provision for obtaining the benefit of Vaccination. The Act passed in 1840 "to extend the practice of Vaccination," provided for the Vaccination of all persons who might come for that purpose. The Medical Charities Act, which has put an end to the separate contracts for Vaccination which previously existed, and requires that Vaccination should be performed as part of the ordinary duty of the Medical Officers of Dispensaries, provides in like manner that they shall vaccinate "all persons who may come" to them for that purpose.

7. In some districts it appears to have been a practice to require that a sum of money, (as a shilling or other amount,) should be deposited with the Medical Officer, by every person bringing a child to be vaccinated, such deposit to be returned after the child shall have been presented again for inspection on a subsequent day. In reference to this practice, the Commissioners desire to observe that there is no provision in the Medical Charities Act authorizing such a course; and the Medical Officer would not be justified in refusing to vaccinate without receiving a pecuniary deposit, which could not be made compulsory.

8. The object of the practice here alluded to appears to have been to induce the parties bringing children for Vaccination, to present them again on a subsequent day for inspection, in order that it may be ascertained that the operation has had a successful result. But it appears from reports which the Commissioners have received, that this object has not been uniformly attained by the practice of requiring a pecuniary deposit, as in many instances persons of sufficient means to be able to leave a pecuniary deposit have

* See Form of Notice prescribed for the future, annexed to General Regulations of 16th December, 1853 (No. 9, Article 16, p. 39, Form N, p. 55).

† Form O now annexed to General Regulations of 16th December, 1853, (No. 9, Article 16, p. 39, and Form O, p. 56).

not again presented themselves after the first application, and have not applied for the return of the deposit. On the other hand, it is to be apprehended that if it were generally understood that a pecuniary deposit, however small, were required, it would operate amongst the poorer classes as a check to their availing themselves of the benefit of Vaccination, which it has been the object of the Legislature to promote and extend as much as possible; and it may be observed that the inconvenience to the poor, of requiring such deposit, is in direct proportion to their want of means, its tendency being to check the applications to the Dispensary for Vaccination, from those who are unable to procure it out of their own resources, and who are therefore the fittest objects for obtaining the advantage of gratuitous Vaccination at the Dispensary.

9. The Commissioners trust that the Medical Officer will impress on all persons applying to him for Vaccination, the importance and advantage of bringing the children again for subsequent inspection, and will endeavour by every proper means to induce them to do so: but at the same time they do not consider it advisable that for this purpose any course should be adopted, such as that of requiring a pecuniary deposit, which may have the effect of altogether preventing a person from applying, and which is not sanctioned by the Act of Parliament. Vaccination where properly performed is, in a large proportion of cases, successful on the primary operation; and it is better that this should be performed than that any obstacle to it should arise from the attempt to enforce the return of the applicant by requiring a pecuniary deposit.

10. The Medical Officer should, wherever practicable, induce the parties applying, to present the child again on a subsequent day for inspection, not only with a view to its being ascertained that the Vaccination has been successful, but also for the purpose of keeping up a supply of vaccine lymph. The Medical Officer should take care to keep up sufficient supplies of vaccine lymph, at the Dispensary, and when the supply taken from persons presented there fails, or where the Medical Officer cannot otherwise obtain it, application should be made to the Board of Guardians in the usual manner for a fresh supply. The Commissioners have addressed the Board of Guardians in reference to the supply of vaccine lymph; and in cases where they subscribe for the Dispensary to the Cow Pock Institution in Dublin, the Medical Officer of the Dispensary District should be apprized of the fact, if not already so informed, in order that he may be enabled to apply direct to the Institution for the lymph required from time to time.

11. The Commissioners trust that the Committees of Management and Medical Officers of Dispensaries will use every means in their power to promote and extend the practice of Vaccination throughout their respective Districts, and to discourage and suppress that of Inoculation wherever the latter is found to prevail. It is unnecessary to dwell on the value and importance of Vaccination as a protection against the suffering and mortality arising from small-pox; but they desire to observe that the general practice of Vaccination will no doubt tend to diminish the labour which would otherwise fall upon the Medical Officer, in case small-pox, from its highly con-

tagious character, should become prevalent amongst the poor in his District ; and at the same time, by tending to prevent the prevalence of this disease, will, no doubt, tend also to the saving of the rates by preventing an increase of sickness and consequent destitution from this cause, whereby the demands for relief at the cost of the rate-payers would be increased.

12. The Commissioners request that this Circular may be communicated to the Medical Officer, as well as laid before the Committee of Management.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Honorary Secretary
of each Dispensary Committee.*

No. 6.—VACCINATION and NOTIFICATION of DISPENSARY ARRANGEMENTS:—Circular to Boards of Guardians, accompanying Copy of foregoing Circular (No. 5), and Forms therein referred to.

*Poor Law Commission Office, Dublin,
12th July, 1853.*

SIR,

1. I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to transmit herewith, to be laid before the Board of Guardians, a copy of a Circular* which the Commissioners have addressed to the Committees of Management of Dispensary Districts, relating to the duties of Medical Officers of Dispensaries under the Medical Charities Act, in regard to Vaccination, and as to the propriety of issuing Notices as thereto annexed, if such Notices are not already in use : and the Commissioners request that the Guardians will be good enough to cause such Notices to be supplied, on the Committee of any District in the Union furnishing the necessary particulars for the same.

2. With a view to the successful performance of Vaccination, it is of importance that proper Vaccine Lymph should be obtained and kept for use at the Dispensaries ; and with reference to the means of ensuring proper supplies of good Lymph, the Commissioners desire to call the attention of the Guardians to their Circular of the 8th July last, in which the Commissioners stated as follows:—

“Inquiries as to the mode of procuring Vaccine Lymph for the use of the Medical Officers of Dispensaries in the Vaccination of persons coming to them for the purpose in pursuance of sec. 13 of the Act, having been received by the Commissioners, they recommend that the Board of Guardians should procure the supplies that may be required for this purpose, from time to time, from the Cow Pock Institution in Dublin, as already suggested by the Commissioners in their Circulars of 7th March and 19th April, 1848, in reference to the supply of Vaccine Lymph for the vaccination of inmates of the Workhouse. The Commissioners understand that in some cases, the orders of the Board of Guardians upon the requisition of the Medical Officers, and Committees of the Dispensaries for the supply of Lymph, having been forwarded to Druggists or Contractors for the supply of medicines, they have procured the Lymph from the Cow Pock Institution, whose charge

* No. 5, p. 28.

for Lymph so procured is 2s. 6d. per packet. It would probably be found more economical and convenient for the Guardians to procure the Lymph direct from the Cow Pock Institution, the Directors of which have made arrangements for supplying it to the Dispensaries in Ireland on payment of 10s. 6d. annually for each Dispensary. As this subscription will insure a regular and sufficient supply of effective Lymph, for each Dispensary District for which the subscription is paid, the Commissioners recommend the Guardians to consider the propriety of procuring the requisite supplies in this manner, if they do not already subscribe to the Institution for this purpose, as has been already done by the Boards of Guardians of various Unions."

3. The Commissioners trust that the Guardians, as well as the Dispensary Committees and Medical Officers, will use every means in their power to promote and extend the practice of Vaccination, and to repress that of Inoculation with small-pox virus in any Districts wherein the latter is found to prevail.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk to the Board of
Guardians of each Union.*

**No. 7.—NOTIFICATION to PERSONS AUTHORIZED TO ISSUE
RELIEF TICKETS, on Expiration of their Term of Office :—
Circular to Clerks of Unions.**

*Poor Law Commission Office, Dublin,
13th July, 1853.*

SIR,

1. The attention of the Commissioners for administering the Laws for Relief of the Poor in Ireland has been called to the fact, that Tickets for Medical Relief, under sec. 9 of the Medical Charities Act, 14 & 15 Vic., c. 68, have been issued by persons who had been Members of the Committee of Management of the Dispensary District, but who had ceased to be so at the time of issuing such Tickets, which were issued after their term of office had expired.

2. Under sec. 9 of the Medical Charities Act, the persons authorized to issue Tickets for Medical Relief in any Dispensary District are the Members of the Dispensary Committee of the District, and any Wardens and Relieving Officers acting in the District. The Dispensary Committees are appointed, in pursuance of sec. 7 of the Act, after the Annual Election of Guardians in each Union, as therein provided, and hold office in each District until the appointment of a new Committee after the next Annual Election of Guardians in the Union. In like manner, Wardens appointed within one month after the Annual Election of Guardians, under sec. 50 of the Irish Poor Relief Act, 1 & 2 Vic., c. 56, hold office for one year, but may be re-appointed.

3. As much inconvenience may arise from persons issuing Tickets for Medical Relief who are no longer authorized to do so, the Commissioners request that whenever any person ceases to be a Member of the Committee, or a Warden, on the expiration of the period for which he is appointed, in case he be not re-appointed, you will take

care to call his attention to the fact, in order that he may be made aware when his power to issue Tickets for Medical Relief ceases. You should at the same time request him to return to you any blank forms of the Tickets for Medical Relief, which had been issued to him in the Medical Relief Ticket Check Books, (Forms E 1 and E 2,) and which may not have been used. A form of Notice has been prepared and is annexed hereto,* which you can use accordingly, for transmission to any member of a Dispensary Committee, or Warden, on the expiration of the term for which he has been appointed, in case he be not re-appointed; and you should obtain the authority of the Board of Guardians for procuring the requisite number of copies of the Notice in the ordinary manner, and for issuing the same, as may be necessary.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of each Union.

No. 8.—INVOICES of MEDICINES, &c.:—Circular to Clerks of Unions.

*Poor Law Commission Office, Dublin,
26th July, 1853.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have received communications from which it has appeared that inconvenience has arisen in some instances owing to the Invoices of medicines and medical appliances received from the Contractors and supplied to the Dispensaries under the Medical Charities Act, not having been forwarded to the Medical Officer of the Dispensary with the supplies.

2. As such Invoices will be of use for comparison with the requisition of the Medical Officer and Dispensary Committee, and with the supplies themselves, for the purpose of ascertaining that the latter correspond therewith, you are requested to take care that the Invoice received from the Contractor on each occasion, or a copy of it, be transmitted to the Medical Officer, to be compared with the articles received by him, and to be filed at the Dispensary.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of each Union.

* See Form of Notice (No. 6), since annexed to General Regulations of 16th December, 1853, (No. 9, Article 4, p. 36; Form No. 6, p. 46).

No. 9.—GENERAL ORDER of 16 December, 1853, containing GENERAL RULES and REGULATIONS under sec. 12 of Medical Charities Act, for the Government of Dispensary Districts, and the Guidance and Control of the Guardians, Committees of Management, and Officers of Dispensary Districts.

TO THE GUARDIANS OF THE POOR of the several Unions named in the Schedule hereunto annexed, and THE CLERKS thereof ; TO THE COMMITTEES OF MANAGEMENT of Dispensary Districts therein ; TO THE OFFICERS of such Districts ; and to all others whom it may concern :

WHEREAS, in exercise of the powers vested in Us by an Act passed in the Fifteenth Year of the Reign of Her Majesty Queen Victoria, intituled, “An Act to provide for the better Distribution, Support, and Management of Medical Charities in Ireland, and to amend an Act of the Eleventh Year of Her Majesty to provide for the Execution of the Laws for the Relief of the Poor in Ireland,” We, the Commissioners for administering the Laws for Relief of the Poor in Ireland, by Orders under our Seal, have declared the Dispensary Districts formed under the said Act, in the several Unions named in the Schedule annexed to this Order :

And Whereas We are empowered and directed by the said Act to frame General Rules and Regulations for the Government of each Dispensary District, and for the Guidance and Control of the Guardians, the Committees of Management, and the several Officers to be appointed in connexion therewith, respectively ; and to alter or revoke such Rules and Regulations, and make such new Rules and Regulations, from time to time, as We may think fit : and We have from time to time made and issued such General Rules and Regulations for the several Unions named in the said Schedule, and the several Dispensary Districts therein, and We now deem it expedient to alter and revise such General Rules and Regulations :

Now therefore, in exercise of the powers so vested in Us, We do hereby revoke and rescind so much of every Order or General Order heretofore issued by and under the Seal of the Commissioners for administering the Laws for Relief of the Poor in Ireland, to any of the Unions named in the Schedule hereto annexed, and now in force, as is in any way repugnant to, or at variance with, the Rules and Regulations herein contained, except so far as the same may have related to the appointment of any of the existing Officers, and except as to any other proceeding already taken, or matter or thing already done, under such Order.

And We do hereby Order, Direct, and Declare, with respect to each and every of the Unions named in the said Schedule, and each and every Dispensary District formed therein under the said Act, as follows :—

COMMITTEE OF MANAGEMENT.

ARTICLE 1.—Immediately on the completion of a new Committee of Management for each Dispensary District after each Annual Election of Guardians in the Union, the Clerk of the Union shall

make a Return, in the Form No. 1, annexed to this Order, to Us the said Commissioners, of the Names and Addresses of the respective Members of the Committee; and in like manner, on any Election by the Board of Guardians of a Rate-payer or Rate-payers to fill any vacancy or vacancies in any such Committee, the Clerk shall make a Return to Us, in the Form No. 2, annexed to this Order.

ARTICLE 2.—The Clerk of the Union shall, on the appointment of a new Committee after each Annual Election of the Guardians of the said Union, send to each Member of the Committee for every Dispensary District, a Notice in the annexed Form No. 3; and on the Election of any Rate-payer to supply a Vacancy at any time in any of the said Committees, the Clerk shall send to him a Notice in the annexed Form No. 4.

ARTICLE 3.—Immediately upon the annual completion of any new Committees as aforesaid, the Clerk of the Union shall furnish each Medical Officer of the respective Districts with a List, according to the annexed Form No. 5, of the Names and Addresses of the Members of the Committee of the District of which he is a Medical Officer; and also of the Names and Residences of every Relieving Officer and Warden acting as such for any Electoral Division included in such District: and the Medical Officer shall lay such List before the Committee of Management at their first meeting after receipt thereof. And the Clerk shall in like manner notify, from time to time, any changes, from death or otherwise, of Members of the Committee of Management, Relieving Officers, or Wardens in any Districts, to the respective Medical Officers thereof, who shall lay such notification before the Committee of Management at their first meeting after receipt thereof.

ARTICLE 4.—Whenever any person ceases to be a Member of the Committee, or a Warden, on the expiration of the period for which he is appointed, the Clerk of the Union shall transmit to him a Notice in the Form No. 6 hereto annexed, apprizing him of the cessation of his power to issue Tickets for Medical Relief, and requiring him to return to the Board of Guardians any forms of the Tickets for Medical Relief, which had been issued to him in the Medical Relief Ticket Check Books, (Forms E 1 and E 2, hereinafter mentioned), and which may not have been used.

ARTICLE 5.—At the first Meeting of the Committee of each District after the annual appointment of a new Committee, they shall elect from their own body a Chairman and Vice-Chairman, each of whom shall continue to act as such until the appointment of a new Committee, unless he shall previously die, resign, or become incapable or disqualified by ceasing to be a Member of the Committee. And if a Chairman or Vice-Chairman die, resign his office, or become incapable or disqualified as aforesaid, to act as such Chairman or Vice Chairman, before the expiration of the term of office for which he was appointed, the Committee shall, within one month after the occurrence of such death, resignation, incapacity, or disqualification, elect some other Member of the Committee to such office, as the case may require.

ARTICLE 6.—The Committee shall at their first Meeting after each

annual appointment of a new Committee, and afterwards from time to time on the occurrence of any vacancy, appoint, from their own body, an Honorary Secretary and an Honorary Assistant Secretary, who shall continue to hold their respective offices during the pleasure of the Committee, or until death, resignation, or disqualification by ceasing to be a Member of the Committee:—Provided that on the termination of the year of office of the Committee, the Secretary and Assistant Secretary, if they continue Members thereof, respectively, need not be re-elected by the Committee, but shall continue to act as Secretary or Assistant Secretary, unless any other appointment to either of those offices be made by the Committee.

ARTICLE 7.—The Committee shall hold Ordinary Meetings from time to time, at the Dispensary or one of the Dispensaries of the District, on such day of the week and at such hour as may be fixed by the Committee, but not less frequently than once in each fortnight, or once in each calendar month, as the Committee, with the sanction of the Commissioners, may determine; and the time fixed for the Ordinary Meetings of the Committee shall be reported to the Commissioners: and the Committee may adjourn any Meeting to any day earlier than the next ordinary day of Meeting, if they shall deem it necessary to do so.

ARTICLE 8.—The Committee may, when they think fit, with the sanction of the Commissioners, change the day or hour for their Ordinary Meetings, and shall cause any such change to be reported to the Commissioners.

ARTICLE 9.—At every Meeting of the Committee, the Chairman, or in his absence, the Vice-Chairman, shall preside; but if at the commencement of any Meeting the Chairman and Vice-Chairman be absent, the Members present shall elect one of themselves to preside at such Meeting as Chairman thereof.

ARTICLE 10.—An Extraordinary Meeting of the Committee may be summoned to be held at any time, upon the requisition of any two Members of the Committee, addressed to the Secretary or Assistant Secretary of the Committee. Every such requisition shall be made in writing, and may be according to the Form A, hereunto annexed; and no business, other than the business specified in the said requisition, shall be transacted at such extraordinary Meeting. Provided that the Chairman or Vice-Chairman, together with the Secretary or Assistant Secretary, may, by a Notice, in Form B, hereunto annexed, summon an Extraordinary Meeting when deemed necessary by them, without a previous requisition from any other Members of the Committee; and an Extraordinary Meeting shall be summoned by any one of these officers on being required by the Commissioners to summon such Meeting.

ARTICLE 11.—At every Meeting of the Committee, the Secretary, or in his absence the Assistant Secretary, or in the absence of both, some Member of the Committee to be appointed Secretary *pro tempore*, shall record the proceedings of the Committee in a Minute-book to be provided for that purpose; and he shall conduct the necessary correspondence and business of the Committee, in accordance with their directions, and shall provide for the safe custody, at the Dispensary, of the books, papers, documents, and cor-

respondence of the Committee, except the books hereinafter directed to be kept by the Medical Officer, which are to be kept in his custody at the Dispensary, and to be laid before the Committee, at their Ordinary Meetings from time to time.

ARTICLE 12.—Notice of every change in the time or place of holding any Ordinary Meeting, and notice of the Adjournment of any Meeting, and notice of any Extraordinary Meeting, shall be given in writing to every Member of the Committee. Every such notice shall be respectively according to the Forms B, C, D, hereunto annexed, and shall be given or sent to every Member of the Committee, or be left at his place of abode two days, if practicable, before the day appointed for the Meeting to which it relates; but if any case of emergency should arise, requiring that an Extraordinary Meeting of the Committee should immediately take place, notice shall nevertheless be given to as many of the Members of the Committee as may be practicable; and they shall meet at the ordinary place of Meeting, and take such case into consideration.

ARTICLE 13.—Every question at any Meeting of the Committee shall be determined by a majority of the votes of the Members present thereat and voting on the question; and when there shall be an equal number of votes on any question, such question shall be deemed to have been lost.

ARTICLE 14.—The presiding Chairman shall be entitled to give one vote upon each question that may be submitted to the Committee, but he shall not, under any circumstances, be entitled to give any additional or casting vote.

ARTICLE 15.—At every Ordinary Meeting of the Committee the business shall be conducted as follows:—

- i. The Minutes of the last Ordinary Meeting, and of any other Meeting which may have been held since such Ordinary Meeting, signed by the Chairman of the Meeting, shall be read to the Committee; and an entry of the same having been so read, shall be made in the Minutes of the day when read.
- ii. The Committee shall examine the Register of persons to whom Medical Relief shall have been afforded since the last Meeting of the Committee; such Register to be in the Form F, annexed to this Order, and to be duly entered up by the Medical Officer, and produced at each Meeting of the Committee.
- iii. The Committee shall give directions regarding all persons so relieved as aforesaid, in pursuance of their powers under the 9th section of the said Act; and such directions shall be recorded and authenticated in the several columns of the Register, in the manner pointed out in the Form hereunto annexed, the presiding Chairman inserting his initials and the date of the Meeting at which each case is submitted, in the columns for the purpose.
- iv. The Committee shall examine and consider any Reports made and entered by the Medical Officer in his Report Book (Form I), since the last Meeting of the Committee, and give the necessary directions thereon, and record the same on their Minutes; and the Committee shall also examine the Medical

Officer's Return (Form L); and the presiding Chairman shall mark the Return as having been submitted to the Committee, with the date of the Meeting at which it is submitted, and sign it accordingly.

- v. The Committee shall, at the first Ordinary Meeting in each month, or in each quarter, as the Board of Guardians and the Committee may determine, receive and consider the Medical Officer's Estimate of the Medicines and Medical Appliances required, and of the quantities thereof used and issued to recipients of Medical Relief since the last previous Estimate, and of the quantities thereof remaining on hand, respectively; and shall forward the same, or a copy thereof, to the Board of Guardians of the Union, with a Requisition for the articles required; and such Estimate and Requisition may be in the annexed Forms M 1 and 2, and shall be made out in duplicate, one copy being retained at the Dispensary.
- vi. They shall also, at the first Ordinary Meeting in each quarter, prepare and forward to the Board of Guardians an account of any incidental Expenses incurred since the last preceding Quarterly Account, with an Estimate of any similar Expenses for the ensuing quarter.

ARTICLE 16.—After the completion of the Committee in each year, they shall cause a Notice to be prepared, specifying the persons and their residences to whom application may be made for Tickets for Medical Relief, the situation of the Dispensary or Dispensary Stations in the District, the days and hours of Attendance at each, the name and residence of the Medical Officer, and such other particulars of the Dispensary arrangements as may be necessary to afford due facility for obtaining Medical Relief and Vaccination where requisite. Such Notice may be in the Form N, annexed to this Order, or in such other Form as may be directed or approved by the Commissioners; and a printed copy thereof shall be posted at each Dispensary in the District, and at such other places in the District as the Committee may deem necessary for the due notification of the Dispensary arrangements. The Committee shall also cause a Notification, in the Form O, to be kept conspicuously painted or affixed on the exterior of each Dispensary in the District.

APPOINTMENT OF PAID OFFICERS.

ARTICLE 17.—The Committee of Management of each Dispensary District shall, from time to time, appoint such Officers as may be directed by Sealed Order of the Commissioners for the service of the Dispensary District, and shall, upon the occurrence of any vacancy, cause the same to be reported to the Commissioners, and proceed to a new appointment.

ARTICLE 18.—No appointment of any Officer directed to be appointed by the Committee, in pursuance of any Order issued under our Seal, shall be made, unless notice that such appointment will be made shall have been given and entered on the Minutes at a Meeting of the Committee one fortnight, at least, preceding the Meeting at which the appointment is to be made, and unless an advertisement giving notice of such appointment shall, by the direction of

the Committee, entered on their Minutes, be inserted in some public paper at least ten days before the day on which such appointment is to be made.

ARTICLE 19.—Every Officer to be appointed in pursuance of any Order under our Seal, shall be appointed by a majority of the Committee present at any Meeting of the Committee, in the manner directed in Article 13 ; and every such appointment shall, as soon as the same shall have been made, be reported to the Commissioners by the Secretary or Assistant Secretary of the Committee.

MEDICAL OFFICER.

ARTICLE 20.—The Qualification of every Medical Officer to be appointed by the Committee of Management of any Dispensary District, shall be as follows ; that is to say :—

- i. He shall be duly licensed to practise as a Medical Man, and shall have obtained Letters Testimonial of his qualification to practise Surgery, from the Royal College of Surgeons in Ireland, or the Diploma of the Royal College of Surgeons of England, or the Degree or Diploma in Surgery of some other College or Body in Great Britain or Ireland duly authorized to grant the same, and also a Certificate from some recognised Hospital, or Board or Court of Examiners, or other Body duly authorized to grant the same, of his possessing a competent knowledge of Midwifery: Provided that where the number of Medical Officers to be appointed for a Dispensary District shall be more than one, any part of the above qualification may be dispensed with, which We, the said Commissioners, shall, under the circumstances of each case, deem it unnecessary to require.
- ii. He shall have reached the age of 23 years.
- iii. Provided that any Medical Practitioner who shall be declared by Us to be the Medical Officer of a Dispensary District, or who shall be nominated by Us for selection for the Office of Medical Officer of a Dispensary District, under the provisions of the 14th Section of the said Act, shall be, and is hereby, excepted from the operation of this Article.

ARTICLE 21.—The Duties of every Medical Officer of a Dispensary District under the said Act, shall be as follows ; that is to say :—

- i. He shall attend at the Dispensary of the District or Division of a District under his charge, on such days, and at such hours, as the Committee of Management may direct, for the purpose of affording Medical Relief to any poor person applying for the same and presenting a Ticket as hereinafter provided, and for the Vaccination of all persons who may come to him for the purpose.
- ii. He shall duly and punctually attend upon, either at the Dispensary during the appointed hours for attendance thereat, or at the home of the party on whose behalf application is made, or elsewhere, as the case may require, and supply all requisite Medical and Surgical advice and assistance to every Poor Person in the District or Division of a District under his charge, whom he shall be required to attend as

Medical Officer, by a Ticket in the Form E 1, or E 2, annexed to this Order, signed by a Member of the Committee of Management of the Dispensary District, or by a Relieving Officer or Warden, acting for any Electoral Division included in such District; and all such Tickets received by the Medical Officer shall be filed and preserved by him at the Dispensary.

- iii. He shall give a certificate under his hand to the Committee of Management, or the Board of Guardians, or the Relieving Officer, when called upon to do so, of the state of health of any Dispensary patient attended by him.
- iv. He shall keep and duly enter up the Medical Relief Register and Index thereto, according to the Form F, hereto annexed, and submit the same to the Committee of Management at each Ordinary Meeting; and he shall enter in a separate Book in the Form G, hereto annexed, to be kept at the Dispensary, the Dates of his Attendance, and the Treatment prescribed by him, in the case of each Patient entered in the Medical Relief Register.
- v. He shall Vaccinate all persons who may come to him for that purpose, and shall do and perform all such other acts and things as may be necessary for the purpose of causing such Vaccination to be successfully terminated; and he shall keep a Register, in the annexed Form H, of all cases of Vaccination performed by him as Medical Officer of the Dispensary; and submit the same to the Committee of Management at each Ordinary Meeting.
- vi. He shall submit to the Committee at each Ordinary Meeting, his Report Book (Form I), in which he shall enter any matter which he may deem it necessary to bring under the notice of the Committee, who will take into their consideration any entry which shall have been made therein since the last Meeting.
- vii. If there be within his District, a Bridewell or House of Correction which he is required by the said Act to attend, he shall submit to the Committee at each Ordinary Meeting, in the Form K, hereto annexed, an Account of any Medicines supplied to Prisoners and Inmates in such Bridewell or House of Correction.
- viii. He shall submit to the Committee at each Ordinary Meeting a Return, in the annexed Form L, of the number of Patients attended by him since the Ordinary Meeting immediately preceding; and shall forward a Return of the same to the office of the Commissioners, for each Calendar Month, or for and at such other periods as may be from time to time directed by the Commissioners.
- ix. He shall at the first Ordinary Meeting of the Committee in each month or quarter as may be determined by the Board of Guardians and Committee, deliver or forward to the Committee an Estimate (in the annexed Form M 1.) of any Medicines and Medical appliances required, and of the quantities thereof used and issued to the recipients of Medical

Relief since the last previous Estimate, and of the quantities thereof remaining on hand, respectively.

- x. He shall make such Returns appertaining to the duties of his office as may be from time to time required of him by the Commissioners for administering the Laws for Relief of the Poor in Ireland, or by the Committee of Management or the Board of Guardians.

ARTICLE 22.—If a Medical Officer of a Dispensary District be temporarily incapacitated, by illness or other cause, from performing his duties, he shall immediately, if practicable, communicate with the Chairman or Honorary Secretary of the Committee, and shall recommend to the Committee a Medical Practitioner qualified as hereinbefore provided (in Article 20,) to perform his duties during such temporary incapacity. And on the fact of the Medical Officer's incapacity becoming known, a special Meeting of the Committee shall be at once called, in accordance with Article 12 of this Order, for the purpose of appointing a temporary substitute for the Medical Officer; and the Committee shall report the circumstances of the case to the Board of Guardians, who shall, subject to the approval of the Commissioners, determine the amount of remuneration, if any, to be paid to the temporary substitute. And for the time during which such temporary substitute, appointed by the Committee of Management, shall act as Medical Officer, he shall perform all the duties of the Medical Officer, and shall duly enter up the Books of the Dispensary for such time before any remuneration that may be agreed upon be paid to him.

ARTICLE 23.—In case of the death or resignation of a Medical Officer, the Committee of Management shall, in like manner as provided in Article 22, make provision for the performance of the duties of Medical Officer by a person duly qualified in accordance with Article 20, until the appointment of a Medical Officer shall have been duly made, in accordance with Articles 18 and 19 of this Order, and approved by the Commissioners.

BOARD OF GUARDIANS.

ARTICLE 24.—The Board of Guardians shall pay to each paid Officer duly authorized and appointed for the service of the District, such salary or remuneration as the Commissioners may, from time to time, approve or direct.

ARTICLE 25.—The Salary of each paid Officer duly appointed for the service of the District, shall be payable by the Board of Guardians quarterly, (that is to say, to the 25th March, 24th June, 29th September, and 25th December, respectively, in each year,) and proportionably for any part of a quarter for which he may have acted; and his salary shall be payable up to the day on which he ceases to hold his office or employment, and no longer.

ARTICLE 26.—The Board of Guardians shall, on receipt of the Estimates of the requirements of each Dispensary in the Union, from time to time, and the requisition of the Committee of Management thereon, cause the necessary supplies to be immediately furnished for the use of such Dispensary.

ARTICLE 27.—The Board of Guardians shall from time to time as

may be necessary, cause to be provided a sufficient supply of Books, Stationery, and Forms prescribed by this or any other Order under our Seal, and all other requisites, for the use of each Committee of Management: and shall also cause a sufficient number of Check Books of Medical Relief Tickets, according to the annexed Forms E 1 and E 2, to be provided, and cause a sufficient supply of such Check Books to be furnished to each Member of every Dispensary Committee in the Union, and to each Relieving Officer and Warden therein.

ARTICLE 28.—The Board of Guardians shall include in their half-yearly accounts of expenditure, all Expenses incurred for the service of each Dispensary District in the Union, for the half-year, charging the same to the several Electoral Divisions comprised in the District, according to the net annual value of the rateable property in each Division, as set forth in the last preceding Rate for the Relief of the Poor.

ARTICLE 29.—Immediately after the completion of the half-yearly accounts for the audit thereof by the Auditor of the Union, the Board of Guardians shall cause their Clerk to furnish to the Committee of each Dispensary District, previously to such audit, a statement of all items of Expenses incurred for the District which shall have been included in the half-year's accounts; and such statement shall be made in such Form as may be directed or approved by the Commissioners.

SCHEDULE :—*Names of Unions to which this Order applies.*

Abbeyleix	Carrickmacross	Downpatrick

FORMS REFERRED TO IN THIS ORDER FOR USE BY CLERKS
OF UNIONS.

FORM No. 1.

— UNION.

Annual Return of Committees of Management of Dispensary
Districts in the — Union.

Name of each Dispensary District.	Number of Mem- bers of whom the Committee is to consist, as de- clared by Com- missioner's Order.	Guardians who are Members of the Committee for each District, in pursuance of § 7 of 14 & 15 Vic., c. 63.		Rate-payers elected by the Board of Guardians to be Members of the Committee for each District.	
		Name.	Residence.	Name.	Residence.

(Signature :) — Clerk of — Union.
(Date :) — of — 185—.

FORM No. 2.

— UNION.

— DISPENSARY DISTRICT.

Return of [a Member or Members] of the Committee of Manage-
ment of the — Dispensary District, in the — Union, to
supply [a Vacancy or Vacancies.]

Name [of Rate-payer or Rate-payers] Elected by Board of Guardians.	Residence.

(Signature :) — Clerk of — Union.
(Date :) — of — 185—.

FORM No. 3.

Notice to be given by the Clerk of the Union to each Member of every Dispensary Committee on the Annual Completion of the Committees of Management of Dispensary Districts.

—— UNION. —— DISPENSARY DISTRICT.

SIR,

Notice is hereby given to you, that in pursuance of the provisions of section 7 of the Act 14 and 15 Vic., c. 68, you* a Member of the Committee of Management of the —— Dispensary District, in the above Union; and the next Meeting of the said Committee is to be held at the Dispensary at ——, on ——day, the ——th of ——, 185—, at the hour of —— o'clock in the ——noon.

Check Books containing Tickets for Medical Relief, in the prescribed Forms [are enclosed herewith; *or if the party has been previously appointed and supplied*, can be obtained from me from time to time when those already issued to you have been used.]

Signed this ——th day of ——, 185—.

—— Clerk of —— Union.

To——, of——

** This blank is to be filled by the Clerk with the word "are," where this Notice is addressed to any Guardian who as such is entitled to be a Member of the Committee under § 7. In other cases (i.e. where the Notice is addressed to a Rate-payer elected by the Board of Guardians), the blank should be filled with the words "have been elected by the Board of Guardians of the above Union."*

FORM No. 4.

Notice to be given to any Rate-payer elected by the Board of Guardians to supply a Vacancy in a Committee of Management of any Dispensary District.

—— UNION. —— DISPENSARY DISTRICT.

SIR,

Notice is hereby given to you, that a Vacancy having occurred in the Committee of Management of the —— Dispensary District, in the above Union, you have been elected by the Board of Guardians of the Union to be a Member of the Committee, to supply such Vacancy; and the next Meeting of the Committee is to be held at the Dispensary at ——, on ——day, the ——th of —— 185—, at the hour of —— o'clock, in the ——noon.

Check Books containing Tickets for Medical Relief, in the prescribed Forms [are enclosed herewith; *or if the party has been already supplied*, can be obtained from me from time to time when those already issued to you have been used.]

Signed this ——th day of ——, 185—.

To Dr. or Surgeon, ———, Medical Officer
of ——— Dispensary District.

FORM No. 6.

Notice to be transmitted by Clerk of Union to a Member of a Dispensary Committee, or Warden, on the Expiration of his term of Office, in case he be not re-appointed.

——— UNION. ——— DISPENSARY DISTRICT.

——th of ——— 185—.

SIR,

I am directed by the Board of Guardians of the ——— Union to apprise you that the period for which you were appointed a [Member of the Committee of Management, or Warden, *as the case may be,*] for the ——— Dispensary District, having expired, your power to issue Tickets for Medical Relief in that District, in pursuance of the provisions of the Medical Charities Act, has ceased; and the Medical Officer of the District is not authorized by the Act to afford Medical Relief upon any Tickets hereafter issued by you, unless and until you shall be re-appointed. And you are requested to be good enough to return to the Board of Guardians, for the use of the persons authorized to issue such Tickets, any blank Forms of Medical Relief Tickets in the Check Books, Forms E 1 and E 2, which now remain in your hands unused.

By Order of the Board of Guardians,

To ———, of ——— ———, Clerk of ——— Union.

FORMS REFERRED TO IN THIS ORDER FOR USE BY OFFICERS OF DISPENSARY DISTRICTS.

FORM A.

Requisition for an Extraordinary Meeting of the Committee of Management of Dispensary District.

To the [Hon. Secretary or Hon. Assistant Secretary] of the Committee of Management of ——— Dispensary District, in ——— Union.

We, the undersigned, being two Members of the Committee of Management of the above Dispensary District, do hereby require an Extraordinary Meeting of the Committee of the said District to be summoned, to be held at the Dispensary at ———, on ——— day, the ——— day of ———, 185—, at ——— o'clock in the ——— noon, to take into consideration [set out the subject for consideration.]

Dated this ——— of ——— 185—.

——— } Members
——— } of Committee
——— } of Management.

FORM B.

Notice to be given by the *Secretary or Assistant Secretary*,* convening an Extraordinary Meeting of Committee of Management.

To *A. B.*, Member of the Committee of Management of the — Dispensary District, in — Union.

SIR,—*C. D. and E. F.*, two Members of the Committee of Management of the above Dispensary District, have required* that an Extraordinary Meeting of the said Committee should be summoned, to be* held at the Dispensary at —, on — day, the — day of —, 185—, at — o'clock in the — noon, to take into consideration [*set out the subject, as in Requisition for the Meeting*]; and you are hereby requested to attend such Meeting, at the above-named time and place.

— [Hon. Sec. or Hon. Asst. Sec.] of the Committee.*
Dated this — of —, 185—.

* *The words printed in Italics in this form of Notice (B), may be varied so as to adapt the form for use where an Extraordinary Meeting is called without a previous requisition, as provided for in Article 10 of the Regulations. In such case, the Notice may commence as follows:—"We, the Chairman [or Vice-Chairman] and the Hon. Secretary [or Assistant Secretary] of the Committee of Management of the above Dispensary District, deem it necessary that an Extraordinary Meeting of the said Committee should be held at —," &c. as in the rest of the above form of Notice, which should in this case be signed by the two Officers convening the Meeting. Where the Meeting is convened in consequence of a requirement of the Commissioners, the Notice may commence thus:—"The Commissioners for administering the Laws for Relief of the Poor in Ireland have required," &c. as above; and the Notice in this case should be signed by the Officer convening the Meeting accordingly.*

FORM C.

Notice of Change of Time or Place of Meeting of Committee of Management.

To *A. B.*, Member of the Committee of Management of the — Dispensary District, in — Union.

SIR,—You are hereby informed, that the next Ordinary Meeting of the Committee of Management of the — Dispensary District, in — Union, will take place at the Dispensary at —, on — day, the — day of —, 185—, at — o'clock in the — noon; and it has been determined at a Meeting of the Committee, held on the — instant, that the Ordinary Meetings of the Committee shall in future be held on the — day in each —, at the hour of — in the — noon, at the same place [*or at the Dispensary at —, as the case may be.*]

— [Hon. Sec. or Hon. Asst. Sec.] of the Committee.
Dated this — day of —, 185—.

FORM D.

Notice of an Adjourned Meeting of Committee of Management.

To *A. B.*, Member of the Committee of Management of the — Dispensary District, in — Union.

SIR,—This is to give you Notice, that an Adjourned Meeting of the Committee of Management of the — Dispensary District, in — Union, will be held at the Dispensary at — on — day, the — day of —, 185—, to take into consideration [*set out the subject for consideration*]; which Meeting you are hereby requested to attend.

— [Hon. Sec. or Hon. Asst. Sec.] of the Committee.
Dated this — of — 185—.

Form E 2.

Ticket for Attendance at the Patient's Home.

[No. —.]

To Dr. —, — Medical Officer of — Dispensary District, in
— Union.

SIR,

You are hereby required to visit and afford Medical Advice
and any necessary Medicine, to —, aged —, residing at —,
in the above Dispensary District, who is by occupation a —.

Dated this — day of —, 185 .

(Signed,) —,

*Member of Dispensary Committee,
Relieving Officer, or Warden,
as the case may be.*

DIRECTIONS FOR PRINTING AND FILLING UP MEDICAL RELIEF TICKETS.

(To be inserted on the first leaf of each Check Book.)

Blank Tickets for Medical Relief are to be printed in the Forms E 1 and E 2 in counterparts, and bound up in books; and the Name of the Medical Officer, and of the Dispensary District and Union can be printed in the Tickets for each District, so as to reduce, as far as possible, the number of particulars to be written by the persons filling up and issuing the Tickets.

The Ticket and Counterpart are both to be filled up by the person issuing the Ticket; one part to be retained by the person issuing the Ticket, and the other to be detached from the book and given to the applicant for presentation to the Medical Officer.

Form E 1, which is the form of Ticket to be issued for Medical Relief to be given on the party *attending at the Dispensary*, is to be printed in *black* ink. Form E 2, which is the form of Ticket to be issued where it is necessary that the Medical Officer should *visit the Patient at his home*, is, for the sake of distinction and convenience, to be printed in *red* ink. Care should be taken in the issue of the Tickets accordingly; and Tickets should be issued in the Form E 2, for visiting at the residence of the applicant, in cases of necessity only.

A Visiting Ticket, for the attendance of the Medical Officer at the patient's home, (Form E 2,) may be presented to the Medical Officer either at the Dispensary, within the hours of his attendance there, or at his Residence. If presented at his Residence, it should be presented before * o'clock in the morning, in order to insure his attendance on the same day, where required.

The Ticket in either form is to be issued for the Dispensary District *in which the applicant is resident at the time*; and care should be taken to fill up the Ticket and apprise the applicant accordingly, as the Medical Officer of each Dispensary District is only bound to attend "any poor person *resident therein*."

The Christian Name and Surname of the applicant should be inserted in the Ticket in full; and such description of his place of abode (as, Name of Townland, and where necessary the Parish also; or in case of Cities and Towns, the Street, Place, or Row, &c., and Number of House,) should be given, as will be sufficient for identification and for registration; and with this view the age and occupation of the applicant should also be stated wherever practicable, in any case in which a Visiting Ticket (Form E 2,) is issued. Any further observation which the grantor of the Ticket may desire to make for the information of the Medical Officer, should be written on the front of the Ticket.

* This hour to be fixed by the Committee.

FORM G.—Attendance and Prescription Book.

Attendances and Prescriptions in each Case recorded in Medical Relief Register.

— UNION. — DISPENSARY DISTRICT.

Name of Patient, _____. No. in Register of year 185 _____.

Dates of Attendance.		Prescriptions or Treatment.
At Dispensary.	At Patient's Home.	

Instructions as to Attendance and Prescription Book.

The Attendance and Prescription Book is to be used for a brief record of the treatment of each case, and the cases should be entered, as far as practicable, in the order of numbers corresponding with those in the Register, so that the case of any patient may be readily referred to. The Book should be entered up daily.

The date of *every* attendance on a patient is to be entered, and the description of the treatment or prescriptions may generally be very brief.

The Book should be of sufficient size for this purpose, allowing a separate page for each patient; but a second case can be entered in the same page where sufficient space appears to remain after entry of the first.

FORM H.—Vaccination Register.

— UNION. — DISPENSARY DISTRICT.

Year 185—.		Name, (stating Christian and Surname.)	Place of Resi- dence.	Age.			Sex.	State of Health.	Whether Primary or Secondary Vaccination.	Dates of Days on which observed after Vaccination.				Result : (i.e., whether successful or unsuccessful, and in the latter case whether vaccinated again.)	Observations.
Number.	Date of Vaccination.			Years.	Months.	Days.				4th day.	8th day.	12th day.	16th day.		
Col. 1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16

Instructions for Vaccination Register:—(to be printed at the
beginning of each Book.)

Column 1.—The series of numbers is to run from the beginning to the end of the year, and a fresh series is to be commenced on the 1st of January in each year.

Columns 11 to 14.—The *Dates* of the days of the month on which the case is observed, after Vaccination is performed, should be entered in Columns 11 to 14 respectively, according as the case is seen on the 4th or other days after Vaccination. The 8th and 12th days after Vaccination being those on which it is most important that the child should be presented for inspection, the Medical Officer should impress on the parent or person bringing the child for Vaccination, the importance of presenting the child again for inspection, on those days, and especially on the 8th day. Columns 11 and 14 are inserted in case the child be presented on the 4th or 16th day, as is sometimes the case; but these Columns are not to be filled up unless the child be presented on the days referred to, in which case the dates should be inserted according to the fact.

The Register of Vaccination is to be laid before the Committee of Management at each ordinary Meeting.

FORM I.—Medical Officer's Report Book.

— UNION. — DISPENSARY DISTRICT.

Date.	Medical Officer's Report to Committee of Management.

FORM K.—Bridewell Account.

— UNION. — DISPENSARY DISTRICT.

Medical Officer's Account of Medicines supplied to Prisoners and Inmates in — Bridewell [or House of Correction, *as the case may be,*] in the above Dispensary District, under sec. 15 of 14 & 15 Vic., c. 68.

Number of Prisoners and inmates attended by Medical Officer of Dispensary.				Medicines Supplied.	Quantities thereof.	Dates of Supply of Medicine.
Dates of Medical Officer's Attendance.	Males.	Females.	Total.			
Column 1.	2.	3.	4.	5.	6.	7.
185-.						185-.

FORM L.—Medical Officer's Return.

— UNION. — DISPENSARY DISTRICT.

Medical Officer's Return for the* — ended —, 185-.

* Month, or other period, as may be directed.

Number of New Cases Attended and Registered during the above period.			No. of Tickets cancelled by the Committee during the above period, under § 9 of 14 & 15 Vic., c. 68.	No. of Children Vaccinated during the above period.	No. of Cases of Dangerous Lunatics certified under § 15 of 14 & 15 Vic., c. 63.	No. of New Cases during the above period, attended in Bridewell or House of Correction under 14 & 15 Vic., c. 68, § 15 (if any in District).	OBSERVATIONS. (In case of any Disease being unusually prevalent, state hereunder the Name of the Disease, and the Number of Cases of it in the above period.)
On Dispensary Tickets, (Form E 1.)	On Visiting Tickets, (Form E 2.)	Total.					
Col. 1.	2.	3.	4.	5.	6.	7.	

Number of Medical Officers for the District? .
 Number of Dispensary Stations for the District? .
 Dispensary Days, and Hours of Attendance at each Dispensary Station in the District? .
 Days fixed for Ordinary Meetings of the Committee?

(Date:) — day of — 185 .

(Signature:) — Medical Officer of — Dispensary District, in — Union.

Laid before the Committee of Management, this — day of —, 185-.

(Signature:) — Presiding Chairman.

Instructions as to the Medical Officer's Return (FORM L).

Columns 1 to 3 are to include the number of new cases recorded in the Medical Relief Register during the period for which the Return is made.

Column 4: the number of Tickets cancelled should be the sum of those

recorded in Columns 20 and 21 of the Medical Relief Register, as cancelled during the period to which the Return relates.

Column 5: the number of cases of Vaccination should be the number of those recorded in the Vaccination Register during the period for which the Return is made.

Column 7 is to be filled (if there be any Bridewell or House of Correction in the District attended by the Medical Officer, in pursuance of the Act) with the number of Inmates recorded in Column 4 of the Bridewell Account (Form K) as having been attended during the period for which the Return is made.

FORMS M 1 & 2.—Estimate and Requisition for Medicines, &c.

FORM M 1.—Estimate of Medicines, &c., required.

— UNION. — DISPENSARY DISTRICT.

Medicines or Articles required.	Stock on hand at last Estimate, and Supply since received thereon.	Since used.	Remaining on hand.	Quantity now required.

(Signature:) —,

Medical Officer of — Dispensary.

Approved by the Committee of Management of the — Dispensary District, this — day of — 185 .

(Signature:) —,

Presiding Chairman of Committee.

FORM M 2.—Requisition transmitting preceding Estimate, or a Copy thereof, to the Board of Guardians.

— UNION. — DISPENSARY DISTRICT.

— 185 .

SIR,

By direction of the Committee of Management of the above Dispensary District, I herewith forward to be laid before the Board of Guardians of the — Union, an Estimate of Medicines, &c., required for the use of the said Dispensary District; and am to request that the Board of Guardians will cause the same to be immediately supplied to the Medical Officer of the said Dispensary District, for the Dispensary situate at —.

By order of the Committee,

— { Hon. Secretary, or
Hon. Asst. Secretary.

To the Clerk of the Board of Guardians
of — Union.

FORM N.—Notice for Posting up at each Dispensary and other places in Dispensary Districts.

NOTICE.

— UNION.

— DISPENSARY DISTRICT, consisting of the Electoral Division of —, in the above Union. [*It is desirable that such description, by Parishes or otherwise, should be given of the District as will enable the poor to understand what localities are included in it.*]

Dispensary situate at — (*a sufficient description of the locality to be given*).

Times of attendance of the Medical Officer at the Dispensary, every — day and — day, from — o'clock to — o'clock. Tickets for Medical Relief on attendance of the party at the Dispensary must be presented at the Dispensary within the hours and on the days here named.

Medical Officer, Dr. —, of — (*his place of residence to be stated*).

Visiting Tickets, for the attendance of the Medical Officer at the patient's home, may be presented to the Medical Officer either at the Dispensary or at his Residence; but if presented at his Residence, they should be presented before — o'clock in the morning, in order to insure his attendance on the same day where required.

The Committee of Management of the Dispensary District meet at the Dispensary situate at — on every —, at — o'clock in the — noon (*state ordinary day and hour of meeting*).

The following are the persons authorized to issue Tickets for Medical Relief in the above District:

Committee of Management:

(*state names and places of residence*).

Wardens:

(*state names and places of residence*).

Relieving Officers:

(*state names and places of residence*).

Without a Ticket being presented from one of the above persons, the Medical Officer is not bound to attend or afford Medical Relief to any poor person. But Vaccination is performed without a Ticket being required.

Children Vaccinated gratuitously during the hours of attendance of the Medical Officer at the Dispensary, as above mentioned; and they should be afterwards brought again for examination of the arm, on such days as the Medical Officer may direct in each case.

All persons are hereby cautioned against the dangerous practice of Inoculation; and poor persons are advised to present their children (if they have not been already successfully vaccinated) at the Dispensary, for Vaccination, as the best preservative against Small-pox. Vaccination is performed at the Dispensary, as above stated, on application, without any ticket or payment being required. By an Act of Parliament passed on the 23rd of July, 1840 (3 & 4 Vic., cap. 29), entitled "An Act to extend the practice of Vaccination," the practice of Inoculation with Small-pox virus is made punishable by imprisonment. The following are the words of the 8th section of the Act:—

Extract from 3 & 4 Vic., cap. 29.

"§ 8. And be it further enacted, That any person who shall, from and after the passing of this Act, produce or attempt to produce in any person, by Inoculation with variolous matter, or by wilful exposure to variolous matter, or to any matter, article, or thing impregnated with variolous matter, or wilfully by any other means whatsoever produce the disease of Small-pox in any person in England, Wales, or Ireland, shall be liable to be proceeded against and convicted summarily before any two or more Justices of the Peace in Petty Sessions assembled; and for every such offence shall, upon conviction, be imprisoned in the common gaol or house of correction, for any term not exceeding one month."

By order of the Committee of Management,

— Honorary Secretary.

FORM O.—Form for a Board or Inscription to be conspicuously placed on the Exterior of each Dispensary.

DISPENSARY.

Open on* —days and —days, from — to — o'clock.

Vaccination gratis. Medical Officer, Dr. or Surgeon (*his name*), of (*his residence*).

* *Name the several days of the week determined upon by the Committee for the purpose.*

Sealed with our Seal, this Sixteenth day of December,
in the Year of Our Lord One Thousand Eight
Hundred and Fifty-three.

(L.S.)

(Signed,)

A. POWER,
J. M'DONNELL, M.D.
E. SENIOR.

ST. GERMANS.

I, EDWARD GRANVILLE, EARL OF ST. GERMANS, Lord Lieutenant-General and General Governor of Ireland, do approve this Order.

By His Excellency's Command,

THOS. A. LARCOM.

No. 10.—CIRCULAR of INSTRUCTIONS to MEDICAL OFFICERS of Dispensary Districts, accompanying the foregoing General Regulations.*

*Poor Law Commission Office, Dublin,
22nd December, 1853.*

SIR,

1. The Commissioners for administering the Laws for relief of the Poor in Ireland, having deemed it expedient to revise the General Rules and Regulations for the government of Dispensary Districts, have issued a General Order, dated the 16th December, 1853,* containing amended Regulations for the government of Dispensary Districts, in pursuance of § 12 of the Medical Charities Act, 14 & 15 Vic., c. 68; and the Commissioners have directed that a copy of this Order, under their seal, be transmitted to you for your future guidance.

2. The Commissioners refer you to Sections 9, 13, 15, and 19 of the Act, and to Articles 3, 21, and 22 of the Regulations contained in the Order of 16th December, 1853,* as setting forth your duties as Medical Officer of a Dispensary District under the above Act.

3. The first-named section (§ 9 of Medical Charities Act) provides that, "every Member of the Dispensary Committee, and every "Relieving Officer and Warden acting for an Electoral Division "included in such Dispensary District, shall have power to afford "Medical Relief by the issue of a Ticket for Medicine and Advice, "or a Ticket, in such Form as the said Commissioners shall pre- "scribe, addressed to the Medical Officer of the District, directing "him to afford Medicine and Advice to, or attend any poor person

* No. 9 (page 35.)

“resident therein ; and it shall be the duty of the Medical Officer “to afford Medicine and Advice, or to attend such poor person as “thereby directed.” Some misapprehension having appeared to prevail in some instances as to the effect of these provisions and the instructions contained on the Forms of Tickets heretofore in use, the Commissioners have revised the Forms of Tickets and the Instructions relating to them, so as to obviate any doubt in future as to the duty and responsibility of the Medical Officer in regard to the due and punctual attendance on any patient on whose behalf a Ticket requiring his attendance is presented, and at the same time to simplify the forms as much as practicable, and reduce the trouble of filling them up. The Regulations on this subject now issued, require that the Medical Officer “shall duly and punctually attend “upon, either at the Dispensary during the appointed hours for “attendance thereat, or at the home of the party on whose behalf “application is made, or elsewhere, as the case may require, and “supply all requisite medical and surgical advice and assistance to “every poor person” in the District, on whose behalf a Ticket, in the prescribed Form, is presented : and the Medical Officer will be responsible for the due performance of this duty, and for any unnecessary delay which may occur in attending any patient after the presentation of a Visiting Ticket to him on behalf of such patient, whom he is bound thereupon duly and punctually to attend.

4. The Commissioners desire further to point out, as already intimated in the Instructions issued on a former occasion, that a Ticket for Medical Relief continues in force until it is cancelled by the Committee, in pursuance of the proviso in § 9 of the Act, or as long as the patient continues to present himself at the Dispensary in the case of a Ticket in the Form E 1, or until the termination of the case, if the Ticket be a Visiting Ticket in the Form E 2 : and in the latter case, the Medical Officer is bound to continue his attendance in pursuance of a Visiting Ticket until such attendance is no longer required. If the Medical Officer have reason to believe any case to be an unfit one for the continuance of Medical Relief, it is competent to him at any time to report the circumstances of the case to the Committee for their directions : and with the view of enabling the Medical Officer to discharge any patient from the books by filling up the column for the last attendance at the Dispensary in the Register, (Form F, column 12 in the new Order,) it may be necessary for the Committee to adopt some rule or instruction for his guidance in this respect, in cases where the patient ceases to attend for a given period, without being discharged as cured, and without his case being reported accordingly. In some instances, it seems to have been considered that if a person has not presented himself at the Dispensary for a fortnight, and in some cases for a period as short as ten days, he should be considered as no longer under treatment : but the Commissioners are disposed to think that this period is too short ; and they have addressed the Dispensary Committee accordingly.

5. A difficulty also arises, in reference to the filling up of column 14 of the Medical Relief Register, headed “Result (as relieved, cured, died, &c.)” where the patient ceases to attend at the Dispen-

sary without apprizing the Medical Officer. In the case of patients attended by the Medical Officer at their own homes, he will be able readily to record the result of a case which he so attends to its termination. With respect to patients attended at the Dispensary, in case of uncertainty as to the result after their last attendance there, and where the Medical Officer is not enabled to record their cure, or other ascertained result, he should enter in column 14 of the Register, the words "no further appearance," after the date of last attendance contained in the previous column, (12 or 13,) or make some similar entry according to the facts of the case.

6. By the Regulations now issued, the Dispensary Books and Forms have been reduced in number, and in some respects modified, with a view to render them more simple and diminish the labour of the Medical Officer in this respect, as far as is consistent with a due record of the cases treated, of the nature and amount of relief afforded, and of the ordinary duties of the Medical Officer. With this view, it has been deemed unnecessary to retain in the Regulations, the Case Book, the Index to that book and to the Registers, and also the Monthly Return (Form K in previous Regulations). These three books being now dispensed with, a considerable diminution will, it is hoped, be effected in this part of the duties of the Medical Officer.

7. It will however, doubtless, be convenient and necessary to have a ready means of reference to cases recorded in the Medical Relief Register; and with this view, provision has been made for a brief index to the names and numbers therein, to be contained in the same book; and the Commissioners recommend that this Index should be entered up daily in accordance with the last paragraph of the Instructions at the foot of Form (F).

8. The Commissioners, in their Circular of 6th July, 1852, adverted to some diversity of practice which had appeared to prevail with regard to the mode of filling up some of the Dispensary books: and with a view to avoid future misapprehensions in reference to those now retained, the Commissioners deem it advisable to repeat, with the requisite adaptations, such of the Instructions contained in that Circular as are applicable to the duties of the Medical Officer under the present Regulations.

9. With regard to the *Medical Relief Register* (Form F), it appears to have been erroneously supposed, in some instances, that *each attendance* on a patient at the Dispensary, or *each visit* to a patient at his own home or elsewhere, is to be recorded in this book, which would render it necessary that the same case should be entered several times in the Register, (either with a fresh number or with the same number repeated,) instead of being entered therein *once only*. That a new entry is not intended to be made *in this book*, during the continuance of the patient's illness, will be evident from the Instructions on the Form, which state that "the same patient is not to have a second number, except in the event of a second or subsequent illness within the year, in which event he should, on presentation of a fresh Ticket, be registered again with a fresh number, as a new case." In this event, a reference should be also made, in the column for observations, to his previous number."

The *several attendances* on the patient, at the Dispensary or elsewhere, are to be recorded in the Attendance and Prescription Book.

10. In column 2 of the Register ("Date of Ticket") is to be entered the date which the Ticket bears, as inserted thereon by the person issuing the Ticket ; and if the Medical Officer thinks fit, he can add in the column for observations the date of its presentation to him, in any case where he may deem it necessary or advisable to do so.

11. In regard to columns 12 and 13 of the Medical Relief Register (headed in the late Order, "Date of last Attendance" at the Dispensary or patient's home), it appears to have been erroneously supposed, in some instances, that this was intended for the date of the last attendance *at the time of laying the Register before the Committee*, or for the date of *each* attendance. The columns here referred to are intended to contain the date of the *final attendance upon the case*, either at the Dispensary or at the patient's home—that is to say, the *last attendance at the termination of the case* ; column 3 or 4 ("Date of First Attendance"), and column 12 or 13 ("Date of Final Attendance"), taken together, thus showing the duration of the case. In order that the Medical Officer may be enabled correctly to fill up these columns, it will be necessary for him to refer to the record of attendance and prescriptions in each case.

12. The methodical arrangement and preservation of these particulars is, therefore, a matter of much practical importance, and if carefully carried out, will provide a permanent record of the treatment of the patient. The Commissioners annexed to their Circular of 6th July, 1852, a form of Prescription or Treatment Paper, intended to include also the date of each attendance, such as had been adopted at some Dispensaries, but simplified in some respects, so as to adapt it for use in the Dispensary Districts generally. These Papers, as well as the Tickets presented on the application for Medical Relief, should be preserved at the Dispensary, where they may be required for reference ; and this record of Attendances and Prescriptions, being regarded as of importance, the Commissioners have directed that these particulars shall be entered and preserved in a book, called in the present Regulations, the *Attendance and Prescription Book* (Form G), as part of the duty of the Medical Officer. The directions as to this book are not designed in any way to interfere with the discretion and professional responsibility of the Medical Officer in the treatment of the individual cases which he has to attend. The particulars to be entered therein, as to the treatment or prescriptions, may generally be very brief, as pointed out in the Instructions on the Form, and the Commissioners request that they may be carefully and regularly attended to. With this view the requisite particulars should be entered up daily, in regard to any cases attended on each day.

13. The *Vaccination Register* (Form H in the present Regulations), has been simplified by retaining only one column for the entry of the word "Primary" or "Secondary," and one column for the entry of the word "Successful" or "Unsuccessful," as the case may be,

instead of four columns for such entries: and a column for the "Sex" of the child has been added. The Commissioners request your attention to the Instructions at foot of the Form, and they take this opportunity of again impressing on you the importance of the duties of the Medical Officer in regard to the Vaccination of all persons who may come to him for the purpose, in pursuance of § 15 of the Act. In the case of persons coming for Vaccination it is not necessary that a Ticket should be obtained and presented, as is required, where application is made for Medical Relief. The Medical Officer should take care, as far as practicable, to keep up a supply of Vaccine Lymph, for use at the Dispensary; and where such supply obtained from children presented to him for Vaccination is insufficient, he should make a requisition for the necessary supply, in the ordinary manner. The Commissioners transmit herewith another copy of their Circular of the 11th July, 1853,* on the subject of Vaccination, to which they desire again to call your attention.

14. A *Report Book* (Form I) is directed to be provided, in which the Medical Officer should report to the Committee of Management any matters to which it may be requisite for him to call their attention, in connexion with the due execution of the provisions of the Act and the Regulations in the District for which he is appointed, and the performance of his duties therein. In this book he can report from time to time to the Committee as to the sanitary state of his District generally, upon which he should especially report to them in case of the prevalence of any epidemic disease. And, in the event of any case of Inoculation with small-pox virus coming under his notice, he should report the facts to the Committee with a view to steps being taken for the punishment of any person pursuing this illegal practice, if the offender be known, in pursuance of § 8 of the Vaccination Extension Act, 3 & 4 Vic., c. 29, referred to in the enclosed Circular of 11th July last.*

15. The 15th section of the Medical Charities Act requires, that the Medical Officer of a Dispensary District should submit to the Dispensary Committee an Account of the medicines which he may supply to the prisoners and inmates of any Bridewell or House of Correction which he is required by the Act to attend within his District. The form of *Bridewell Account* (Form K) has been prepared accordingly; but the Commissioners have not deemed it necessary to retain in this Form the Column for the *Cost* of the medicines supplied to such inmates from the Dispensary stock, the Medical Officers not having the means in all cases of stating the amount according to the prices in the contracts made by the Guardians for the supply of medicines for Dispensary Districts.

16. With regard to the *Medical Officer's Return* (Form L), the Commissioners request that this Return may be transmitted to them for each calendar month, immediately on the close of the month. This form supersedes the Monthly Return heretofore required, which, however, should be transmitted for the *present* month, and the new Form (L) should commence with and for the next month, and be forwarded immediately after the close of January next, and of each succeeding month, until otherwise directed.

* No. 5, page 26.

17. With regard to the periodical Estimate and Requisition for Medicines, &c., (Forms M 1 and 2), it appears to have been in some cases supposed, that on each occasion when an Estimate is sent in, it should contain an account of *all the articles in the Dispensary*, which would involve the necessity of taking stock of the entire contents of the Dispensary on every such occasion. The heading of the Form of Estimate (M 1), is "Estimate of Medicines, &c., *required*;" and the particulars indicated in the Form need only be filled up, (in accordance with Article 15, No. v, and Article 21, No. ix, of the Regulations,) in reference to those Medicines, &c., *of which a further supply is required*, stating in the respective columns for the purpose, the stock which was on hand of these articles after the last previous supply, the quantity since used and remaining, (which can be *estimated* as nearly as may be,) respectively, and the further quantity required. The Estimates and Requisitions for Medicines are to be made out in duplicate, one copy for transmission to the Guardians, and one to be retained at the Dispensary for comparison with the supply afterwards received, the Invoice of which the Commissioners have requested the Clerk of the Union to forward to the Medical Officer, to be retained and filed at the Dispensary in all cases.

18. The Commissioners having received communications from the Medical Officers of various Dispensary Districts, in reference to the direction as to column 1 of the Medical Relief Register (Form F), in the late Regulations, relating to the period when a fresh series of numbers is to be commenced, and inquiries having been made whether the year is to be taken as commencing on the 1st of January in each year, or to be reckoned from the date at which Dispensary Relief under the Medical Charities Act commenced in the respective Districts, or from what other date, the Commissioners have to state, for the guidance of Medical Officers generally, in reference to the Medical Relief Register, as well as the Vaccination Register, that the year should be considered as terminating with the 31st of December, and a new series of numbers be commenced with the commencement of each new year, on the 1st of January, in accordance with the Instructions appended to the Form in the new Regulations.

19. It will not, however, be necessary to close the existing Register and commence a fresh book, unless the present book be filled. The existing Register should continue to be used until it is filled up, a short space being left between the last cases in the old year and the first case in the new year; the date of the new year (1854 for the next year,) being also inserted immediately above the first entry for the new year. And it will not be necessary to apply for any books in the amended Forms prescribed by the present Regulations, where the corresponding books in the Forms annexed to the previous Regulations are in use and not yet filled up; as such books can be continued in use until they are filled up. But in case the Attendance and Prescription Book be not at present in use, it should be at once obtained in the usual manner, and care should be taken that any books hereafter required should be obtained in the

Forms directed to be used for the future, by the Regulations contained in the General Order of 16th December, 1853.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To each Medical Officer
of a Dispensary District.*

No. 11.—CIRCULAR of INSTRUCTIONS to COMMITTEES of MANAGEMENT of DISPENSARY DISTRICTS, accompanying the foregoing General Regulations.*

*Poor Law Commission Office, Dublin,
22nd December, 1853.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland forward herewith to the Dispensary Committee, a copy of a General Order under the Commissioners' Seal, dated 16th December, 1853,* containing amended Rules and Regulations issued by them in pursuance of § 12 of the Act 14 & 15 Vic., c. 68, for the Government of Dispensary Districts, and for the guidance of Boards of Guardians and the Committees of Management and Officers of the Dispensary Districts, respectively.

2. The Commissioners at the same time enclose for the information of the Committee, a Copy of a Letter† which has been addressed to the Medical Officers of the several Dispensary Districts, and of the Circular‡ referred to therein.

3. The General Rules now transmitted include some regulations and instructions heretofore contained in the Orders declaring Dispensary Districts issued before the Committees for the same were constituted, and in Circulars issued from time to time by the Commissioners. Thus Articles 3 & 4 contain regulations with a view to each Medical Officer and Committee of Management being kept informed, at all times, of the Names and Residences of all the persons authorized, under § 9 of the Act, to issue Tickets for Medical Relief in the Dispensary District, and of the cessation of such authority on the termination of the period, for which any of such persons shall have been appointed; Article 16 relates to the due Notification of the Dispensary arrangements, and Articles 22 and 23 relate to the provision to be made for the performance of the duties of the Medical Officer in case of his inability to perform them, from sickness or other sufficient cause.

4. In consequence of numerous applications received by the Commissioners, they have in Article 7, made provision enabling the Committee of Management to hold their ordinary meetings for the transaction of the general business of the Dispensary, either once in each fortnight or in each calendar month, as the Committee may deem sufficient and fit, subject to the Commissioners' sanction. But such meetings can be held at any shorter intervals if deemed desirable or necessary; and in reference to the due revision of the cases entered

* General Order of 16th December, 1853, No. 9, (page 35).

† Circular to Medical Officers, No. 10. (page 56).

‡ Circular of 11th July, 1853, No. 5, (page 28).

in the Medical Relief Register, in pursuance of the regulations in that behalf and the power conferred on the Committee of cancelling Tickets for Medical Relief given to persons who are not fit objects for Dispensary Relief, under § 9 of the Act, the Commissioners recommend the Committee to consider the propriety of fixing the days for their ordinary meetings at the shorter of the intervals named. And so long as a necessity exists for putting in force the provisions of the Nuisances Removal and Diseases Prevention Acts, under the Order in Council and the Directions and Regulations issued in pursuance thereof, the Committee should hold more frequent meetings for the purposes of those Acts, as already suggested in paragraph 5 of the Commissioners' Circular to Dispensary Committees, dated 12th October last.*

5. It has been represented to the Commissioners that in some cases, Committees of Management have not held their ordinary meetings regularly, owing to the want of attendance of what they deemed a sufficient number of Members to constitute a meeting; and the Commissioners have received inquiries as to the number of Members that may constitute a quorum or a meeting of the Committee. In the absence of any provision on this point in the Act, the Commissioners have expressed their opinion in reply to inquiries on the subject, that inasmuch as the Act does not declare any number of members of the Committee to be a quorum, they consider that two members will constitute a valid meeting of the Committee, and be competent to discharge the ordinary business; but that one Member could not, in the opinion of the Commissioners, examine and sign the Register of Cases of Medical Relief, and discharge the duty devolved on the Committee under § 9 of the Act.

6. Under Article 15, No. i. of the General Rules, the Minutes of any Meeting of the Committee should be signed by the Chairman of the Meeting, the proceedings of which are recorded therein; and the Commissioners request that the Committee will see that provision is made for the safe custody of the Minute Book, and other books and documents of the Dispensary, in accordance with Article 11, at the Dispensary or one of the Dispensaries of the District, which should also be the place of meeting of the Committee, where the Books should be kept for their inspection from time to time.

7. By the new Regulations, the books and forms have been in some respects modified with a view to simplify them, and reduce the number of books to be kept, some of those appended to the former Regulations being for the future dispensed with; namely, the Case Book, the Index to that book and to the Registers, and the Monthly Return (Form K in the old Regulations), for which a more simple form of return (Form L in the new Regulations,) has been substituted. The new form of Monthly Return should be used after the close of the present month. With regard to the other books and forms, in which but little alteration has been made, it will not be necessary that those at present in use should be discontinued until they are filled up, when fresh books should be procured in the forms now prescribed. It has been deemed advisable that the record of

* Circular as to Removal of Nuisances and Precautions against Cholera, No. 25, (p. 95):

Attendances and Prescriptions should be kept in a book in preference to separate papers, and the Form attached to the Commissioners' Circular of 6th July, 1852, has been somewhat altered in the Form (II) contained in the present Regulations, so as to show whether the Patient is attended at the Dispensary or on a Visiting Ticket at his own home. The Commissioners request that the Committee will see that the books are duly kept and entered up by the Medical Officer, who is required to submit the several books to the inspection of the Committee, at their meetings from time to time.

8. The Commissioners request the special attention of the Committee to the following passages in the accompanying Instructions to Medical Officers:—

“Section 9 of the Medical Charities Act provides that ‘every Member of
 “the Dispensary Committee, and every Relieving Officer and Warden acting
 “for an Electoral Division included in such Dispensary District, shall have
 “Power to afford Medical Relief by the issue of a Ticket for Medicine and
 “Advice, or a Ticket, in such Form as the said Commissioners shall pre-
 “scribe, addressed to the Medical Officer of the District, directing him to
 “afford Medicine and Advice to or attend any poor person resident therein ;
 “and it shall be the Duty of the Medical Officer to afford Medicine and Ad-
 “vice, or to attend such poor Person, as thereby directed.’ Some misap-
 “prehension having appeared to prevail in some instances, as to the effect
 “of these provisions and the instructions contained in the Forms of Tickets
 “heretofore in use, the Commissioners have revised the Forms of Tickets
 “and the instructions relating to them, so as to obviate any doubt in future
 “as to the duty and responsibility of the Medical Officer, in regard to the
 “due and punctual attendance on any patient on whose behalf a ticket
 “requiring his attendance is presented, and at the same time to simplify
 “the Forms as much as practicable, and reduce the trouble of filling them
 “up. The Regulations on this subject now issued, require that the Medical
 “Officer shall duly and punctually attend upon, either at the Dispensary
 “during the appointed hours for attendance thereat, or at the home of the
 “party on whose behalf application is made, or elsewhere, as the case may
 “require, and supply all requisite Medical and Surgical Advice and Assist-
 “ance, to every poor person in the District, on whose behalf a Ticket in
 “the prescribed Form is presented : and the Medical Officer will be respon-
 “sible for the due performance of this duty, and for any unnecessary delay
 “which may occur in attending any patient after the presentation of a
 “Visiting Ticket to him on behalf of such patient, whom he is bound there-
 “upon duly and punctually to attend.”

“A Ticket for Medical Relief continues in force until it is cancelled by
 “the Committee in pursuance of the proviso in § 9 of the Act, or as long
 “as the patient continues to present himself at the Dispensary in the case
 “of a Ticket in the Form E 1, or until the termination of the case, if the
 “Ticket be a Visiting Ticket in the Form E 2 : and in the latter case, the
 “Medical Officer is bound to continue his attendance in pursuance of a
 “Visiting Ticket, until such attendance is no longer required. If the
 “Medical Officer have reason to believe any case to be an unfit one for the
 “continuance of Medical Relief, it is competent to him at any time to re-
 “port the circumstances of the case to the Committee for their directions :
 “and with the view of enabling the Medical Officer to discharge any patient
 “from the books by filling up the column for the last attendance at the
 “Dispensary in the Register (Form F, column 12 in the New Order,) it
 “may be necessary for the Committee to adopt some rule or instruction
 “for his guidance in this respect, in cases where the patient ceases to attend
 “for a given period, without being discharged as cured, and without his
 “case being recorded accordingly. In some instances, it seems to have
 “been considered that if a person has not presented himself at the Dispen-
 “sary for a fortnight, and in some cases for a period as short as ten days,
 “he should be considered as no longer under treatment ; but the Commis-
 “sioners are disposed to think that this period is too short.”

9. Besides determining the period to be fixed upon for this purpose, so as to enable the Medical Officer to discharge a patient from the Register, by recording his last attendance, the Committee will have to fix the time which they may recommend to applicants for the presentation of Visiting Tickets to the Medical Officer, in order to insure his attendance on the same day. The Committee will observe that an alteration of some importance has been made in the Form of Visiting Ticket. The Instructions at foot of the Medical Relief Ticket Check Books, in the General Order of 16th instant, state as follows:—

“A Visiting Ticket, for the attendance of the Medical Officer at the patient's home, (Form E 2,) may be presented to the Medical Officer either at the Dispensary, within the hours of his attendance there, or at his Residence. If presented at his Residence, it should be presented before o'clock in the morning, in order to insure his attendance on the same day, where required.”

The hour to be here named is to be fixed by the Committee according to the circumstances of each District; and the Committee should take care that the hour named should not be so early, as to preclude a Ticket from being obtained for any sick person and presented to the Medical Officer, from any part of the District, before that hour.

10. With regard to columns 18 to 21 of the Medical Relief Register, in the Form now prescribed, which are to be filled up by the presiding Chairman of the Committee of Management, at the meetings at which the Register is submitted to the Committee from time to time, the Commissioners desire to call attention to the Instructions printed at foot of the form in the General Rules, namely:—

“Columns 18 to 21.—The Chairman of the day when the case is first submitted in the Register to the Committee, should insert his Initials in Column 18, and the Date of the Meeting at which the Case is submitted. In Column 19. In case the person to whom a Ticket has been given be declared at the Meeting at which the case is first submitted, or at any subsequent Meeting of the Committee, by a Majority of the Members then present, not to be a fit object for Dispensary Relief, the Ticket is to be cancelled, and the presiding Chairman should insert his Initials in Column 20, and the Date of the Meeting at which the direction for cancelling the Ticket is given, in Column 21. Any other particulars or directions as to the case may be inserted by the Medical Officer or presiding Chairman of the Committee, respectively, in the last Column, under the head of Observations, with Signature and Date.”

In some instances it appears that columns 20 and 21, (19 and 20 in the old form,) have been filled up as if the Ticket had been cancelled, *in every case where the patient had ceased to receive Dispensary Relief on its being no longer required*, and not merely in cases where the Ticket had been cancelled by the Committee in pursuance of the proviso in § 9 of the Act. Columns 20 and 21, however, are not intended to apply to cases in which Dispensary Relief has been given, and the patient ceases to attend on the termination of the case in the ordinary manner, but should be filled up in reference to those cases only in which a Ticket for Medical Relief is cancelled, on the ground that the person to whom the Ticket had been given, and who may be in the receipt of Medical Relief in pursuance of such Ticket, is not a fit object for such Relief, and thereupon becomes disentitled to further relief.

11. With regard to the periodical Estimate and Requisition for Medicines, &c. (Forms M 1 and 2,) it appears to have been in some cases supposed, that on each occasion when an Estimate is sent in, it should contain an account of *all the articles in the Dispensary*, which would involve the necessity of taking stock of the entire contents of the Dispensary on every such occasion. The heading of the Form of Estimate (M 1), is "Estimate of Medicines, &c., *required*;" and the particulars indicated in the Form need only be filled up, (in accordance with Article 15, No. v, and Article 21, No. ix, of the Regulations,) in reference to those Medicines, &c., *of which a further supply is required*, stating in the respective columns for the purpose, the stock which was on hand of these articles after the last previous supply, the quantity since used and remaining, (which can be *estimated* as nearly as may be,) respectively, and the further quantity required. Supplies of the prescribed Books, Forms, and other requisites for the Dispensary, can be applied for in similar manner by Requisitions to the Board of Guardians. Any such Estimates and Requisitions are to be made out in Duplicate, as provided in Article 15, No. v, so that a copy of each Estimate and Requisition sent to the Board of Guardians may be kept at the Dispensary for comparison, on receipt of the articles, with them and the Invoice, which should also be kept at the Dispensary, the Clerk of the Union having been requested to retain a copy for the use of the Guardians.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Honorary Secretary of each
Dispensary Committee.*

**No. 12.—CIRCULAR to BOARDS of GUARDIANS, accompanying
the foregoing General Regulations.***

*Poor Law Commission Office, Dublin,
22nd December, 1853.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland forward herewith to the Board of Guardians a copy of a General Order under the Commissioners' Seal, dated 16th December, 1853,* containing amended Rules and Regulations issued by them in pursuance of § 12 of the Medical Charities Act, 14 & 15 Vic. c. 68, for the government of Dispensary Districts, and for the guidance of Boards of Guardians and the Committees of Management and Officers of the Dispensary Districts, respectively.

2. The Commissioners enclose also, for the information of the Board of Guardians, copies of Circulars of Instructions† which they

* General Order of 16th December, 1853, No. 9, (page 35).

† Circulars Nos. 10, 11 (pages 56, 62); and Circular of 11th July, 1853 therein referred to, as to Vaccination, No. 5 (page 28).

have addressed to the Dispensary Committees and the Medical Officers, respectively, of the several Dispensary Districts.

3. By the new Regulations, some alterations are made in the Dispensary Books and Forms, with the view of simplifying them, and reducing the number of books required to be kept, three of those heretofore prescribed being dispensed with for the future. With regard to those retained in an amended form, it will not be necessary that the corresponding books heretofore in use, where not yet filled up, should be immediately discontinued, or that fresh books should be supplied until those already in use are filled up; the existing books may continue to be used, so that no additional expense for providing books and forms need be incurred until fresh ones are required. Whenever fresh books are required, they should be supplied in the Forms now prescribed by the General Order of the 16th instant; and when a supply is ordered, the books should be described as in the Regulations now issued; and it will be your duty to see that the Books and Forms are properly prepared, in accordance with the respective Forms, and the printed directions attached thereto in the General Order.

4. Your attention is further requested to your duties as Clerk of the Union, under Articles 1, 2, 3, 4, 28, and 29 of the General Order of the 16th December, 1853, herewith transmitted, which contain regulations similar to those contained in corresponding regulations or directions previously issued.

5. The Commissioners, in a Circular of 26th July last, stated that they had received communications, from which it appeared that inconvenience had arisen in some instances, owing to the Invoices of Medicines and Medical Appliances received from the Contractors, and supplied to the Dispensaries, not having been forwarded to the Medical Officer of the Dispensary with the supplies; and as it appeared that such Invoices would be of use for comparison with the Requisitions of the Medical Officer and Dispensary Committee, and with the supplies themselves, for the purpose of ascertaining that the latter correspond therewith, the Clerk of each Union was requested to take care that the Invoice received from the Contractor on each occasion, or a copy of it, be transmitted to the Medical Officer, to be compared with the articles received by him, and to be filed at the Dispensary. It has since appeared that this instruction has not in all instances been complied with, the Invoice not having been received by the Medical Officer with the supplies, in some cases, or having been returned to the Clerk, and not filed at the Dispensary, where it has been required for reference.

6. In the Dispensary Regulations now issued it is directed (Article 15, No. v), that the Medical Officer's Estimates of Medicines, &c., required, and the Requisitions of the Dispensary Committee to the Guardians for the same, shall be made out in duplicate, one copy for transmission to the Guardians, and one to be retained at the Dispensary. In like manner, the Invoices of the Medicines, &c., supplied and received, should be made out in duplicate, one copy to be retained by you for the use of the Guardians, and one copy to be transmitted to the Medical Officer, for the purpose above referred to, and for retention at the Dispensary, where

it is to be filed for the use of the Committee, and for reference. The Commissioners request that you will in future see that the Invoices be made out in duplicate, and transmitted accordingly. For this purpose the simplest course would probably be that, in transmitting an order to the Contractor for Medicines, &c., you should request that the Invoice may be sent to you in duplicate, and you should send one copy of it to the Medical Officer; but if only one Invoice be received from the Contractor, a copy of it should be made and retained by you, so that the Invoice may be duly forwarded to the Medical Officer.

7. The Commissioners take this opportunity of calling the attention of the Guardians to the Commissioners' Circulars of 11th and 12th July* last, relating to the provision made for Vaccination, and the mode of procuring supplies of effective Vaccine Lymph. The General Order now issued contains a regulation as to the Notifications (Article 16, and Forms N and O) respecting Vaccination and the general Dispensary Arrangements recommended in the Circular of 11th July; and the Commissioners refer the Guardians to the Circular of 12th July,* as to the mode of insuring supplies of effective Vaccine Lymph, from time to time, when required.

8. Article 27 of the Regulations provides, as heretofore, for the supply of the necessary Books, Stationery, and Forms, for the use of the Dispensary Districts, by the Board of Guardians, and for the supply of Check Books of Medical Relief Tickets to the several parties authorized to issue them. An important alteration having been made in the form of Visiting Ticket, the Commissioners request that the Guardians will cause a Check Book of Tickets in Form E 2, according to the Form now prescribed, to be furnished to each person authorized to issue such Tickets in the respective Dispensary Districts in the Union, who should be requested to use this Form in future, instead of the Form heretofore used, in cases in which it is necessary to issue a Visiting Ticket. The Commissioners also request that the Guardians will cause the Attendance and Prescription Book (Form G), now included in the Order, to be supplied to every Dispensary Medical Officer not already furnished with a Book of Prescription Papers in the form attached to the Commissioners' Circular of 6th July, 1852, for which the present Form (G) is substituted, a slight alteration having been made in the Form, with the view of distinguishing attendances at the Dispensary and at the patient's home, respectively.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk of the Board of Guardians
of each Union.*

* Circulars of 11th and 12th July, 1853, as to Vaccination and supply of Vaccine Lymph, Nos. 5, 6 (pages 28, 32).

No. 13.—APPOINTMENT of a MEDICAL OFFICER by DISPENSARY COMMITTEE under § 8 of Act:—Form of Letter to Committee on such Appointment, containing Inquiries previous to Approval thereof by the Commissioners.

—— UNION. —— DISPENSARY DISTRICT.

Poor Law Commission Office, Dublin,

—— 185 .

SIR,

In reference to the appointment of a Medical Officer for the above Dispensary District, to supply the vacancy which has recently occurred from the —— of Dr. ——, I am directed by the Commissioners for administering the Laws for Relief of the Poor in Ireland to enclose herewith a set of Queries*, which they request may be answered in reference to the person who may be appointed by the Committee of Management to fill the vacancy.

The answers to the Queries should be signed in manner pointed out on the Form, and be transmitted to the Commissioners as soon after the appointment is made by the Committee as practicable.

By order of the Commissioners,

ARTHUR MOORE, *Assistant Secretary.*

To —— *Honorary Secretary*
of the —— *Dispensary Com-*
mittee, ——.

No. 14.—APPOINTMENT of a MEDICAL OFFICER by DISPENSARY COMMITTEE:—Amended Form of Queries in reference to such Appointment.

—— UNION. —— DISPENSARY DISTRICT.

APPOINTMENT of MEDICAL OFFICER for the above Dispensary District, under the Medical Charities Act, 14 & 15 Vic., cap. 68, § 8.

1. Name in full of the Person proposed to be appointed as Medical Officer for the above Dispensary District
2. Names of the Electoral Divisions which form the District for which the appointment is proposed
3. What are the legal Qualifications which he possesses? State the College or other body from which he obtained his respective Diplomas, and the Date of each of them
4. His age
5. How long has he been in practice as a Medical Man?
6. Does he at present reside within the District, or where?

* No. 14.

- What is his intended place of Residence if his appointment be approved? and in what Electoral Division of the District?
- Distance of his intended Residence from the centre of the District?
- Distance of such Residence from the Dispensary Building?
7. Name of the place where the Dispensary Building is situate, and in what Electoral Division?
- Similar particulars as to any branch Dispensary in the District?
8. What are the days and hours fixed for the attendance of the Medical Officer at the Dispensary and Branch Dispensary, if any, in each week?
9. Has he hitherto held any other similar Medical office? if so, state what office, and whether he now holds it, or when he ceased to hold it: and if Medical Officer of any other Dispensary, or of an Hospital, or other similar Institution, state the name of it, and the Electoral Division and Union in which it is situate?
10. Date upon which the Appointment was made by the Committee of Management?
- And at what time are his Duties to commence?
11. State the amount of Salary, as determined by the Board of Guardians?
12. Is he a Member of the Board of Guardians of the Union in which the Dispensary District for which he is appointed, is situate? Or a Member of the Committee of Management of the Dispensary District?
13. State the cause of the Appointment being now made;

if a Resignation, state the
cause of such Resignation .

Date when the previous Me-
dical Officer of the District

No. 15.—PERIODICAL RETURNS of MEDICAL OFFICERS of
Dispensary Districts;—CIRCULAR to MEDICAL OFFICERS in
every Union.

*Poor Law Commission Office, Dublin,
28th January, 1854.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland desire to call your attention to Article 21, No. viii., of the Dispensary Regulations of 16th December, 1853, directing that the Medical Officer “shall submit to the Committee at each Ordinary Meeting a Return, in the annexed Form L, of the number of patients attended by him since the Ordinary Meeting immediately preceding; and shall forward a Return of the same to the Office of the Commissioners, for each calendar month, or for and at such other periods as may be from time to time directed by the Commissioners.”

2. This Return, as intimated in the Commissioners' Circular to Medical Officers of 22nd December, 1853, is to be forwarded to the Commissioners monthly, until otherwise directed, commencing from the beginning of the present year. It should be made up for each calendar month, and should be transmitted to this office *immediately after the close of the month, or within one week after its close*; and in case the Committee do not meet within that time, the transmission of the Return to the Commissioners need not be deferred for the purpose of being laid before the Committee, or for the signature of the Chairman.

3. The Commissioners request that you will be good enough, after the close of the month, to transmit your Return for the present month of January accordingly; and that you will forward a similar Return on the close of each succeeding month, in like manner, until otherwise directed.

4. With a view to avoid delay the Return should be addressed and transmitted directly to the “Poor Law Commissioners, Dublin,” and not through the Inspectors.

5. Some copies of the form are enclosed to you herewith for the Return at present required. The Commissioners are not furnished with further copies of the Form for distribution; a supply for future Returns, when that herewith enclosed is exhausted, should be obtained in the ordinary manner, and application should be made accordingly to the Clerk of the Union, in due time, for such supplies as may hereafter be required of these or other prescribed Forms.

6. Your attention is requested to the instructions printed on the Form of Return in the General Order of 16th ultimo, and annexed hereto. A space is left in the last column of the Form for any brief observation you may have to make as to the general sanitary condition of your district; and your attention is requested to the instruction which requires that in case of any disease being unusually prevalent in your district, the number of cases of it, during the month, should be stated. For the sake of uniformity and comparison, the number of cases of any such disease that may be entered should, like the rest of the Return, be limited to the number of *new cases* thereof during the month. The Commissioners think it desirable, that for the present the number of cases of Diarrhœa amongst Dispensary patients, and of Asiatic Cholera, if any, which may occur, and be attended by you in the District, should be reported in the Return, in which headings have been inserted accordingly. In the event of any case of the latter disease occurring, whether the patient be attended as a Dispensary patient or not, the Commissioners request that you will be good enough to furnish a separate Report of the particulars of the case, in accordance with their circular of 3rd inst.

7. The transmission of your Return to the Commissioners is not to interfere with your Return to the Committee, in pursuance of the Regulation which requires that you should submit to the Committee, at each Ordinary Meeting, a return, in similar form, of the number of cases attended by you since the Ordinary Meeting immediately preceding. As the Meetings of the Dispensary Committees are held on different days in different Districts, it is not necessary that your Return to them should be identical with that made to the Commissioners; and the former can therefore be made up to the day of Meeting of the Committee, or you can lay before them a copy of your Return to the Commissioners for the month immediately preceding, as the Committee may desire.

By Order of the Commissioners,

ARTHUR MOORE, *Assistant Secretary.*

*To each Medical Officer
of a Dispensary District.*

ENCLOSURES.

Enclosure 1.—Extract from General Order of 16th December, 1853.

“Instructions as to the Medical Officer’s Return (FORM L.)

“Columns 1 to 3 are to include the number of new cases recorded in the Medical Relief Register during the period for which the Return is made.

“Column 4: the Number of Tickets cancelled should be the sum of those recorded in columns 20 and 21 of the Medical Relief Register, as cancelled during the period to which the Return relates.

“Column 5: the Number of Cases of Vaccination should be the number of those recorded in the Vaccination Register during the period for which the Return is made.

“Column 7 is to be filled (if there be any Bridewell or House of Correction in the District attended by the Medical Officer, in pursuance of the Act,) with the number of Inmates recorded in column 4 of the Bridewell Account (Form K), as having been attended during the period for which the Return is made.”

Enclosure 2.—Medical Officer's Return (Form L.)

Union. Dispensary District.

II.—CHOLERA AND SANITARY PRECAUTIONS.

No. 16.—NUISANCES REMOVAL and DISEASES PREVENTION ACTS :—Circular to Boards of Guardians.

*Poor Law Commission Office, Dublin,
15th September, 1853.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland deem it advisable at the present time, to call the attention of the Guardians of Unions in Ireland, to the Commissioners' Circular of 19th October last, relating to the powers for the Removal of Nuisances, &c., given by the Nuisances Removal and Diseases Prevention Acts, 11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111, of which Copies were transmitted to the Guardians with that Circular.

The Commissioners accordingly enclose herewith another Copy of their Circular of the 19th October last,* on this subject, to which they request the special attention of the Board of Guardians.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of each Union.

No. 17.—REMOVAL of NUISANCES, &c.:—Circular to Boards of Guardians re-issued in foregoing Circular of 15th September, 1853.

*Poor Law Commission Office, Dublin,
19th October, 1852.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland, having received Inquiries in reference to the powers of Boards of Guardians in Ireland under the Nuisances Removal and Diseases Prevention Acts of 1848 and 1849, (11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111,) deem it advisable at the present time to call the attention of Boards of Guardians to the provisions of those Acts; and the Commissioners have directed that a copy of the two Acts referred to be enclosed herewith.

2. Under section 1 of the first named Act, the Board of Guardians and other local authorities therein designated are empowered, in case of complaint, to take proceedings for the abatement of Nuisances in connexion with houses or property, for the cost of abating which the owners or occupiers of the premises are responsible. On receipt of a Notice signed by two or more inhabitant householders, representing the existence of any of the causes of complaint described in the Act, and setting forth that the premises referred to in such notice are in such a condition as to be a Nuisance or injurious to health, the Guardians are empowered after due examination to proceed against the owner or occupier of the premises in manner provided in the Act, with a view to the removal of the cause of

* No. 17.

complaint if the same be not previously abated ; and in case of his non-compliance with any order of Justices in this behalf, the Guardians or other authorities named for the purpose may themselves cause the Nuisance to be abated and removed. Sections 3 & 4 provide for the payment of the costs and expenses thus incurred, which should be recovered from the owners or occupiers as therein provided, wherever practicable ; but the latter section is so far modified by section 7 of the second Act, that such expenses incurred by the Guardians may, in certain cases described, where not so recoverable, be charged by the Guardians upon the poor-rates of the Electoral Division in which the premises are situate. It will be observed that under section 5 of the second Act, Justices may act in Petty Sessions in cases brought before them under these Acts, although they may be ex-officio Guardians of the Union.

3. The powers given by section 1 of the first Act for the removal of Nuisances, are extended by section 6 of the second Act, which dispenses with the necessity of a notice from householders, and enables the Board of Guardians and other local authorities to take proceedings for the removal of any of the causes of complaint specified in the first Act, upon a Certificate of their existence from any Medical or Relieving Officer of the Union, or from two Constables. The Guardians are thus enabled themselves to take measures for the removal of Nuisances by the agency of their own Officers ; and the Commissioners request the attention of the Guardians to the subject with a view to their considering the propriety of calling upon the Medical and Relieving Officers of the Union to certify to them from time to time any Nuisances of the kinds described in the Act, which may come under their notice in the course of their performance of the duties of their office in their respective districts, so far as this may be practicable without interfering with their ordinary duties.

4. The Form of Certificate of the Medical or Relieving Officer may be similar to the Form of Notice, (Schedule A,) for the use of householders, as annexed to the first Act, or to the like effect ; and it may be convenient for the Guardians, with a view to avoid unnecessary delay and expense, to cause their Relieving Officers to be provided with blank Forms of Certificate, to be filled up where they find such Nuisances to exist, and to instruct them to leave a copy of any such Certificate with the occupier of the premises to which it may relate, with a view to the latter removing the cause of complaint without a resort to legal proceedings. This however would not dispense with the necessity of any of the other steps prescribed by section 1 of the Act, wherever it is necessary to go on with such proceedings. For the convenience of the Guardians, the Commissioners have caused a Form of Certificate to be prepared*, and to be transmitted annexed hereto, together with the Acts in question.

5. Some misapprehension having appeared to prevail as to the effect of the provisions of the 19th section of the Medical Charities Act (14 & 15 Vic., c. 68), the Commissioners have deemed it right to make this communication to the Board of Guardians, in reference

* See five Forms of Certificates and Notices, &c., No. 23 (pages 87-91).

to their powers in the removal of Nuisances, &c., under the Acts previously referred to, the Guardians and other local authorities designated for the purpose being fully authorized to perform such functions as are assigned to them in this behalf, by sections 1 to 8 of 11 & 12 Vic. c. 123, and sections 6 & 7 of 12 & 13 Vic. c. 111, without any further authority from the Commissioners, whose intervention for these purposes is wholly unnecessary to enable the Guardians and other local authorities to proceed in accordance with those sections; the powers and duties of those authorities under the provisions here referred to not being at all interfered with or affected by the provisions of the Medical Charities Act.

6. The Commissioners have in some instances been requested to constitute the Committees of Management of Dispensary Districts as local Boards of Health, or Sanitary Committees, with a view to the removal of Nuisances and other sanitary measures. The Commissioners have, however, no power to constitute the Dispensary Committees for other purposes than those provided for in the Medical Charities Act, and the General Rules for the government of Dispensary Districts issued in pursuance thereof, namely, the management of the business of the Dispensaries; the contingency under which, in the event contemplated in sections 9 & 10 of the 11 & 12 Vic., c. 123, their functions might be extended under section 19 of the Medical Charities Act, to other sanitary purposes, not having yet arisen, and the orders in Council issued in 1848 and subsequent years, under section 9 of the first-named Act, having expired.

7. The appearance of Asiatic Cholera as an Epidemic in parts of the Continent of Europe, although not at present calling for any extraordinary provision for the treatment of Epidemic Disease in this country, and not affording ground for immediate alarm, nevertheless renders it desirable that the attention of the Guardians should be directed to those steps which may be taken in the removal of Nuisances, &c., as precautionary measures for the preservation of health; and to this end, the careful and vigilant attention of all those public and local bodies to whom authority is given for enforcing sanitary precautions, and the removal of causes which may be injurious to health at any time, and especially in the event of the recurrence of Epidemic Disease in this country, appears to be demanded at the present time; and the Commissioners will be prepared to afford the Guardians any advice and assistance in their power in reference to these objects.

8. The Commissioners desire to impress on the Guardians the importance of any precautionary measures which they are empowered to carry into effect, in the removal of Nuisances, &c., being adopted *before* the appearance of Epidemic Disease; inasmuch as many measures of this nature, which might be safely and advantageously resorted to at the present time, might tend to aggravate the evil they are intended to provide against and alleviate, if deferred until the actual appearance of such Disease. The Commissioners desire further to point out that any such measures will also be of service as precautions against Epidemic Fever. Typhus Fever has long been the scourge of Ireland, attributable in a great measure, no

doubt, to causes not removable by the Guardians, but also, to a very great extent, the result of the undrained, filthy state of the worst parts of almost every Irish Town, unknown and unvisited by those in better circumstances; but when once Fever is prevalent, it extends its ravages to all classes, and is even more fatal to the rich than to the poor. It may at the same time be observed that any precautions of the kind herein adverted to, which tend to prevent or diminish the prevalence or virulence of epidemic or contagious disease amongst the poor, will no doubt tend also to the saving of the rates, by diminishing the demands for relief at the cost of the rates.

9. The Authorities who are empowered to take steps for the removal of Nuisances are designated in section 1 of the Nuisances Removal and Diseases Prevention Act of 1848, and in section 6 of the Amendment Act of 1849. Where there is in any Town, Parish, or other locality within any Union, a Town Council, Trustees, Commissioners, Officers of Health, or other local body, it is probable that these Officers, being on the spot in their respective localities, may be able more effectively to carry into effect such measures as may be necessary for the removal of Nuisances, in those localities, than the Board of Guardians of the Union at large; but the Board of Guardians, although authorized to incur certain expenses themselves in certain cases, are not authorized to provide other bodies with funds for the purposes referred to.

10. The existence of such bodies, however, does not deprive the Board of Guardians of their own powers and functions in the same localities; and section 6 of the second Act appears to devolve the duties in question more immediately upon the Guardians. Under section 1 of the first Act, the Board of Guardians can, if they think fit, appoint a Committee of Members of their own body, for the purpose of carrying into effect the provisions in question; and this power may enable the Board of Guardians to provide more effectively and conveniently for the due execution of the Acts in remote parts of the Union, where there may be no other body authorized to take the necessary proceedings in this behalf; such Committees reporting their proceedings from time to time to the Board of Guardians at their Weekly Meetings.

By Order of the Commissioners,

ARTHUR MOORE, *Assistant Secretary.*

*To the Clerk of the Board of Guardians
of each Union.*

No. 18. — REMOVAL of NUISANCES, &c.:—General Order of 20th September, 1853, containing Directions and Regulations under the Nuisances Removal and Diseases Prevention Act of 1848, § 10, and Medical Charities Act, § 19.

TO THE GUARDIANS of the POOR of the several Unions in Ireland; the TRUSTEES, COUNTY SURVEYORS, and others by Law intrusted with the Care and Management of Streets and Public Ways and Places in Ireland; the OWNERS and OCCUPIERS of HOUSES and TENEMENTS adjoining thereto, Dwellings and other Buildings; and to all whom it may concern.

WHEREAS, by an Order of his Excellency the Lord Lieutenant and Privy Council, bearing date the Seventeenth day of September instant,* it is directed, that the provisions of "The Nuisances Removal and Diseases Prevention Act, 1848," for the prevention of epidemic and contagious diseases, be put in force throughout the whole of Ireland; and Whereas, by an Act passed in the Fifteenth Year of the Reign of Her Majesty, intituled "An Act to provide for the better Distribution, Support, and Management of Medical Charities in Ireland; and to amend an Act of the Eleventh Year of Her Majesty, to provide for the execution of the Laws for Relief of the Poor in Ireland," the Commissioners for administering the Laws for Relief of the Poor in Ireland are authorized to execute in Ireland the Powers and Purposes of the said "Nuisances Removal and Diseases Prevention Act, 1848," and of an Act of the following Session of Parliament amending the same, called "The Nuisances Removal and Diseases Prevention Amendment Act, 1849:"

And Whereas, the said Commissioners for administering the Laws for Relief of the Poor in Ireland are, by the said recited Acts, authorized to issue such Directions and Regulations as they shall think fit for the prevention (as far as possible) or mitigation of epidemic or contagious diseases:

Now, therefore, in exercise of the authority vested in us as aforesaid, We, the said Commissioners, do issue the following Directions and Regulations:—

ARTICLE 1.—All Trustees, County Surveyors, and others by law intrusted with the care and management of the streets and other public ways and places shall cause to be frequently and effectually cleansed all streets, rows, lanes, courts, alleys and passages, and public ways and places, under their respective care and management, and shall cause to be removed all filth and nuisances therefrom.

ARTICLE 2.—In each of the following cases, namely—

- i. When and so often as any dwelling-house is in such a filthy and unwholesome condition as to be a nuisance to, or injurious to the health of any person; or,
- ii. Where upon any premises there is any foul and offensive drain, ditch, gutter, privy, cesspool, or ashpit, or any drain, ditch, gutter, privy, cesspool, or ashpit kept or constructed

* Order in Council in Dublin Gazette of 17th and 20th September, 1853.

so as to be a nuisance to, or injurious to the health of any person ; or,

iii. Where, upon any such premises, swine, or any accumulation of dung, manure, offal, filth, refuse, or other matter or thing is kept, so as to be a nuisance to, or injurious to the health of any person ; or,

iv. Where, upon any such premises (being a building used wholly or in part as a dwelling-house) or being premises underneath any such building, any animal is kept, so as to be a nuisance or injurious to the health of any person :

The owner or occupier, and persons having the care or ordering of such dwelling-house, or of the premises where the nuisance or matter injurious to health may be, shall cleanse, whitewash, or otherwise purify, as the case may require, such dwelling-house or building, or abate or remove the nuisance or matter injurious to health as aforesaid, with all reasonable speed, after the publication of these, our Directions and Regulations, or after the nuisance or matter injurious to health shall have arisen.

And We do hereby authorize and require the Guardians of the Poor, by themselves or their respective Officers, to superintend and see to the execution of the foregoing Directions and Regulations within their respective Unions ; and where it shall appear that there may be any default or delay in the execution of such Directions and Regulations, or any of them, in any Union or portion thereof, by want or neglect of such Surveyors, Trustees, or others intrusted as aforesaid, or by reason of poverty of occupiers, or otherwise, We do hereby authorize and require the Guardians of such Union to cause such Directions and Regulations to be carried into execution ; and We do hereby authorize them to do all acts, matters, and things necessary for superintending or aiding in the execution of such Directions and Regulations, or for executing the same, as the case may require.

(L.S.) Sealed with our Seal this Twentieth day of September, in the Year of our Lord One Thousand Eight Hundred and Fifty-three.

(Signed) E. SENIOR,
 JOHN YOUNG,
 THOS. A. LARCOM.
 J. McDONNELL, M.D.

ST. GERMANS.

I, EDWARD GRANVILLE, EARL OF ST. GERMANS, Lord Lieutenant General and General Governor of Ireland, do approve this Order.

By His Excellency's Command,

THOS. A. LARCOM.

No. 19.—REMOVAL of NUISANCES, &c. :—Circular to Boards of Guardians, accompanying the foregoing Directions and Regulations, (No. 18.)

*Poor Law Commission Office, Dublin,
21st September, 1853.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland having been by the Act 14 and 15 Vic., cap. 68, sec. 19, constituted the Commissioners for executing in Ireland the Powers and Purposes of "The Nuisances Removal and Diseases Prevention Act, 1848," and of an Act of 1849 for amendment thereof: and the Lord Lieutenant and Privy Council of Ireland having, by an Order of Council, dated the 17th instant, directed that the provisions of the said Acts for the prevention of epidemic, endemic, and contagious Diseases, be put in force in Ireland;—The Commissioners have, therefore, issued an Order under Seal containing such Directions and Regulations as they consider primarily necessary for giving effect to the said provisions.*

The Commissioners transmit herewith a copy of such Order*; also a copy of each of the said Acts of 1848 and 1849, to some of the provisions of which the attention of Boards of Guardians was directed by a Circular of the 19th of October, 1852,† re-issued on the 15th instant.

The Commissioners desire further to point out sections of both Acts containing provisions now required to be promptly carried into effect.

Section 10 of the Act of 1848, under which the Commissioners have issued their Order containing the Directions and Regulations deemed to be primarily necessary, directs, that the Guardians or their Officers shall superintend and see to the execution of such Directions and Regulations; and where there may be default or delay in their execution, through neglect of Public Officers having the care and management of Streets, Public Ways, and Places,—or by reason of the poverty of occupiers of Houses and Tenements, the Guardians of the Poor of the Union are to provide for or aid in the execution of such Directions and Regulations.

Section 13, (*Act of 1848*,) the Guardians of the Poor, or their Officers employed for the purpose, may, at reasonable hours in the daytime, enter into and inspect any dwelling or place, if there be ground for believing that there exists therein any filth or matter dangerous to health, or that there may be any necessity for executing therein any of the Directions or Regulations of the Commissioners.

Section 16, (*Act of 1848*,) imposes penalties for obstructing the execution of the Act.

Section 4, (*Act of 1849*), empowers the Guardians of the Poor to

* Order of 20th September, 1853, No. 18, p. 78.

† No. 17, p. 74.

direct prosecutions for the wilful violation or neglect of the Commissioners' Directions or Regulations.

Section 14, (*Act of 1848*), enables the Guardians of the Poor to defray out of the Poor Rates the expenses incurred by them in execution of the Directions or Regulations of the Commissioners; and by the 19th Section of the Medical Charities Act, (14 and 15 Vic., cap. 68,) it is provided that all expenses so incurred shall be charged on the Poor Rates of the respective Electoral Divisions.

By the same Section of the Medical Charities Act, it is directed that all Committees, Inspectors, Medical Officers, and other persons employed under that Act, shall, in their respective Districts, aid the Guardians of the Poor and their Officers in the execution of any Directions or Regulations issued by the Commissioners, under the Nuisances Removal and Diseases Prevention Act.

Section 6, (*Act of 1849*), and Sections 1 and 3, (*Act of 1848*), give the Guardians powers for enforcing the removal of Nuisances by the owners or occupiers of premises in which they may be found to exist, or for recovery of the expenses incurred where the Nuisances may not be removed by owners or occupiers; but the Guardians should keep in view the power given to them by Section 10 for removal of Nuisances where, by reason of poverty, the occupiers cannot comply with the Commissioners' Directions and Regulations.

Section 7, (*Act of 1849*), enables the Guardians of the Poor to defray, out of the Poor Rates, expenses incurred in having Nuisances removed from premises, when not recovered from owners or occupiers.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

To the Clerk of each Union.

NO. 20.—SANITARY PRECAUTIONS:—Circular to Boards of Guardians, as to the assistance of the Constabulary in proceedings for the abatement of Nuisances, &c.

*Poor Law Commission Office, Dublin,
24th September, 1853.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland, having been informed that His Excellency the Lord Lieutenant has been pleased to give directions to the Constabulary Force to co-operate with the Poor Law Authorities in carrying out the Provisions of the Nuisances Removal and Diseases Prevention Acts, have to communicate their views to the Guardians as to the mode by which this valuable aid may be rendered most efficacious.

It will be observed by reference to the 6th section of the Amendment Act, 1849, that any two Constables of the Constabulary may certify as to the existence of a nuisance dangerous to health, and if

it appears to the Guardians or Committee, after examination, that the complaint is well grounded, the Constabulary may serve the Notices required by the Act, and enforce the penalty should the evil not be abated.

The Commissioners have accordingly to recommend the Guardians without delay to form Sanitary Committees, consisting of the Guardians of their respective Districts, to ascertain the places where Nuisances prevail, or localities from whence cases of Fever or other contagious disease have proceeded, and to call upon the Constabulary to visit these Districts and report to them.

The Guardians have been made aware that after the time given in the notice has expired, it is competent for them by their Officers to remove the Nuisance.

The Commissioners believe that the Guardians will receive much assistance from the several Dispensary Committees of Management, to each of whom a communication should be addressed, as well as to the several Medical Officers of the Union.

A supply of the necessary forms will be sent, and any further quantity required may be obtained in the usual manner.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk to the Board of Guardians
of each Union.*

No. 21.—CHOLERA and SANITARY PRECAUTIONS:—Further Circular to Boards of Guardians of the several Unions in Ireland: (transmitted also to Sanitary Committees, when constituted, in Circular of 12th October, No. 25.)

*Poor Law Commission Office, Dublin,
30th September, 1853.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland having provided by their General Order of the 20th September 1853,* for the Removal of Nuisances and Prevention of Disease by Boards of Guardians and other authorities, desire to inform the Guardians of each Union of the steps which it is the intention of the Commissioners to take, in the event of Cholera actually breaking out in any Union as an epidemic.

In that event, the Commissioners will be prepared to issue a further Order† under their Seal, authorizing the Guardians of each Union “to provide for the dispensing of Medicines, and for affording to persons afflicted or threatened by Cholera such medical aid as may be required,” and to exercise their further powers under the “Nuisances Removal and Diseases Prevention Act,” by issuing the necessary “Directions and Regulations” for that purpose.

Those Directions and Regulations will provide for the treatment of Cholera as an extraordinary visitation, separately from the general

treatment of the sick poor under the Medical Charities Act ; but the machinery already existing under that Act will be adopted in the first instance for the treatment of Cholera cases.

With this view it is the intention of the Commissioners to constitute the Dispensary Districts for the treatment of persons afflicted by or threatened with Cholera ; to declare the Committees of Management of such Dispensary Districts to be Sanitary Committees, charged with the duty of aiding and assisting the Board of Guardians in the execution of the Directions and Regulations which may be issued by the Commissioners ; and to make the Medical Officers of such Dispensary Districts Medical Officers for the treatment of Cholera cases, or cases of premonitory symptoms of Cholera, arising in such Districts respectively, which they will be required to attend at once without Ticket or recommendation.

The necessity which may arise, in particular localities, of providing Hospital accommodation or additional medical aid, will be dealt with by the Commissioners as occasion for taking such steps may appear to them from time to time to arise. It is not apprehended that a large proportion of the Cholera cases arising in a Union can be treated in Hospital, nor that such cases can be sent to Hospital from any considerable distance.

For the protection, however, of the Workhouse inmates and the inhabitants of the Town in which the Workhouse is situate, against any sudden appearance of Cholera, the Commissioners think the Guardians of each Union should at once consider without delay, with the advice and assistance of the Medical Officer of the Workhouse, what accommodation proper for the reception of Cholera patients is at present at their disposal in connexion with the Workhouse ; and if none such be found to be at their disposal, they should take such precautions at once in this respect as may be thought necessary, without incurring any expense which might safely have been avoided, in the event of Cholera not appearing in the Union.

The Commissioners recommend the Guardians to circulate extensively the following

NOTICE

To Householders and others in each Dispensary District.

To prevent the attack of Cholera, take every precaution to maintain the bodily powers in a healthful condition. Whatever strengthens those powers lessens the risk of attack ; whatever weakens them adds to that risk.

1. **FOOD AND DRINK.**—Let the daily diet consist of wholesome solid food—bread, well-cooked oatmeal, Indian-meal, rice, good potatoes, or any fresh vegetable, well cooked, which you know by experience will agree with you. Take fluids—whether they be tea, cocoa, coffee, new or skimmed milk, or pure water—in moderate quantities. Avoid the use of tainted meat, of stale fish—especially stale shell-fish—of raw vegetables, of unripe or over-ripe fruit, and of acid drinks.
2. **CLOTHING.**—The clothing should be such as will keep the body comfortably warm. Wear a flannel band round the loins

and bowels if the weather is damp or cold. Change damp or wet clothes, and keep the feet dry and warm.

3. **AIR.**—Pure air is not less essential to health than wholesome food. Maintain, therefore, carefully, in every inhabited apartment, a free change of air—as free, day and night, as is consistent with preserving sufficient warmth and excluding wet. The greater the number of inmates in any room, the more free should be the current of air maintained in it. Beds should be freely exposed to the air during the day.
4. **CLEANLINESS**, personal and domestic, is of the highest importance. Pay strict attention, therefore, to cleanliness of clothes and person. Remove to a distance from your dwellings, and do not suffer the re-accumulation of stagnant water, dung, any rotting vegetable or animal matter, or other filth. On the discovery of any offensive smell, ascertain the cause and remove it. Whitewashing dwelling and out-houses with whitewash freshly made with freshly-burned lime, is to be recommended. The compulsory removal of any filth which your neighbours refuse or neglect to remove can be speedily procured by two householders giving notice in writing, to the Board of Guardians, of the existence of such nuisance, and specifying the premises on which it is to be found. On the removal of any very offensive matter, chloride of lime or peat charcoal should be liberally mixed with it, and after its removal the place where it lay should be liberally dusted with one of those substances, or sprinkled with a solution of chloride of lime, in the proportion of about $\frac{1}{4}$ lb. of chloride to a gallon of water. During the whole of the epidemic in London, in 1849, not a single case of Cholera occurred in any one of the model dwellings for the poor, though the pestilence raged in the districts in which these buildings are situated, and there were instances of two, and even four, deaths in single houses close to their walls.
5. **TEMPERANCE.**—Avoid excess, either in eating or drinking. Excess in the use of spirituous liquors is especially dangerous. Intoxication, where Cholera is prevalent, is frequently followed by an attack of the disease.
6. **EXERCISE.**—Moderate exertion of body or mind strengthens. Fatigue, long fasts, watching—all habits that occasion debility—exhaust the powers of life, and predispose to the attack of Cholera.
7. **PURGATIVES.**—No purgative medicine should be taken during the prevalence of Cholera, without medical advice.
8. **HOPE AND FEAR.**—Refuse to brood over the fear of the disease, the depressing effect of which favours its approach. Persevere steadily in the use of the abovementioned precautions, as the best means for warding off the attack, and indulge the well-grounded hope that you have thereby secured yourself against it.

The foregoing form of Notice has been prepared for general distribution, by means of handbills to be distributed from house to

house, or placards for posting in public places; and the Commissioners recommend the Guardians to take steps for procuring the necessary supply of copies, and circulating them accordingly without delay.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk of the Board of Guardians
of each Union.*

No. 22.—REMOVAL of NUISANCES, &c.:—Circular to Boards of Guardians, with Forms for use in proceedings under the Nuisances Removal and Diseases Prevention Acts.

*Poor Law Commission Office, Dublin,
5th October, 1853.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland, transmit herewith a supply of Forms* which they have caused to be prepared and printed for the use of Boards of Guardians and Sanitary Committees appointed by them, for enforcing the Removal of Nuisances from private premises, and the cleansing and purifying thereof, under the Nuisances Removal and Diseases Prevention Acts, and the Directions and Regulations issued in pursuance of those Acts. Any further supply of the Forms that may be required can be obtained in the ordinary manner.

2. The Directions and Regulations of the 20th ultimo† provide for the cleansing of public ways and places, as streets, rows, lanes, courts, alleys, and passages, and the removal of filth and nuisances therefrom, by and under the direction of the Board of Guardians, in case there be no other local authorities or officers to whom the execution of such duties ordinarily and more properly appertain, or in case of default or delay on the part of such officers in the performance of these duties.

3. The Guardians are also authorized and required to see to and enforce the removal of nuisances from private premises, dwellings, or buildings. The Forms transmitted herewith are applicable to this description of cases.

4. In cases where the owners or occupiers or persons having the care and ordering of the premises are in such circumstances that they should be called upon to perform the necessary work at their own expense, the Guardians may deem it advisable to proceed accordingly under section 1 of the Act of 1848, and section 6 of the Act of 1849; and the Forms No. 1 and 2 have been prepared accordingly. But if the Guardians think fit to adopt this course no unnecessary delay should be allowed to occur.

5. In other instances, where by reason of the poverty of occupiers or otherwise, the parties are unable themselves to remove the nuisance or cleanse the premises, or to do this with sufficient promptitude and efficacy, it will probably be deemed unnecessary

* Five Forms of Certificates and Notices, &c., No. 23, (pages 87-91).

† No. 18 (page 78).

and inadvisable to take proceedings before the Magistrates, as in the cases referred to in the last preceding paragraph. The Guardians being authorized and required to cause the necessary work to be executed at the cost of the rates, they should exercise this power without any unnecessary delay, where they are made aware of the existence of a nuisance, whether a formal Notice or Certificate from Householders, Constables, or Medical or Relieving Officer, has been received by them or not, such Notice or Certificate not being a necessary preliminary to enable the Guardians themselves, by their Committees or Officers, to proceed under the Directions and Regulations in the removal of nuisances. In such cases the Act does not prescribe any specific form of notice to be served upon the occupiers or other parties: but it may be proper for the Guardians, unless the case be one of emergency not admitting of delay, to cause Twenty-four hours' notice to be given to the occupier, as in other cases: and the Form No. 3 has been adapted to this purpose.

6. In both classes of cases, the chief object of the Guardians should be to see that the nuisance be removed and the premises cleansed, as speedily and effectually as possible; and where this is not done within the time set forth in the Notice to the owners or occupiers, the Guardians should themselves cause it to be done, leaving the recovery of the expense and any penalties incurred, to be the subject of subsequent proceedings under the Act, where the Guardians consider that the case calls for such proceedings.

7. The Guardians will observe that under section 1 of the Act of 1848, a Committee of their own body may be temporarily or permanently appointed for carrying into effect the provisions for the removal of nuisances under the ordinary operation of that section. But under section 19 of the Medical Charities Act, the Committees of Management of the several Dispensary Districts in the Union are required, within their respective Districts, to aid the Guardians in the superintendence and execution of the Directions and Regulations issued under the Nuisances Removal and Diseases Prevention Acts, an Order in Council being in force. The Commissioners therefore recommend the Guardians at once, if they have not already done so, to call upon the several Dispensary Committees to aid them in the execution of those Directions and Regulations, by acting as Sanitary Committees for this purpose in their several Districts. In the case of any Dispensary District in which it happens, from the number of Guardians usually non-resident, who are members of the Committee by virtue of the 7th section of the Medical Charities Act, that the number of members resident in the District may be insufficient for the due execution of the Directions and Regulations in the several parts of the District, the Commissioners will be prepared to consider any proposition of the Guardians for an increase of the present number of the Committee, with a view to the appointment by the Guardians of some additional resident members.

No. 2.—Notice to Owner or Occupier, before proceeding by Summons.

To the (a) of the (b) situate at

Take Notice, that pursuant to the provisions of the Nuisances Removal and Diseases Prevention Acts, 11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111, (c)

that (d)

(a) Owner or Occupier, as the case may be.
(b) Insert sufficient description for identification of the Premises, as in the Certificate or Notice of Householders.
(c) Insert the words "It has been certified to the Guardians of the Union," if a Certificate has been received from a Medical or Relieving Officer, or from two Constables, under § 6 of the Act of 1849; or the words "A Notice has been received by the Guardians of the Union," if a Notice has been received from two Inhabitant Householders, under § 1 of the Act of 1848.

Now you are hereby required to remove the cause of complaint above set forth; and in case of your neglecting to do so, you will be proceeded against in manner provided in the said Acts, and you will, on conviction, be liable to a penalty of Ten Shillings a day, until the Nuisance is got rid of. And take Notice that after the expiration of twenty-four hours from the service of this Notice, the Guardians of the Union will cause the said Premises to be entered and examined after the expiration of that time from the service of this Notice, under the provisions of the said Acts, and if the grounds of complaint are found still existing, a formal complaint will be made to the Justices for enforcing the removal of the same, and for recovery of the costs and penalties that may be incurred.

Dated this day of 185 .

On the second day after service of the above Notice, (a Copy of which should be retained,) the premises should be entered and examined; and if the ground of complaint have not been removed, complaint should be made to a Justice of the Peace, and application made for a Summons, to be served in manner provided in the Act, 11 & 12 Vic., c. 123, § 1.

No. 2.—Notice to Owner or Occupier, before proceeding by Summons.

To the of the situate at

Take Notice, that pursuant to the provisions of the Nuisances Removal and Diseases Prevention Acts, 11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111,

that

Now you are hereby required to remove the cause of complaint above set forth; and in case of your neglecting to do so, you will be proceeded against in manner provided in the said Acts, and you will, on conviction, be liable to a penalty of Ten Shillings a day, until the Nuisance is got rid of. And take Notice that after the expiration of twenty-four hours from the service of this Notice, the Guardians of the Union will cause the said Premises to be entered and examined after the expiration of that time from the service of this Notice, under the provisions of the said Acts, and if the grounds of complaint are found still existing, a formal complaint will be made to the Justices for enforcing the removal of the same, and for recovery of the costs and penalties that may be incurred.

Dated this day of 185 .

No. 3.—Notice to Occupier, previous to Removal of Nuisance by the Guardians.

(a) Insert sufficient description for identification of the Premises, as in the Certificate.

(b) Insert the words "It has been certified to the Guardians of the Union," if a Certificate has been received from a Medical or Relieving Officer; or from two Constables, under § 6 of the Act of 1849; or the words "A Notice has been received by the Guardians of the Union," if a Notice has been received from two Inhabitant Householders, under § 1 of the Act of 1848.

(c) Insert the cause of complaint, as set forth in the Certificate or Notice of Householders.

To the Occupier of the Premises situate at (a)

Take Notice, that pursuant to the provisions of the Nuisances Removal and Diseases Prevention Acts, 11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111, (b)

that (c)

Now you are hereby required to remove the said cause of complaint; and in case of your neglecting to do so, you will, on conviction, be liable to a penalty not exceeding Five Pounds for violating the Directions and Regulations issued in pursuance of the said Acts. And take Notice that after the expiration of twenty-four hours from the service of this Notice, the Guardians of the Union will cause the said Premises to be entered and examined under the provisions of said Acts, and if the grounds of complaint are found still existing, they will proceed as the case may require.

Dated this day of 185 .

(Signed, _____)

To the Occupier of the Premises situate at

Take Notice, that pursuant to the provisions of the Nuisances Removal and Diseases Prevention Acts, 11 & 12 Vic., c. 123, and 12 & 13 Vic., c. 111,

that

Now you are hereby required to remove the said cause of complaint; and in case of your neglecting to do so, you will, on conviction, be liable to a penalty not exceeding Five Pounds for violating the Directions and Regulations issued in pursuance of the said Acts. And take Notice that after the expiration of twenty-four hours from the service of this Notice, the Guardians of the Union will cause the said Premises to be entered and examined under the provisions of said Acts, and if the grounds of complaint are found still existing, they will proceed as the case may require.

Dated this day of 185 .

Signed, _____

On the expiration of twenty-four hours after the service of the above Notice, (a Copy of which should be retained,) the premises should be entered and examined; and if the ground of complaint have not been removed, the Guardians should cause the same to be removed.

NO. 24.—REMOVAL of NUISANCES, and Constitution of SANITARY COMMITTEES:—Further Circular to Boards of Guardians of the several Unions in Ireland.

Poor Law Commission Office, Dublin,
12th October, 1853.

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland transmit herewith some additional copies of the Forms* referred to in their Circular of 5th inst.,† for use under the Nuisances Removal and Diseases Prevention Acts. The Commissioners have likewise caused fifty copies thereof to be forwarded to the Committee of Management of each Dispensary District in the Union, with a letter,‡ of which a copy is herewith enclosed for the information of the Guardians. The Commissioners are not furnished with copies for any further distribution, and any additional supply that may be required should be ordered by the Guardians from the printer in the usual manner.

2. The Commissioners recommend that the Guardians should, if they have not already done so, forward a supply of the Form of Certificate (No. 1 A) to each Medical Officer and Relieving Officer of the Union for their use, under section 6 of the Act of 1849, and a supply of the Form of Certificate (No. 1 B) to each Constabulary Station in the Union, for the use of the Constabulary under the same section. Copies of the Form of Notice (No. 1 C) for use by Householders, under section 1 of the Act of 1848, can be distributed on application, or in such manner as the Guardians may deem expedient: and it may be advisable to make it known that copies of this form may be had by Householders, on application to the Guardians or to the Committees in the respective Districts in the Union.

3. In some instances, it would appear, from communications received by the Commissioners, that the Board of Guardians have proposed to appoint persons *other than members of their own body or of the Dispensary Committees*, to be members of the Sanitary Committees for the purposes of the Nuisances Removal and Diseases Prevention Acts. There is no provision in those Acts or in the Medical Charities Act authorizing this course; and the Committees appointed by the Board of Guardians for the purposes in question should consist either of Guardians alone, under section 1 of the Act of 1848, or of the Dispensary Committees, in accordance with section 19 of the Medical Charities Act. In case the Board of Guardians do not consider the number of *resident* members of the Dispensary Committee of any District sufficient for these purposes, or if they desire to place additional members upon the Committee, so as to enable them to act more effectively for sanitary purposes under the Acts referred to, the Commissioners will be prepared, as already intimated in their Circular of the 5th instant, to consider any proposition of the Guardians for an increase of the present number of the Dispensary Committee with a view to the appointment of additional

* Five Forms, No. 23 (p. 87-91) † No. 22 (p. 85). ‡ No. 25 (p. 94).

resident members thereof, having the qualification prescribed in section 7 of the Medical Charities Act.

4. The Commissioners, however, deem it necessary to point out that the powers given to the Guardians under the 1st Section of the Act of 1848, can only be exercised by the Board of Guardians themselves, "or some Committee thereof which may be temporarily or "permanently appointed in this behalf" by them. Any proceedings under the above Section (in the cases referred to in paragraph 4 of the Circular of the 5th instant, where the Guardians may deem it advisable to take steps for enforcing the removal of nuisances at the expense of the parties by summoning them before the Magistrates,) should therefore be conducted under the direction and in the name of the Guardians of the Union, or by a Committee of Guardians alone, appointed in pursuance of that section.

5. At the same time, as has been previously pointed out, the Dispensary Committees are required by the 19th section of the Medical Charities Act to aid the Guardians in the execution of the Directions and Regulations issued under section 10 of the Act of 1848. In some Unions, the Guardians have already appointed the Dispensary Committees to act as Sanitary Committees in their respective Districts; and as these Committees include the resident Guardians, and it is desirable to avoid confusion, from having different Committees, it will probably be advisable for the Guardians, if they have not already done so, to appoint the Dispensary Committees, in all cases, as Sanitary Committees, at the same time appointing those resident Members thereof *who are Guardians*, to be Committees for the purposes of section 1 of the Act of 1848 referred to in the preceding paragraph, so that the necessary proceedings for the removal of nuisances in cases brought under the notice of the Guardians and to which the provisions of that section are applicable, may be taken without the delay which would be incurred by waiting for the ordinary weekly meetings of the Board of Guardians. For the purpose of aiding in the execution of the Directions and Regulations issued under the Nuisances Removal and Diseases Prevention Acts, the Dispensary Committees should be called upon to meet, during the emergency and while the order in Council continues in force, at shorter intervals than is required by the general rules for ordinary Dispensary purposes; and the Committees should report upon the execution of the Directions and Regulations and their own proceedings in regard to the same, at the ordinary weekly meetings of the Board of Guardians.

6. With regard to the Notices to be served upon the owners or occupiers of premises upon which nuisances are found to exist (Forms No. 2 and No. 3), the Commissioners are advised that taking into consideration the provisions of section 20 of the Act of 1848, where it is intended that the Guardians should give the Notice (Form 2), upon any certificate of the existence of a nuisance received by them, the signature of the Clerk, attached by direction of the Board of Guardians, in pursuance of a Minute of the Board, would render the Notice valid; but it would be preferable that such Notices should be signed in manner provided for acts of the Board of Guardians in section 28 of the Irish Poor Relief Act, 1 & 2

Vic., c. 56, wherever practicable. Where it is intended that a Committee should give the Notice upon a certificate received by them, the Notice may be signed in such manner as the Committee may decide upon by resolution.

7. It has been already intimated to the Guardians that the Constabulary Force would co-operate with the Poor Law Authorities in carrying out the provisions of the Nuisances Removal and Diseases Prevention Acts. The Commissioners have since received a copy of the Instructions issued by the Inspector-General of the Constabulary, from which it appears that the Constabulary are directed to give a Notice or Certificate to the Guardians, in pursuance of section 6 of the Act of 1849, of any nuisance of which they may receive credible information, and also to go in quest of nuisances whenever they can be spared from the discharge of their more peculiar duties. These Instructions do not authorize the Constabulary Officers to place any of their men on other duties than those above mentioned, at the suggestion or on the requisition of the Guardians or their Committees; and the functions of the Guardians in abating nuisances reported to them must therefore be discharged by persons directly employed under their own authority, the Guardians making use of their ordinary staff of Officers as far as practicable.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To the Clerk of the Board of Guardians
of each Union.*

NO. 25.—REMOVAL OF NUISANCES, and SANITARY PRECAUTIONS:—Circular of Instructions to Committees of Management of Dispensary Districts in the several Unions in Ireland.

*Poor Law Commission Office, Dublin,
12th October, 1853.*

SIR,

1. The Commissioners for administering the Laws for Relief of the Poor in Ireland have directed me to forward to the Dispensary Committee the accompanying supply of Forms,* which have been prepared for the purposes of the Nuisances Removal and Diseases Prevention Acts of 1848 and 1849. The Commissioners also transmit a copy of Circulars addressed by them on the 5th and 12th instant, respectively, to Boards of Guardians,† accompanying copies of the Forms, and describing the cases and the manner in which they should be used. The Forms should be distributed in manner pointed out in paragraph 2 of the Circular of 12th instant.

2. Under the 19th section of the Medical Charities Act, it is the duty of the Committees of Management and Medical Officers of Dispensary Districts, as well as all other persons appointed or employed under that Act, in their respective Districts, to aid the Guardians of the Poor, and such Officers or Persons as they shall appoint or em-

* Five Forms, No. 23, (p. 87-91). † No. 22, (p. 85); No. 24, (p. 92).

ploy, in the superintendence and execution of the Directions and Regulations* issued by the Commissioners, in pursuance of the Order in Council putting in force certain provisions of the Nuisances Removal and Diseases Prevention Acts of 1848 and 1849.

3. In many cases, the Boards of Guardians have themselves already appointed the Dispensary Committees to be Sanitary Committees for the purposes of these Acts, and have called upon them to afford their aid, in their respective Districts and localities, in carrying into effect the Directions and Regulations referred to; and the Commissioners deem it expedient to transmit to the several Committees, direct, a copy of those Directions and Regulations, which they and the Medical Officers of the respective Districts are bound to aid the Guardians in carrying into effect, whether specially appointed by them for the purpose or not.

4. The Commissioners accordingly enclose herewith a copy of the Directions and Regulations issued by them under the Nuisances Removal and Diseases Prevention Acts,* together with explanatory Circulars† which they have issued to the Boards of Guardians of the respective Unions in Ireland, for their guidance; copies of the Acts are also enclosed herewith; and the Commissioners trust, that the Board of Guardians will receive from the Committees of Management, and the Medical Officers of Dispensary Districts, at the present time, in their respective localities, their cordial aid and active co-operation in carrying into effect the provisions of the Acts for the removal of Nuisances and the prevention (as far as possible) of epidemic disease.

5. With this view, it is desirable that the Dispensary Committee, acting as a Sanitary Committee, should meet at shorter intervals than is prescribed by the general rules for the ordinary purposes of the Dispensary business; and the Commissioners refer to the enclosed Directions and Regulations and accompanying communications, as indicating the objects to which their attention should be directed in their respective localities, and the mode in which their aid may be effectively rendered to the Guardians, to whom the Committee should report at each of the weekly meetings of the Board, as to the steps taken in the execution of the Directions and Regulations,—as to any Nuisances existing or in course of removal in the District,—and as to the sanitary state of the District generally.

6. The Commissioners request that the Committee will communicate the contents of this Letter to the Medical Officer or Officers of the Dispensary District, each of whom should also be furnished copies of the Form of Certificate (No. 1 A), with a view to his certifying the existence of any Nuisances such as are therein described, in accordance with the 6th section of the Act of 1849, in order to the necessary steps being taken for the abatement or removal of any such causes of injury to health.

7. For any further copies of any of the Forms that may be required, application should be made to the Board of Guardians; and if the Notice recommended in the Commissioners' Circular of 30th ultimo, has not yet been circulated and posted for public informa-

* No. 18, (p. 78). † Nos. 17-24, (p. 74-94).

tion in the District, application should likewise be made to the Guardians for copies of it for that purpose.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

Management of each Dispensary District.*

NO. 26.—SANITARY PROCEEDINGS:—Further Circular as to the Assistance of the Constabulary in Certifying the existence of Nuisances, and Serving Notices thereof on Owners or Occupiers of the Premises.

Poor Law Commission Office, Dublin,

25th November, 1853.

SIR,

1. Adverting to paragraph 7 of the Circular addressed by the Commissioners for administering the Laws for Relief of the Poor in Ireland, on the 12th ultimo*, to Boards of Guardians of Unions in Ireland, relating to proceedings to be taken under the Nuisances Removal and Diseases Prevention Acts, and to the Instructions issued by the Inspector-General of the Constabulary, in which it was stated that the Constabulary had been directed to give a Notice or Certificate to the Guardians, in pursuance of § 6 of the Act of 1849, of any Nuisance of which they may receive credible information, and also to go in quest of Nuisances whenever they can be spared from the discharge of their more peculiar duties, the Commissioners have now to state, for the information of Boards of Guardians and the Sanitary Committees appointed by them, that the Commissioners have received a further communication, by direction of His Excellency the Lord Lieutenant, from the Chief Secretary's Office, informing them that the Constabulary will be instructed to issue Notices to parties for the Removal of Nuisances, such Notices being forwarded to the Constabulary by the Clerk of the Board of Guardians acting for the Board officially, or by the presiding Chairman or Honorary Secretary or Assistant Secretary of the Sanitary Committee acting officially for the Committee; it being understood that all subsequent proceedings after the service of such Notices by the Constabulary shall be carried on by the Boards of Guardians and the Sanitary Committees by means of their own Officers.

2. After receipt of the Certificate of the Constabulary of the existence of Nuisances, and the service of the consequent Notices to the parties concerned (Forms No. 2, and No. 3, respectively referred to in paragraphs 4 and 5 of the Circular of the 5th ultimo†), for the removal or abatement of the Nuisances, the remaining functions of the Guardians in abating the Nuisances reported to them, as already intimated in the Circular of 12th ultimo, must be performed by persons directly employed under their own authority, the Guardians making use of their ordinary staff of Officers for the purpose as far as practicable.

3. A sufficient number of copies of the present Circular, showing to what extent the assistance of the Constabulary will now be avail-

* No. 24, (p. 92). † No. 22, (p. 85).

able, is forwarded herewith for transmission to the several Sanitary Committees appointed by the Board of Guardians, in pursuance of the Nuisances Removal and Diseases Prevention Acts and the Medical Charities Act; and the Commissioners request that the Board of Guardians will cause a copy of this Circular to be transmitted to each of such Committees accordingly, for their information and guidance.

By Order of the Commissioners,

ARTHUR MOORE, *Assistant Secretary.*

*To the Clerk of the Board of Guardians
of each Union.*

NO. 27.—CHOLERA ORDER:—Form of Order issued on the appearance of Cholera in any Union.

[NOTE.—The following are the Unions to which an Order in the following Form has been issued, up to the date of this Report, together with the dates of such Orders:—

Union.	Date of Order.
North Dublin, . . .	12th November, 1853.
Cork, ...	25th November, 1853.
Midleton, ...	5th December, 1853.

Communications similar to those here following the Order (Nos. 28, 29, 30), were at the same time addressed to the Board of Guardians, the Dispensary Committees, and the Medical Officers of Dispensary Districts, respectively, in each of the Unions and Districts for which the Order was issued.]

FORM OF CHOLERA ORDER.

TO THE GUARDIANS OF THE POOR of the ——— UNION; THE COMMITTEES OF MANAGEMENT of the several Dispensary Districts in the said Union; and to each MEDICAL OFFICER of such Dispensary Districts.

WE, the Commissioners for administering the Laws for Relief of the Poor in Ireland, acting as the Commissioners for executing in Ireland the Powers and Purposes of the Nuisances Removal and Diseases Prevention Act, 1848, and an Act of the following Session of Parliament amending the same, do hereby authorize and require the Guardians of the said Union to provide for the dispensing of Medicines, and for affording to persons afflicted by or threatened with Cholera in the said Union, such Medical Aid as may be required; and for this purpose do issue the following Directions and Regulations:—

I. Each Dispensary District of the said Union shall be a Dis-

trict for the treatment of persons afflicted by or threatened with Cholera.

II. The Committee of Management of each Dispensary District shall act as a Sanitary Committee under the Nuisances Removal and Diseases Prevention Acts ; and such Committee, and each Member thereof, and every Medical Officer, Relieving Officer, and Warden, within such District shall, within their respective Districts, aid the Guardians of the Poor in the execution of the Directions and Regulations herein issued, or which may hereafter be issued by us in this behalf.

III. The Medical Officers of the several Dispensary Districts shall be Medical Officers for the treatment of patients afflicted by or threatened with Cholera within such Districts respectively.

IV. Every such Medical Officer shall give immediate Attendance and Medicine to all persons within his District complaining of Diarrhœa, Looseness of Bowels, or Cholera, who may apply to him either in person or otherwise, for advice or assistance, without requiring the production by such person of a Ticket for Medical Relief or Attendance ; and shall give daily attendance at the Dispensary of the District at such hours as the Committee shall direct.

V. Each such Sanitary Committee in the said Union shall hold a Meeting once in each Week, on the day of the Week next before the Meeting of the Board of Guardians, not being Sunday ; and the Committee may adjourn any Meeting to any day earlier than the next Weekly day of Meeting, if they shall deem it necessary to do so : and an Extraordinary Meeting may be convened, in case of emergency, on any other day, by any two Members of the Committee, or by the Medical Officer and the Chairman, Vice-Chairman, Honorary Secretary or Assistant Secretary.

VI. Every such Medical Officer shall lay before the Sanitary Committee of the District, at each Weekly Meeting thereof, a statement in the Form A to this Order annexed, showing in the separate columns the number of cases of Looseness of Bowels or Diarrhœa, and of Cholera, treated by him during the preceding week, with the result thereof, whether terminating in recovery or death, or whether still continuing under treatment, and distinguishing all New Cases of each description.

VII. The Sanitary Committee shall forthwith communicate a copy of each such Return to the Guardians of the Union.

VIII. The Clerk to the Guardians shall forthwith transmit to us the said Commissioners a Summary of such Returns, in the Form B to this Order annexed.

IX. Every such Medical Officer shall make to us a Daily Return in the same Form A, of the cases of Diarrhœa and Cholera occurring in his District.

X. The Board of Guardians shall cause to be prepared and posted up in all public places throughout each Dispensary District in the Union, a Notice according to the Form hereunto annexed, stating the situation of the Dispensary, and the Name and Residence of the Medical Officer or Officers thereof, and recommending all persons to obtain Medical Advice who may be affected as aforesaid.

XI. The Board of Guardians of the Union, and the Sanitary Com-

mittee of each Dispensary District, in which any Poor Persons may be attacked with Diarrhœa or Cholera, shall cause the dwellings in which such persons may have been seized with such disease, to be thoroughly cleansed and purified, and all nuisances to be removed therefrom, in pursuance of the provisions of the said Acts, and if necessary at the charge of the Rates of the Electoral Division in which the dwellings may be situate.

XII. In the event of the fatal termination of any case of Cholera in the dwellings of poor persons, the body of the deceased person shall be removed for interment as speedily as may be; and if, from the poverty of the occupiers of such dwellings, they should be unable to provide for such interment, the Board of Guardians shall, in such case, be, and are hereby authorized to defray the expense necessarily incurred for this purpose, and to charge the same on the Rates of the Electoral Division.

XIII. And We do hereby authorize and require the Board of Guardians of the said Union to do all acts, matters, and things necessary for superintending and carrying into execution the foregoing Directions and Regulations, as soon as may be after the receipt of this our Order.

(L.S.) Sealed with our Seal, this day of
in the Year of our Lord, One Thousand Eight
Hundred and Fifty-three.

(Signed,)

A. POWER.
J. M'DONNELL, M.D.

FORM OF NOTICE.

PUBLIC NOTICE.

— DISPENSARY DISTRICT.

The Dispensary situate at* — is open, and the Medical Officer attends thereat, from* — o'clock to* — o'clock daily. The Medical Officer may also be consulted at his own residence daily from* — o'clock to* — o'clock.

The Residence of † — the Medical Officer, is at —.

If any person be attacked by *Diarrhœa* or *Looseness of Bowels*, however slight, *whether with or without pain*, let him apply **WITHOUT A MOMENT'S DELAY** (no Ticket or Recommendation being necessary) at the Dispensary, or at the Medical Officer's residence, as above stated, where Medical Relief will be given with the least possible delay: but,

In case Medical Advice be not at hand—or if in addition to looseness of bowels or diarrhœa, any person be attacked with vomiting, cramps, or great weakness—let him go at once to bed, wrap himself in warm blankets, roll a swathe of warm flannel, sprinkled with hot spirits of turpentine or whiskey, closely round the body, extending from the chest to the hips, and take a teaspoon-full of brandy or whiskey in a little water, with fifteen drops of laudanum, repeating it every hour if the attack be not checked, until a third dose has been taken. He ought not to venture further in the use of laudanum, without Medical advice.

If any person be affected with vomiting, purging, or cramps, and in consequence be unable to go out, let him direct some person to apply—either at the Dispensary, if within the hours above named for attendance at the Dispensary—or at the Medical Officer's residence, if at any other time, or when the Dispensary is not open; giving the name and residence of the patient, and requesting an immediate visit from the Medical Officer.

No. 28.—CHOLERA :—Form of Instructional Letter to Board of Guardians, accompanying the Cholera Order (No. 27).

— UNION, *Poor Law Commission Office, Dublin,*
— 1853.

SIR,

In consequence of communications received by the Commissioners for administering the Laws for Relief of the Poor in Ireland, as to the sanitary condition of parts of the above Union, they have issued a further Order,* in pursuance of the Nuisances Removal and Diseases Prevention Acts and § 19 of the Medical Charities Act, containing Directions and Regulations for the medical attendance of persons suffering under Diarrhœa, or Cholera, and requiring medical relief, and for the due notification of the places at which application should be made for the same. A copy of the Order is forwarded herewith†: and steps should be taken for convening an immediate meeting of the Guardians, for the purpose of laying this communication before them without delay.

Under these regulations, the Medical Officers of the several Dispensaries in the Union are bound to give immediate attendance and medicine to all persons applying to them and affected with Diarrhœa, Looseness of Bowels, or Cholera, without requiring that such persons should obtain a Dispensary Ticket, it being of importance that no time should be lost in the application of the proper remedies in such cases.

The Guardians will bear in mind, that they will have to make provision for the treatment of three descriptions of cases :—

1st.—Cases of premonitory Diarrhœa, to be treated at the Dispensaries or by the Medical Officers of Dispensary Districts. The Commissioners cannot too strongly impress upon the Guardians the importance of adopting measures to insure the prompt and efficient treatment of such cases. All medical testimony concurs in proving that the energetic treatment of these cases has been productive of the greatest and most unquestionable benefit, in checking the advances of Cholera, and in the saving of life. The Guardians should therefore take immediate measures, by issuing public Notices as directed in the enclosed Order, to point out to the poor of each district the vast importance of *immediate application at the Dispensary on the first attack of looseness of bowels*; and to acquaint them with the Names of the Officers and Places at which they may obtain the requisite medical aid, *on application, without ticket or recommendation*.

2nd.—Cases in which Cholera is developed, and in which, owing to the violence and rapid course of the disease, the delay attendant on removal to hospital would be certainly fatal. For such cases, Dispensary treatment at their homes must be provided; and for this purpose, the Medical Officer should be provided with the necessary medical appliances.

3rd.—Cases of Cholera, where the destitution of the patients is such that they are without fire, without sufficient covering, without

* First Order under the Nuisances Removal and Diseases Prevention Acts, No. 18, p. 78: further Order, No. 27, p. 97.

† Cholera Order, No. 27, p. 97.

friends to carry out the directions of a Medical Attendant. For such cases, hospital accommodation should be provided. Cholera patients should not under any circumstances be admitted into the Workhouse or Workhouse Infirmary; but provision should be made for their reception in a separate ward or wards in a hospital distinct and detached from the Workhouse itself. The Commissioners have already referred to the provision of hospital accommodation and additional medical aid, in their Circular Letter of 30th September,* in which they stated as follows :—

“The necessity which may arise in particular localities of providing Hospital accommodation or additional Medical aid, will be dealt with by the Commissioners as occasion for taking such steps may appear to them from time to time to arise. It is not apprehended that a large proportion of the Cholera cases arising in a Union can be treated in Hospital; nor that such cases can be sent to Hospital from any considerable distance.

“For the protection, however, of the Workhouse inmates and the inhabitants of the town in which the Workhouse is situate, against any sudden appearance of Cholera, the Commissioners think the Guardians of each Union should at once consider, with the advice and assistance of the Medical Officer of the Workhouse, what accommodation proper for the reception of Cholera patients is at present at their disposal in connexion with the Workhouse; and if none such be found to be at their disposal, they should take such precautions at once in this respect as may be thought necessary, without incurring any expense which might safely have been avoided, in the event of Cholera not appearing in the Union.”

Immediate steps should now be taken for completing the necessary arrangements for these purposes, if not already done, and for posting the placard Notices in accordance with the accompanying Order, throughout the several Districts of the Union: and the Commissioners request that they may be informed of the arrangements made or proposed by the Guardians in the above particulars. The Commissioners presume that the Notice already recommended in the Circular of 30th September has been issued: if not, it should be immediately posted in the same manner as the public notice directed by the enclosed Order is required to be posted, and by any other means the Guardians may think requisite for the general information of the public. A copy of the Notice annexed to the accompanying Order should be filled up with the necessary particulars, as to each Dispensary District, without delay, and the requisite number of copies should be procured from the Printer in the ordinary manner, for distribution and circulation as promptly and extensively as possible, in the Districts of the respective Medical Officers, for each of which a separate Notice should be printed and issued.

Under Article 12 of the Order, the Guardians are empowered in certain cases to make provision for the burial of deceased persons who have died of Cholera; and their attention is also requested to Article 11 of the Order, as to the cleansing and removal of Nuisances from dwellings in which persons have been attacked with Diarrhœa or Cholera.

Your attention, as Clerk of the Union, is requested to your duties under Articles 8 and 9 of the Order. You should forthwith take the necessary steps for obtaining a supply of the forms prescribed by the Order, under the direction of the Guardians, in the usual manner, from the Printer: and you should forward a supply of Form A to each Medical Officer accordingly, as soon as possible. The Commissioners transmit to you herewith a few copies of the Form B, for use until you can obtain a supply in like manner.

The Commissioners enclose for the information of the Guardians a copy of a letter which has been addressed to the several Dispensary Committees in the Union,* with the Order.

By Order of the Commissioners.

*To the Clerk of the Board of Guardians
of ——— Union.*

No. 29.—CHOLERA:—Form of Letter of Instructions to the Dispensary Committees in any Union to which the Cholera Order is transmitted, accompanying the Order (No. 27).

———UNION.

Poor Law Commission Office, Dublin,

———1853.

SIR,

1. In consequence of communications received by the Commissioners for administering the Laws for Relief of the Poor in Ireland, as to the sanitary condition of parts of the above Union, they have issued a further Order,† in pursuance of the Nuisances Removal and Diseases Prevention Acts, and § 19 of the Medical Charities Act, containing Directions and Regulations for the medical attendance of persons suffering under Diarrhœa or Cholera, and requiring medical relief, and for the due notification of the places at which application should be made for the same. A copy of the Order is forwarded herewith‡: and steps should be taken for convening an immediate meeting of the Dispensary Committee, for the purpose of laying this communication before them without delay.

2. Under these regulations, the Medical Officers of the several Dispensaries in the Union are bound to give immediate attendance and medicine to all persons applying to them and affected with Diarrhœa, Looseness of Bowels, or Cholera, without requiring that such persons should obtain a Dispensary Ticket, it being of importance that no time should be lost in the application of the proper remedies in such cases.

3. The Order declares each Dispensary District in the Union to be a District for the treatment of persons afflicted or threatened with Cholera, and directs that the Committee of Management of each Dispensary District shall act as a Sanitary Committee for such Dis-

* No. 29.

† First Order under the Nuisances Removal and Diseases Prevention Acts, No. 18, p. 78; further Order, No. 27, p. 97.

‡ Cholera Order, No. 27, p. 97.

trict, under the Nuisances Removal and Diseases Prevention Acts, and such Committee and every member of it, as well as the Medical Officers, Relieving Officers, and Wardens, are required within their respective Districts to aid the Board of Guardians of the Union in the execution of the Directions and Regulations contained in the Order.

4. By Article 5 of the Order, the Committee is required to meet once at least in each week ; and they should at such meetings receive the returns of the Medical Officer, and any report he may have to make as to the sanitary state of his district. The weekly meeting of the Committee is to be held on the day before the day of meeting of the Board of Guardians, so that any proceedings of the Committee which it may be necessary to report to the Guardians, may be so reported at their meeting on the following day.

5. The Commissioners request that the Committee will see that the returns required by Articles 6, 7, and 9 of the Order, be duly and regularly made ; and that the Notice prescribed by the Order be posted as soon as possible. It will be observed that while this Order remains in force, each Dispensary is to be open *daily*, at certain hours, to be fixed by the Committee ; and the Committee should communicate the necessary instructions to the Medical Officer, as to the hours fixed for his attendance on each day.

6. In case it becomes necessary under Article 12 of the Order, in any case of emergency, for the Committee to provide for the burial of any poor person who has died of Cholera, where the friends of the deceased, from poverty, are unable to do so, the circumstances of the case should be reported to the Board of Guardians at their first meeting after the death.

7. The attention of the Committee is also requested to Article 11 of the Order providing for the cleansing and removal of Nuisances from dwellings in which persons have been attacked with Diarrhœa or Cholera.

8. The Commissioners have already in their Circular of 12th October, 1853,* transmitted to the Committee, Instructions which have been issued under the Nuisances Removal and Diseases Prevention Acts ; and they transmit herewith a copy of a Letter which they have now addressed† to the Board of Guardians with the accompanying Order.

9. The Commissioners have enclosed to the Medical Officer some copies of the Form A, for use, under Articles, 6, 7, and 9 of the Order, until a supply can be obtained from the Guardians in the ordinary manner. In order that the prescribed Notice for the District may be printed for posting without delay, copies of the form of Notice are enclosed herewith, so that the blanks therein may be duly filled up. The Committee should then cause the Notice to be transmitted to the Guardians with a requisition stating the number of copies required for distribution.

By Order of the Commissioners.

No. 30.—CHOLERA:—Form of Letter of Instructions to the several Medical Officers of Dispensary Districts in any Union to which the Cholera Order is issued, accompanying a copy of the Order (No. 27).

— UNION.

Poor Law Commission Office, Dublin,
—1853.

SIR,

1. In consequence of communications received by the Commissioners for administering the Laws for Relief of the Poor in Ireland, as to the sanitary condition of parts of the above Union, they have issued a further Order,* in pursuance of the Nuisances Removal and Diseases Prevention Acts and § 19 of the Medical Charities Act, containing Directions and Regulations for the medical attendance of persons suffering from Diarrhœa or Cholera, and requiring medical relief, and for the due notification of the places at which application should be made for the same. A Copy of the Order† is forwarded herewith; and the Commissioners have addressed a communication to the Honorary Secretary of the Dispensary Committee on the subject, and have requested that an immediate meeting of the Committee may be called for the purpose of laying the communication and the Order before them without delay.

2. Under these Regulations, the Medical Officers of the several Dispensaries in the Union are bound to give immediate attendance and medicine to all persons applying to them and affected with Diarrhœa, Looseness of Bowels, or Cholera, without requiring that such persons should obtain a Dispensary Ticket, it being of importance that no time should be lost in the application of the proper remedies in such cases.

3. The Order declares each Dispensary District in the Union to be a District for the treatment of persons afflicted or threatened with Cholera, and directs that the Committee of Management of each Dispensary District shall act as a Sanitary Committee for such District, under the Nuisances Removal and Diseases Prevention Acts; and such Committee, and every Member of it, as well as the Medical Officers, Relieving Officers and Wardens, are required, within their respective Districts, to aid the Board of Guardians of the Union in the execution of the Directions and Regulations contained in the Order.

4. By Article 5 of the Order, the Committee is required to meet once, at least, in each week; and they will, at such meetings, receive the returns of the Medical Officer, and any reports he may have to make as to the sanitary state of his district.

5. So long as the enclosed Order remains in force, each Dispensary is to be open *daily*, at certain hours, to be fixed by the Committee; and attendance is to be given there, and at the Medical

† No. 27, p. 97.

Officer's residence, in accordance with the Notice directed by the Order to be issued.

6. Your attention is requested to Articles 6 and 9 of the Order, directing that weekly Returns of cases of Diarrhoea and Cholera be made to the Sanitary Committee, and a daily return to the Commissioners. The Clerk of the Union has been instructed to furnish you with copies of the necessary Form, for which application can be made to him in case they should not be received in due time. Meanwhile, the Commissioners transmit to you herewith some copies of the Form A, for use until a supply can be obtained from the Clerk of the Union in the ordinary manner.

7. The Commissioners do not desire to interfere with the discretion of the Medical Officer in the medical treatment of the cases which he may have to attend: but they deem it advisable to transmit to you the enclosed Extracts from a Notification issued by the late Central Board of Health,* on the occasion of the last visitation of Asiatic Cholera in Ireland, as conveying the views of that Board in reference to some points regarding the nature and treatment of the disease, and containing some suggestions as to the medicines with which they recommended that Medical Officers should at all times during the prevalence of Cholera be provided. The Commissioners also transmit therewith Extracts from a Report which has recently been made by a Committee of the King's and Queen's College of Physicians† in Ireland, specially appointed to consider the subject of Cholera, and which, having been received and adopted by the College on 6th October, 1853, has been transmitted to the Commissioners in reply to certain questions put by the Commissioners to them as to the medical treatment of that disease. The report having been thus issued and transmitted to the Commissioners upon the professional authority of the College of Physicians in Ireland, the Commissioners have deemed it right to forward the accompanying Extracts, expressing the views of that body in reference to the treatment of Cholera and its premonitory symptoms. At the same time you will not fail to observe that your own responsibility in the treatment of any individual case, is in no way interfered with by either of the documents above referred to.

By Order of the Commissioners.

*To each Medical Officer of a Dispensary District
in ——— Union.*

No. 31.—CHOLERA :—Notifications of the late Central Board of Health, and the College of Physicians, in Ireland, referred to in foregoing Instructions to Medical Officers of Dispensaries (No. 30).

EXTRACTS from a NOTIFICATION issued by the late CENTRAL BOARD OF HEALTH for IRELAND, in reference to CHOLERA, in 1848 and 1849.

"Nature of the Attack.—It seems to be a well established fact, and one that cannot be too strongly impressed upon the minds of the people generally, as upon this fact depends the best hope of successfully contending with the disease, that in nearly all cases of Cholera, there are two stages of the disease, the *first* being merely Diarrhœa, or simple looseness of the bowels; the *second* being the stage of Collapse, or Blue Cholera, marked by cramps, failure of the circulation, lividity of the skin, cold, clammy perspiration, and all the other well-known symptoms of the disease. In the first stage of the disease, medical treatment is frequently successful; in the second stage, too often of no avail.

"The first stage,—*Diarrhœa, or mere looseness of the bowels,*—may be of only a few hours' duration, or may continue from one to several days. It is most important to bear in mind that this *Diarrhœa may be entirely without pain*; indeed, it most frequently is without pain, or merely accompanied with trifling griping or uneasiness. This absence of pain, or the little accompanying uneasiness, has too often thrown the patient off his guard, who has thus neglected the warning of his danger, and has allowed the time for cure to pass by.

"It may be safely asserted, that during the prevalence of an epidemic of Cholera,—*Diarrhœa, or looseness of the bowels,* which is free from pain, is more dangerous, more likely to be the first stage of the disease, than *Diarrhœa accompanied with griping or pain*. Let it then be clearly understood, that *when the epidemic is prevalent, mere looseness of the bowels, with or without pain, may be the commencement or first stage of Cholera,—that the disease is generally cureable in this stage, and that not a moment should be lost in applying for relief.* * * *

"The Medical Officers will generally give formulæ for the Medicines they may deem best. The following may, however, serve as an example of what should be generally provided in the pocket-medicine-boxes. The most portable forms for the medicines are selected; the directions should, as far as practicable, be printed.

"POWDERS.—*Carbonate of Ammonia*, in waxed papers, each paper containing 40 grains, with the following printed directions on the outside :—'Dissolve this powder in half a pint of water; give two table spoonfuls every hour.'

"POWDERS.—*Compound Powder of Chalk with Opium*—(*Pulv. Crete comp. cum Opio,*)—in packets each containing 6 papers, each paper containing 10 grains of the Powder, with printed directions :—'One Powder every half-hour until the looseness ceases.'

"PILLS of *Powdered Opium*, each containing one quarter of a grain of Opium, and two grains of Powdered Ginger, made up with

Oil of Peppermint. The Pills to be in boxes, each box containing 6 Pills, with a printed label:—‘Opium Pills; one every half-hour until the looseness ceases.’

“PILLS of *Mercury and Opium*, each containing one quarter of a grain of Calomel, two grains of Hydrargyrum c. Oreta (Mercury with Chalk), and a quarter of a grain of Opium, made up with *Oil of Caraway*, (which will serve to distinguish them from the plain Opium Pills,) in Boxes, each containing 6 Pills, with a printed label:—‘Mercury and Opium Pills; one every half-hour.’

“BOTTLES (one or two ounce phials, with *cork stoppers*):

1. Containing—Tincture of Opium (Laudanum),
2. ” Hoffman’s Liquor,
3. ” Tincture of Rhatany,
4. ” Creasote.

“Along with the box should be carried a small jar of strong brown Mustard.

“It is not within the purpose of a communication such as this to go into details of treatment. There are, however, two points on which the Commissioners of Health feel it will not be out of place to give an opinion, viz., the employment of frictions and the allowance of drinks to the sick. The Commissioners cannot recommend that fluid applications of any kind should be employed in frictions on the body or limbs, as the cold consequent on prolonged exposure and evaporation more than counterbalances any supposed good effect from friction, which, if at all used, should be made merely with the warm hand without disturbing the bed-clothes. The Commissioners also advise that when patients suffer from thirst, they should in general be permitted to drink freely, as experience shows that the denial of drink does not check vomiting, while it increases very much the suffering of the patient from the burning thirst that so often accompanies the disease.”

EXTRACTS from a REPORT of the CHOLERA COMMITTEE of the KING’S and QUEEN’S COLLEGE of PHYSICIANS in IRELAND, received and adopted by the College on 6th October, 1853.

It cannot be too strongly impressed upon the public, that in the great majority of cases of Cholera, there are two distinct stages; and that consequently, precautions should be taken to deal with each of them as it presents itself.

The Diarrhoeal stage is in most cases manageable if treated promptly. The moment an individual becomes affected with Diarrhoea, when Cholera is prevalent, let him get into bed and take every precaution to maintain the temperature of the surface of his body and extremities, by the application of warm blankets or other covering, bottles of hot water or heated bricks to his feet and hands, warm flannel swathes to the abdomen, and taking a small quantity of whatever domestic stimulant may be at hand,—such as punch, made with brandy or whiskey, warm negus, or mulled port wine. Let him send at once for medical aid to the nearest depot, or to his medical attendant, recollecting that every moment’s delay is injurious. A.

a large proportion of cases occur at night, to avoid delay we should advise all families to be provided with medicine to meet the Diarrhœal stage of the disease; and as such a medicine should be one that will not injure by keeping, it should be prepared and kept in a dry form.

The Committee advise that the following medicine be kept in every house, to check looseness of the bowels in *slight* cases:—

No. 1.—R. Pulveris Cretæ Opiati, 5ij.

Divide in chartulas duodecim, et signa “No. 1, *Astringent Powders.*”

One of these powders mixed with one table-spoonful of warm milk, to be taken by an adult, and repeated after every evacuation, until the arrival of medical assistance.

If, however, the purging be *sudden* and *violent*, let one of the following pills be taken every half-hour, instead of the powder:—

No. 2.—R. Acetatis Plumbi, gr. xxiv.

Opij, gr. iij.

Fiat massa, et divide in pilulas duodecim. Signa, “No. 2, *Astringent Pills.*”

One to be taken every half-hour.

In cases of sudden sinking and prostration, a desert spoonful of either whiskey or brandy and a table-spoonful of water may be taken every fifteen minutes, until the arrival of the physician. In case of sickness of stomach, let a large mustard poultice be applied over the pit of the stomach, until it produces decided irritation. Rice-milk, or beef-tea with or without well-boiled rice, may be taken in small quantity in the diarrhœal stage.

It is not an uncommon error, and one that the members of the Committee have known to prove fatal in former epidemics of Cholera, for persons attacked with the preliminary Diarrhœa to take castor oil, or saline and other aperient medicines. This must be most strictly avoided, as it is attended with the greatest danger; on the contrary, every effort should be made to check the tendency to diarrhœa.

When Diarrhœa occurs in young people, gradually diminishing doses of the *Astringent Powder, No. 1*, may be administered; reducing the quantity prescribed, to one-half for a child ten years of age; but for the Diarrhœa of children under this age, the Committee would recommend for a child a year old, the following powder, after every liquid evacuation, taking care at this age not to repeat it oftener than every hour:—

No. 3.—R. Pulveris Cretæ Comp. gr. ij.

Pulveris Cretæ Opiati, gr. i.

M. et signa, “No. 3, *Astringent Powders for Children.*”

Two of these powders combined may be given to a child from one to three years of age; three to a child from three to five years of age; in a child from five to ten, this quantity might, in urgent cases, be repeated every half-hour until medical assistance is obtained. These should be given in a little milk.

Where there is urgent thirst, pure water, milk and water, or rice water, may be freely given as drink. If cold water appears to produce chill, then a small proportion of brandy may be mixed with it.

* * * In some cases the disease commences suddenly, with symptoms of great intensity, such as shiverings, coldness of the surface, great prostration of strength, cramps, with purging, or vomiting, or both. In such circumstances, while medical aid is sought for, let the patient be immediately put to bed in a well-heated apartment, heat be applied to the extremities by bottles of hot water, heated bricks, &c., whilst a large mustard poultice, or a piece of warm flannel moistened with spirits of turpentine, is applied over the abdomen. At the same time the limbs, both upper and lower, should be diligently rubbed under the bed-clothes with the naked hand or with a flannel; and if cramps be distressing, the limbs may be carefully bandaged with flannel. In the mean time, any convenient stimulant, such as punch made with brandy, whiskey, or gin, in moderate quantities, or mulled port wine, may be taken.

The following mixture is recommended as a cordial stimulant that may be used under such circumstances:—

No. 4.—R. Tincturæ Cardamomi Compositæ, ʒij.

Spiritus Ammonię Aromatici, ʒij.

Syrupi Zingiberis, ʒj.

M. Signa, "*No. 4, Stimulant Mixture.*"

Two teaspoonfuls of this, to be mixed with four teaspoonfuls of water, and taken every half-hour.

The patient should not be allowed to sit up, or assume the erect posture.

The Committee do not intend to dictate a specific line of treatment for the fully developed disease; yet as these directions may fall into the hands of persons in remote parts of the country, who may, *whilst the Medical Attendant is coming from a distance*, be obliged, by the attack assuming the alarming character just described, to adopt more energetic treatment, the Committee recommend, in addition to the measures directed in the preceding paragraph, that one of the following *Stimulant Pills* be given every half-hour:—

No. 5.—R. Camphoræ, gr. xij.

Spiritus Vini rectificati, guttas quatuor.

His probè conterendo mixtis, adde

Calomelanos, gr. xij.

Opii, gr. ij.

Capsici pulverisati, gr. iij.

Confectionis Aromatici, gr. v.

Mucilaginis Gummi Acaciæ, q. s.

Fiat massa, et divide in pilulas duodecim. Signa,
No. 5 "Stimulant Pills."

One of these pills to be taken every half-hour.

As a convenient Summary of treatment, the Committee submit the following:—

In every case of illness, when Cholera is epidemic, send at once for medical assistance. Until that is obtained, attend to the following directions:—

I.—TREATMENT OF PRELIMINARY PURGING *in grown up persons*, until the arrival of the Medical Attendant.

1. Put the sick person to bed, and apply bottles of hot water to feet and hands, until thoroughly warmed.
2. Give a warm drink, with a glass of whiskey punch or mulled port.
3. Give one of the *Astringent Powders*, No. 1, in warm milk, after each motion of the bowels.
4. If the purging be violent or sudden, give one of the *Astringent Pills* every half-hour.
5. If there be nausea or vomiting, apply a large mustard poultice over the stomach.

II.—TREATMENT OF PRELIMINARY PURGING *in young persons and children*, until the arrival of the Medical Attendant.

1. Put the child into a warm bed, with bottles of hot water.
2. Give a warm drink, but not wine or spirits.
3. Give the child the *Powders for Children*, No. 3, in a little milk, as follows :—

For a child 1 year old, one powder every hour.

„ 2 to 3 years, *two powders together* every hour.

„ 3 to 5 years, *three powders together* every hour.

„ 5 to 10 years, *three powders together* every half-hour.

III. TREATMENT OF THE ATTACK OF CHOLERA (known by vomiting and purging, great weakness, coldness, and shivering), until arrival of the Medical Attendant.

1. Put the person into a warm bed, and apply bottles of hot water to the surface.
2. Apply a large mustard poultice, or turpentine, over the stomach and belly.
3. Rub legs and arms diligently under the bed-clothes.
4. Give a moderate quantity of hot punch, or mulled port wine.
5. Give one teaspoonful of the *Stimulant Mixture*, No. 4, in four teaspoonfuls of water, every half hour.
6. In violent cases, give one of the *Stimulant Pills* every half-hour.

No. 32.—CHOLERA:—CIRCULAR to MEDICAL OFFICERS of DISPENSARY DISTRICTS throughout Ireland, instructing them to report Cases of Cholera that may occur in their respective Districts.

*Poor Law Commission Office, Dublin,
3rd January, 1854.*

SIR,

The Commissioners for administering the Laws for Relief of the Poor in Ireland have now positive indications of the existence of Cholera as an Epidemic in Ireland. The disease, so far as the

Commissioners are informed, is at present limited to the City of Cork and the immediate neighbourhood.

In the event of any case of Asiatic Cholera arising in your District, the Commissioners request that you will at once communicate the particulars of the case in a Report directly addressed to them.

In addition to the symptoms of the case and the result of the treatment, the Commissioners are desirous of being informed, with respect to the cases first appearing in any District, whether the persons affected, or any of those with whom they have lived or associated, have, within any short time previously, been out of the District, and if so, in what particular localities, whether in Ireland or elsewhere; and they request that you will be good enough to add any other facts which may appear to you material in tracing a connexion between the case and any other case of Cholera, or any locality affected by that disease; or which would, on the other hand, tend to show that the disease had arisen without any such connexion.

By Order of the Commissioners,

W. STANLEY, *Secretary.*

*To each Medical Officer of a
Dispensary District.*

APPENDIX (B).--TABULAR RETURNS.

[NOTE.—In the following series of Tables, the Unions are classed in the Counties and Provinces in which the chief or central place of each Union is situate; but many of the Unions comprise parts of more than one County or Province. The total of Population, &c., of the Unions in the respective Counties and Provinces, as herein arranged, will not, therefore, agree with the summaries of those Counties and Provinces in the Census Returns, from which, as amended, the Population Area, and Valuation, have been taken for this and the last Annual Report. An Alphabetical Index Table of Unions is annexed (No. 14), showing the Counties of which portions are contained in each Union, and referring to the table and page in which the particulars of each Union are to be found. An Alphabetical Index List of the Dispensary Districts is likewise annexed (No. 15), with similar references, and the name of the Union in which each District is situate, and also an Alphabetical List (No. 16) of the Infirmaries and Hospitals, with similar references.]

No. 1.—STATEMENT of ALTERATIONS in DISPENSARY DISTRICTS in Unions in Ireland (arranged in Provinces and Counties), according to the Orders issued by the Commissioners, in pursuance of § 6 of 14 & 15 Vic., c. 68 :—(*in continuation of Table No. 1, in App. (B) to First Annual Report.*)

[NOTE.—Table No. 1, in the First Annual Report, App. B., contained a "Statement of the DISPENSARY DISTRICTS formed in the respective Unions in Ireland" (arranged in Provinces and Counties), according to the Orders issued by the Commissioners in pursuance of § 6 of 14 & 15 Vic., c. 68 :—showing the Date of "Declaration, Number of Electoral Divisions in each District, Population, Area, Valuation; and also the Number of the Committee of Management, Number of "Medical Officers, and other particulars declared in such Orders in pursuance of the Act." The following is an Abstract of Orders issued since the date of the last Report, modifying in some respects, in certain cases, the arrangements set forth in that statement.]

NAME OF UNION.	NAMES OF DISPENSARY DISTRICTS.	PROVINCE OF LEINSTER.
		COUNTY OF DUBLIN.
RATHDOWN, .	Dundrum and Glencullen, .	One Midwife authorized by Order of 12th January, 1853 (as in last Report) : one additional, by Order of 15th March, 1853; making two Midwives authorized for the District.
	Powerscourt, ...	One Midwife authorized by Order of 6th January, 1854.
GOREY, ...		COUNTY OF WEXFORD. The name of the fifth District changed to Wells instead of Oulart, by an Order dated 9th March, 1853.

^a Castletowndelvin Union.—This Union was originally formed into four Dispensary Districts, the particulars of which are given in the Table in the First Annual Report, App. B., No. 1. The Union is now formed into three Districts, and the particulars of the new arrangement are given in the present Table.

^b Appointment of an Apothecary, in addition to the Medical Officer, authorized for the Ballinasloe, Cork, Queenstown, Doneraile, Skibbereen, and Croom Dispensary Districts, by Orders of the dates given.

^c Portumna Union.—This Union was formed into three Dispensary Districts by the Declaration Order of the 4th March, 1852, with a separate Medical Officer for each; one District (the Portumna District), consisting of the Drummint District, and one District (the Drummint District), consisting of the two Electoral Divisions of Coos and Drummint. These two Districts have now been formed into one District, with two Medical Officers, by an Order of the 5th January, 1854, whereby the Electoral Divisions of Coos and Drummint were added to the Portumna Dispensary District, the Union being now divided into two Dispensary Districts, as shown in the above Table.

^d Newport Union.—By an Order dated 5th April, 1853, the Electoral Division of Newport West was transferred from the Ballycroy Dispensary District, in which it was included under the Declaration Order of 12th March, 1852, to the Newport Dispensary District. The particulars of the present Dispensary Districts of the Union, as thus altered, are given in the above Table.

^e Boyle Union.—By an Order dated 14th April, 1853, the Riverstown Dispensary District, which consisted of the two Electoral Divisions of Shanrough and Killadoon, was added to the Keadue District, with two Medical Officers, the number of Dispensary Districts in the Union being thus reduced to four instead of five, the number of Medical Officers remaining the same. The particulars of the present Districts of the Union are shown in the present Table.

^f Appointment of two Medical Officers for Middleton District, authorized by Order of 14th April, 1853, instead of one Medical Officer, as in last Report.

^g Glin Union.—Some of the particulars as to this Union, as given in the First Annual Report (Appendix B, Table No. 1), were inadvertently misplaced. The particulars are correctly given in the present Table.

No 2.—List, in pursuance of § 20 of 14 & 15 Vic., c. 68, of all DISPENSARY DISTRICTS in the several Unions in Ireland (arranged in Provinces and Counties):—showing the NUMBER of DISPENSARIES in each District, the fixed ANNUAL EXPENSES of each Dispensary District, and the EXPENDITURE for the year from the 29th September, 1852, to the 29th September, 1853.

NOTE ON TABLE, No. 2.

Columns 1 to 3, 5 and 6 inclusive, are abstracted from the sealed Orders of the Commissioners.

The remaining particulars in the Table are abstracted from Returns received from the Clerks of Unions.

In a Note upon Table No. 2, in the First Annual Report, App. B, it was observed that the amounts in the columns under the head of "Expenditure to 29th September, 1852," corresponding with those numbered 12 to 18 of the present Table, showed the amounts "included in the Union Accounts to 29th September, 1852, as actual *disbursements* up to that date (see paragraph 34 of the First Annual Report),"—and not expenses which had been *incurred* but *not paid and brought to account* within the year. Since that time, the new Accounts Order of 8th April, 1853, has been issued, by which a change in this respect has been introduced, the object of which is to secure a precise statement of the expenses *incurred* in each half-year, whether the demands upon the Union for those expenses have been settled or remain outstanding at the close of the half-year. Under this Order, the half-yearly Abstracts of Accounts since the 29th September, 1852, include the entire expenses incurred up to the close of each half-yearly period, whether actually paid within the period or not. The present Table, for the year ended 29th September, 1853, consequently includes some expenses incurred for the service of the year ended 29th September, 1852, but paid and brought to account after the close of that year. The amount of these expenses for each Union, is shown in column 19 of this table, and column 20 shows the actual amount of expenses incurred for Dispensary purposes under the Medical Charities Act, for the service of the year ended 29th September, 1853, in each Union. Future Tables, made out from the accounts kept in accordance with the Accounts Order of 8th April, 1853, will show the actual expenses incurred for each year.

Column 7:—In various instances in which Rent does not appear in this Table as part of the Annual Expenses, the Dispensary of the District is held in a house which was used for a Dispensary, under the late system, or in a court-house or other public building, the use of which is obtained by the Guardians for the purpose, or in a house granted by the proprietor, rent-free or at a nominal rent.

In some other cases, the amounts entered in columns 7 and 13 of the Table include a provision for the attendance of a Caretaker or Porter at the Dispensary, and, in some cases, for the supply of Fuel also.

Columns 7, 8, &c.:—The difference between the amounts in columns 7, 8, 9, and those in columns 13, 15, 16, in some cases, is accounted for by alterations which have been made in the course of the year, by increase of Salaries of Officers, and by increase or diminution of the charge for Rent; and in some cases, the payments in the latter columns for particular Districts, had reference to periods greater or less than the year.

Column 8:—In some instances, where two of the new Districts, in different but adjoining Unions, comprise Electoral Divisions which were attended by the Medical Officer of one Dispensary under the late system, the same Medical Officer has been re-appointed, under the Medical Charities Act, for both Districts, the salary being determined accordingly by the Guardians of the respective Unions, in reference to the extent of District in each Union, the particulars of which are given in Table No. 1, in Appendix (B) to First Annual Report. For instance, the same Medical Officer was appointed for the Church Hill District, in Ballyshannon Union, and the Ely District, in Enniskillen Union; for the Lahy District, in Donegal Union, and the Ballintra District, in Ballyshannon Union; for the Ahascragh District, in Ballinasloe Union, and the Clonbrock District, in Mountbellew Union; also for the Virginia District, in Oldcastle Union, and the Crossbane District, in Bailieborough Union; for the Ballyjamesduff District, in Oldcastle Union, and the Termon District, in Bailieborough Union; for the Drumquin District, in Omagh Union, and the Drumquin District, in Castlederg Union; and other similar cases.

Fractions of pence are omitted, which will account for some trifling discrepancies in the totals in some cases.

No. 2.—List of DISPENSARY DISTRICTS, and EXPENSES thereof, in the several Unions in Ireland,—*continued.*

^a Dundalk Union: Ravensdale District.—The Medical Officer states that the return for this District gives only an approximation to the actual numbers, the late Medical Officer not having kept the books regularly, so that only about three quarters of the year, or a little more, is accounted for in the Return.

^b Dunshaughlin Union; Killeen District; Column 6.—Note by Medical Officer: "4 Tickets cancelled; 3 were afterwards found to be an error, which leaves only 1."

Total, ...	57	80	137	62		

The above Return includes some cases reported to the Commissioners as Cholera, but which appear to be of doubtful character.

Of the 37 cases at Belfast, 26 were passengers brought to the Workhouse Hospital from the emigrant ship "Guiding Star," which arrived in Belfast Lough on 5th November, 1853.

The cases returned in Cork Union are exclusive of those which occurred on board the "Kossuth" and another emigrant ship, in Queenstown Harbour, in November, 1853, these cases not having been landed. The number of cases on board those ships is not ascertained. The "Kossuth" emigrant ship had about 600 passengers on board, and put into Cork harbour on 7th November, 1853, having left Liverpool on 24th October. 30 deaths are reported as having occurred amongst the passengers of the "Kossuth," between the departure from Liverpool and return from Queenstown, where that vessel arrived on 7th November: the vessel left Queenstown on 24th November, with no new cases at the latter date. Number of deaths on board the other ship (which was from Hamburgh, with about 156 emigrants), 13.

The two cases in Waterford Union were persons landed at Passage, from a ship proceeding from Cardiff to Cork.

No. 7.—COUNTY INFIRMARIES IN IRELAND; showing the UNION in which each is situated, the POPULATION AND EXTENT OF DISTRICT, SIZE OF the INSTITUTION, NUMBER OF PATIENTS relieved, and PROPORTION thereof admitted from STATED DISTANCES.

^a The Meath Hospital, or County Dublin Infirmary.

The Numbers in Columns 6 and 8 have reference to the 1st February, 1854; and the Number in Column 9 is the Number admitted in the year 1853.

^b No record.

^c County of Louth Infirmary.

^d Drogheda Infirmary, for the County of the Town of Drogheda.

^e County Wicklow Infirmary, at Rathdrum; Bathing Infirmary, second Co. Infirmary of Wicklow.

^f Occasionally.

^g Not ascertainable.

^h Occasionally; no record of Numbers.

ⁱ Numbers not stated.

^j County and City of Londonderry Infirmary.

^k No record; but it is presumed, that of the 971 Patients treated, 700 were from within a circle of five miles around the Institution.

^l No record; one-tenth of Externs.

^m Was about to be increased to 70.

ⁿ Twenty-six Trusses given to Patients.

^o County Infirmary of County of Cork, at Malinow.

^p North Infirmary, at Cork.

^q South Infirmary, at Cork.

^r County of Limerick Infirmary.

^s Barrington's Hospital, or City of Limerick Infirmary.

^t The County of Waterford has no County Infirmary.

The Leprosy Hospital at Waterford is a General Hospital or Infirmary for the City of Waterford,

supported by its own funds, and having no Grand Jury Grant.

SUMMARY OF COUNTY INFIRMARIES TABLE, No. 7.
